Arrest Leads to Shoplifting Cases

A joint investigation has resulted in the arrest of a Medford man on charges of receiving and concealing stolen property and points to a local juvenile shoplifting ring, Jackson county sheriff's deputies reported yesterday.

Wendall Ray Sipes, 63 Oak dr., Medford, was arrested by sheriff's deputies and lodged in the county jail after an investigation by Medford and Central Point police departments in cooperation with the sheriff's office.

Sipes admitted in a signed statement that he received stolen goods, which included two chain saws, an outboard motor, diving gear, fishing lures, and stereo music tape.

A sheriff's deputy said the shoplifting cases and the charges of receiving stolen property came to light in the last two days following interrogation of some juveniles. Deputies said they do not know yet how many juveniles are involved in the shoplifting.

Tallest Tree Said In Humboldt County

Washington (UPI)—The tallest tree in the world is believed to be a 368-foot California redwood in Humboldt county, Calif.

This tree, according to American Forest Products industries, tops the old Founders Tree, which lost 17 feet in a storm a few years ago.

Medford Men Finish OSU Short Course

Corvallis — Fifty foresters from throughout the West including Edgar Kupillas and Hugh R. Shera, both of Medford, completed a special three-day short course recently at the Oregon State university school of forestry.

The course covered variable plot cruising, an improved method for determining the volume of standing or windthrown timber.

Oregon State has offered the course each of the past seven years as a service to the forest industry. Five different short courses covering various forestry subjects are scheduled this year.

Kupillas is with the Elk Lumber company, Shera with the bureau of land management, Medford.

Pork Dropper Is Secure in Her Job

Indianapolis, Ind. – (UPI) – Automation is cutting deeply into employment ranks in a wide variety of occupations but, as a pork dropper, Geneva Long feels secure in her job.

Miss Long's function is to drop pork cubes into bean cans as they whiz along a packing line at the Stokely-Van Camp plant here. She plops in the pork at the rate of about 10,000 to 12,000 cans an hour.

The efficiency people have given her job a hard look but have come to the conclusion there's only one way to put the pork in pork and beans: by hand.

Miss Long has been pork dropping for 33 years and she says she rarely misses. She's more likely to drop an extra drop than to slight a container.

MOO-O-OS and MUSINGS

This week-end will be your first chance to see a bull-fight on TV.

We are kind of disappointed to learn that it's going to be on tape instead of being a local live studio production.

Little Daisy
