AAUW Higher Education Survey Results Released

The higher education study report, with one exception, and the executive committee recommendation on higher education were accepted Thursday by the legislative committee of the Oregon State division, American Association of University Women.

Medford was among the AAUW branches that participated in the study. Chairman of the local higher education committee is Mrs. Frank Van Dyke. She is on the faculty of McLoughlin Junior High school.

The executive committee recommended that the Oregon State division express to the legislature its interest in maintaining high standards for higher education in Oregon, including community colleges, by (1) careful scrutiny for greatest efficiency in use of state funds; (2) adequate taxation, not increasing taxes, for quality education; (3) if there is not adequate financing for high standard education, that tuition be increased rather than quality decreased.

Copy to Legislators
Mrs. John R. Shepherd, Eugene, co-chairman of the state higher education committee, conducted the study through 27 of the 31 AAUW branches. A copy of the study report will be mailed to each legislator. Ten legislators attended the meeting.

Mrs. E. C. Kienle, McMinnville, state legislative chairman, reported that the legislative committee will follow the legislation related to the educational measures and will support those measures meeting the recommendations of the branches.

The study also showed that community colleges should be financed by a combination of state and local funds, with the state providing the great-

Scholarship Funds Given By Mothers

Eugene—More than \$7000 in scholarships and loans have been given to University of Oregon students in the past year from funds raised by the Oregon Mothers' club.

A report on the scholarship fund was made at the January 25 meeting in Eugene of the Tri-State Board of the Oregon Mothers. Mrs. L. E. Zinkler, Creswell, scholarship chairman, pointed out the increasing numbers of students needing aid and recommended exploration of means of increasing the fund.

Mail solicitation of scholarship donations has netted a sizable increase, according to Mrs. H. C. Jochimsen, Salem, board president.

The board made a contribution to the Golda Wickham "Angel Fund," which is used as "emergency aid" for students with temporary financial problems.

Reports Given
Women's cooperative housing was reported on by Mrs. J. S. Kominick of Creswell. A total of 104 coeds are now living in the Co-ops. These members share responsibility for operation of the houses and keep board and room costs to \$45 per month.

Oregon Mothers' clubs assist in furnishing the co-ops. Mrs. Kominick reported. She suggested that clubs could send Gold Bond and S & H Green stamps, used in acquiring small items, to Mrs. Roy Roe, president of the Eugene Mothers' club.

Reports from the constitution committee and the nominating committee will be made at the spring meeting of the board. This meeting will be held in Salem, Mrs. Jochimsen said.
