The small pupils at the kindergarten for hard-of-hearing children which is operated by Medford Junior Service league were entertained with a valentine party recently. Volunteers assist Mrs. Norman Jahn (at right) in training the children and working Wednesday morning were (left to right) Miss Marilyn Conrad, senior at Medford High school and Mrs. Ervin B. Hogan, a new member of the league. The kindergarten is observing the 10th anniversary of organization this week and in celebration the league women will hold a benefit bridge party Wednesday, February 20, at Girls Community club at 1 p.m.

Card Party to Benefit Kindergarten for Deaf

To mark the tenth anniversary of the founding of the kindergarten for hard of hearing children, the Junior Service league, its sponsor, is conducting a birthday party Wednesday, February 20 to which the public is invited. The benefit party is scheduled to begin at 1 p.m., in the Girls Community club. Dessert will be served and bridge, canasta and pinochle may be played.

Reservations should be made by calling Mrs. Robert Hood, telephone 773-2722.

In summing up the 10 years in which the kindergarten has been in operation, league members state that it has been a challenging and rewarding work, and pointed out that it could not have been accomplished without the widespread community support of the league's many fund-raising projects.

A total of 41 children have attended the kindergarten and many for a period of several years. Since a deaf child does not learn to imitate speech, he can communicate only through sign language or lip-reading. It is desirable for a deaf child to receive help soon after he is 18 months old, the league members state. In that way he avoids falling far behind hearing children with his speech.

This year nine children are attending and all were students last year. Some have been enrolled even longer.

This kindergarten is the only one of its kind between Portland and San Francisco and answers a real need. The teacher is Mrs. Norman E. Jahn, who trained at the Lutheran School for the Deaf in Detroit, Mich. She then taught in that city prior to moving to Medford.

Mrs. B. Brandt Bartels, director of the kindergarten, trained at Central Institute for the Deaf in St. Louis, Mo., and remained there to teach for a time. Two volunteer assistants are also on duty each school day, and these come from the league membership.

The high standards of the kindergarten have allowed it to be recognized by the State of Oregon, and it enjoys membership in the Oregon Council for the Deaf.

"After 10 years the school now is an acknowledged success, but it could not have been achieved without consistent community interest and support," a league spokesman said. "Any inquiries or tours of the school are invited at the red kindergarten building at Priddy street and McAndrews road."
