## Lifesaving Course Is Still Open

Women wishing to participate in a senior lifesaving course may still enter the course currently being offered at the Medford YMCA. The second session will be conducted on Wednesday, February 13, at 10:30 a.m. at the Y pool, with Mrs. Charles M. Darling, Red Cross water safety instructor, in charge.

According to Ben Jensen, physical director of the YMCA, the class was originally limited to Y members; however, increased community interest aroused by the class has made it desirable to open up the program to non-members. A facility fee will be charged for the course and will entitle participants to attend the weekly hour and a half class and also come in one additional day for practice.

Women wishing to enter the class February 13 should obtain a Red Cross lifesaving book from the Red Cross office and read chapters 1, 2 and 4. They should bring a suit and swim cap, an extra shirt, a pair of jeans and clean tennis shoes which may be worn into the water.

Persons are eligible who have passed their sixteenth birthday, are in sound physical condition, can do a standing front dive from the deck in reasonable good form, swim 440 yards continuously, surface dive to a minimum depth of six feet, and tread water and float motionless for one minute each. Satisfactory completion of a senior lifesaving course is a pre-requisite for women anticipating participation in a water safety instructors training program.

A baby sitter will be available at the "Y" during these sessions.

Women wishing to register for the course should call the Medford YMCA, dial 772-6295.
