## New Trends Explained For PTA

William E. Ruck, Medford coordinator for the Oregon Program was guest speaker at the last meeting of Washington Parent-Teacher association.

Mr. Ruck explained how the Ford Foundation funds are used for educational purposes, and how Medford is using this money to improve teaching methods. Groups consisting of representatives of the Oregon Department of Education, local school board members, school administration personnel, a local architect and other laymen traveled throughout the United States to study other schools where new technologies of education are being used. Mr. Ruck emphasized that these study trips have been financed by Ford Foundation money.

Team teaching, flexible scheduling and the intra-teacher program was explained by Mr. Ruck. Next year at Medford High school a small group of students will begin the "honor pass" system. These will enable students freedom to make maximum use of their time.

The changes that will take place in the next few years will be slow but sound, Mr. Ruck declared.

Founders day was observed at the meeting. Mrs. William Townes, historian gave a short and humorous talk concerning the years of the Washington P.T.A., dating back to 1934. Mrs. Townes then introduced past presidents stating that many of these had helped make unit history.

Introduced were Mrs. A. E. Brockway, 1935-36; Mrs. Rollin Jones, 1943-44-45; Mrs. Robert Church, 1945-46; Mrs. Arthur Davis, 1947-48; Mrs. Barbara Cameron, 1948-49; Mrs. Harold Hubler, 1954-55; Mrs. Paul Fuller, 1957-58; Mrs. William Townes, 1960-61; Mrs. Alav Bradford, 1961-62.

Entertainment was furnished by the Hungry Five, a musical group from Hedrick Junior High school, and a clarinet group from McLoughlin Junior High school. Mrs. Rollin Jones' Cub Scouts from Pack 8 presented colors. Mrs. Charles Chitwood, president presided over the meeting. Cake and coffee were served before the meeting.

## Anniversary Celebrated By Ashland BPW Club

Ashland - Members of the Ashland Business and Professional Women's club combined fun and business when they celebrated their fifth birthday February 6 by a covered dish dinner and an orientation session.

A valentine theme prevailed in room and table decorations and in guest corsages. Heart - hinged white topiary trees centered the candlelit buffet table and on each small table there glowed a flaming heart.

Guests of honor were the state orientation team composed of BPWC state president, Mrs. Jeane Greene, The Dalles; second vice president, Mrs. Irma Anderson, Forest Grove; state legislative chairman, Mrs. Gene Brice, Klamath Falls, and Mrs. Zephia Pierson, Grants Pass, southern Oregon district chairman, who served as moderator of the panel discussion.

Also honored at the birthday dinner was Miss Nancy Latimer, Ashland High school senior named BPWC Girl of the six weeks term, who was presented the club insignia by her predecessor, Miss Claudia Everett, and was introduced by Ashland club member, Mrs. Margaret Zwick, high school dean of girls.

Mrs. Greene opened the evening's discussion period with a comprehensive outline of the International Federation of Business and Professional Women and its worldwide functions on behalf of women in business. With a membership of 325,000 in 26 countries the International Federation is the largest women's organization in the world for working women and as such has been chosen the official voice on legislative affairs. Grants and scholarships are important features of the international organization.

Interesting facts concerning the National Foundation and

its work along lines of re-training of women and seminars for study, together with information about the excellent library facilities in BPWC headquarters in Washington, D. C., brought forth comments and questions from the audience.

Mrs. Anderson talked upon long and short range programming and the coordination of committee plans. She declared that every employer should realize that he has liaison with legislative power when he has a BPWC member on his payroll. She emphasized the need for gearing all programs to individual club needs.

Mrs. Briscoe took up the subject of legislation, pointing to the current bills before the state legislature on sex offenders. She covered several of the points at issue and urged clubs to voice their opinions. This advice was timely in that Ashland members had written their representatives in Salem on the subject last month and at the Wednesday night dinner circulating a petition that Mrs. Lilah Jennings was to present the following day to State Representative John Dellenback.

Dr. Ruth Beber, Ashland club president, presided during the program and welcomed the visiting team. At the conclusion of the discussion period she conducted a brief meeting of the hostess group.

Among the more than 50 women attending the dinner and program in Wesley house were six Medford BPWC members, two from Grants Pass and four from Klamath Falls, in addition to a number of Ashland guests.

Mrs. Viola Squire, membership chairman, was in charge of the special club session which was entitled "Opening the Door to BPWC know-how." Hostesses for the birthday dinner were the Mesdames Aileen Hillestad, Hope Jones, Margaret Zwick, Ruth Brostad and Josephine Jarnagin.

## Annual Event Of Card Clubs To Be Benefit

Bridge enthusiasts all over the United States play a tournament each year for a good cause. Sponsored by the American Contract Bridge League, proceeds go into a special fund. This year the money will be given to the National Multiple Sclerosis society and the Institute of Logopedics.

The local tournament is set for Sunday, February 17, at 1 p.m. at Girls Community club.

Multiple sclerosis is a chronic crippling disease for which cause and cure remain unknown. It usually strikes in the prime of life in the 20-40 age group. It is estimated that 500,000 men and women in the United States are victims of multiple sclerosis and its related diseases. Sixty per cent of the funds collected are allocated locally. The program of the society is to stimulate, coordinate and support medical research nationally and internationally to find the cause and the cure of MS; its chapters conduct patient service programs including the operation of 36 clinics.

Logopedics is the science of speech correction. The institute is dedicated to the teaching of therapists to carry on this work all over the world. Some 35,000 therapists are needed and 3,500 are available for this heart-warming and highly scientific task. The funds raised will make it possible for the institute to accept additional patients from the specific areas from which the funds are raised.

## Plan Party
