GENEROUS BENEFITS WHEN SICKNESS OR ACCIDENT STRIKES

Today's higher medical costs give us vastly improved medical care but few people have enough insurance to pay the bills. Now a new kind of policy gives you the EXTRA CASH protection you need. You get liberal benefits for covered sickness or off-the-job accident to help with doctor bills, hospital room, surgeon's fees, drugs, ambulance service, even medicine prescribed for you when you're out of the hospital. BUT with this important advantage . . . if you stay well and don't need these benefits, you get MONEY BACK. The amount of your cash refund (the principal sum stated in the policy) depends on benefits already received and how long you've had the policy. All these benefits are yours over and above any other protection you may have and the money is paid directly to you!
