Food Distribution Said Cheap Scheme

Jackson, Miss. —UPI— State Welfare Commissioner Fred A. Ross charged Thursday that distribution of food to Mississippi Negroes by Negro comedian Dick Gregory and others was "a cheap publicity scheme."

Ross made the statement in referring to the distribution Tuesday and Wednesday of about 14,000 pounds of food supplies raised in Chicago by Gregory and Negro groups.

Gregory escorted the food to Memphis where it was trucked to distribution points in Sunflower and Leflore counties.

Ross said the surplus food program in Mississippi may be wiped out as a result of the action because "people of good will in this state who have demonstrated their desire to minister to the needy, rather than the greedy, may find it impossible to do so in the future."

— says NIKITA KHRUSHCHEV

Will the Soviet threat come true? Will your grandchildren live under Communism? Forget God? Solve the Soviet flag?

"Never!" you say. But are you sure? How can you oppose Communism? One sure way. Help Radio Free Europe. What does it do? It broadcasts the news of freedom to 79 million people behind the Iron Curtain. It helps keep them from turning to Communism. It poses a major obstacle to the Russians starting a war. But Radio Free Europe depends on individual Americans for its existence. Will you help? Give a dollar? Give 5 dollars . . . or more?
