This Week's Plan for Home Builders

By HIAWATHA ESTES - For the family that cherishes gracious living, here's a plan that rambles with ease and extra comforts galore.

One of the most satisfying characteristics that can be incorporated into a home is a generous amount of storage area. In this plan, each of the four bedrooms has a specially designed wardrobe with a row of deep drawers across the bottom. There are three pullman lavatories with ample drawer and shelf area. An extra wide linen closet opens to the hall while a smaller linen and a general storage closet are included in the layout of the service bath.

Three roomy closets open onto the kitchen hall. If additional closets are desired, the forced air furnace and water heater could be relocated in the garage. The planter dividing the living room and dining area has storage shelves

below the planter that open to the dining room. Above Washer, Dryer - Wall cabinets are above the washer and dryer, and there is a storage shelf at the rear of the oversized garage plus additional storage area along one wall. Finally, the kitchen offers not one but two wide pantries which have as much total storage as is usually found in the average kitchen.

Another striking and exciting feature of this home is the spacious living room-dining area. Here, the dining area is as wide as the living room and not decreased in size to form the usual dining ell. This room appears even larger due to the wide sliding glass doors which open to the patio and the exceptional amount of glass at the corner of the dining. Access to the patio is also available from the master bedroom. The master bedroom with

its luxurious private dressing room and bath is an example of the thoughtfulness of this plan. In this unusual design, the water closet and shower are located in one area while the twin pullman lavatory has been placed in the dressing room. The lavatory is separated from the bedroom by a wall nearly six feet in height. If you wish, your contractor could extend this wall to the ceiling and enlarge the bath to include the lavatory.

Complete working drawings for this plan can be purchased at a cost of \$7.50 for the first set and \$3 for each additional set when ordered at the same time. This plan will be available at these prices until May 12. Please allow two to three weeks for delivery. The following home plan books are also available: Hallmark Homes, \$1; Awar Homes, \$1; Town and Country Homes, \$1; Homes for Living, \$1; Homes of Distinction, \$1; Ranch and Modern Homes, \$2. All books, a \$7 value, only \$5. Send all orders for either plans or books to: Hiawatha Estes, post office box 404-E, Northridge, Calif.

Local Man Cited After Accident

A 23-year-old Medford man was cited for failure to leave information at the scene of an accident last night after he reportedly fled from an accident in which four vehicles were damaged.

Medford city police cited John Austin Frazier, 1222 West 10th st., after apprehending him at his home about one-half hour after the accident, according to reports.

Officers said Frazier was westbound on Main st. about 8:33 p.m. when his car struck a parked vehicle near Main and Quince sts. The vehicle was registered to Ed J. Marcoulter, Applegate.

Frazier's vehicle, according to reports, bounced off the Marcoulter car and struck another parked vehicle registered to Harold Allison Stagg, Jacksonville, causing it to crash into a car parked in front of it registered to Elmer Raphael Rezniesek, 229 Laurel st.

Frazier's automobile came to a stop on a sidewalk about 90 feet from the point of impact with the Stagg car, the report said. Frazier then left the scene of the accident on foot.

When officers took him into custody at his home, he was suffering from head lacerations. He was treated at Rogue Valley hospital and released.

Former Illinois Auditor Released

Menard, Ill. - (UPI) - Orville E. Hodge, who looted Illinois of \$1.5 million and dreamed of governing it, was paroled today after 6 1/2 years in prison.

The former state auditor, who lived like a millionaire on embezzled funds, said "A man can only appreciate the value and luxury of freedom after he knows what it means to be deprived of it."

Hodge, now ailing and aging, became a free man when he passed through the electric eye at the double gates of the Menard State Penitentiary.

A delegation from his home town of Granite City, Ill., where Hodge was once voted "man of the year," valed to greet him. The group included the mayor, Leonard Davis, Hodge's son, William, and two lawyers.

Hodge headed by car for a job as clerk in the Granite City hardware store run by his sister.

In a statement released at the prison gates, Hodge said "Finally I go to a new life in my home town. I ask no favors or expect none. I want to earn a good place as a citizen in my community."

Notice of Harvesting Timber Is Required

Persons planning to harvest trees from privately owned lands in western Oregon are required under the new timber tax law to give notice to the county assessor before harvesting is done.

Thad W. Hatten, Jackson county assessor, reminded timber men Thursday.

In order to clarify some misunderstanding, procedures required under the 1961 timber tax law are again being called to public attention, Hatten said.

The new timber tax law, passed by the 1961 legislature, he explained, applies to peeler, saw-timber, salvage,

poles and piling and Christmas trees.

However, the requirement does not include classified reforestation land or land classified under the small woodland timber law administered by the state forester.

The assessor said the required notice must be in the form of a signed copy of the application to the state forester for a permit to harvest timber for commercial purposes. A pink copy of the application form is provided for this use and must go to the assessor in the county in which the lands are located.

The new law provides a penalty of not more than \$500, or imprisonment, for persons convicted for violating the statute, Hatten added.

B52 Plane May Have Broken Up in Flight
