

### Dinner, Social Set by Lodges

Medford Independent Order of Odd Fellows and Olive Rebekah lodge members will meet for a covered dish dinner and social evening Tuesday, February 26 at 8 p.m., in IOOF hall.

The Rebekah lodge recently met for selection of captains for an attendance contest. Mrs. P. M. Aldredge and Mrs. Homer Vinzant were elected. The contest is to close in June.

Next meeting will be March 4 at 8 p.m., in the IOOF hall when Friendship night will be observed.

### Relief Society To Have Lesson

Mrs. Nathan Banry will give the social science lesson, "Divine Law and Priesthood" at the Tuesday, February 26, meeting of the Relief Society of the Second Ward, Church of Jesus Christ of Latter-day Saints.

The meeting will be held at 10 a.m. at the church, 648 South Ivy street.

Mrs. Banry will discuss the place and importance of priesthood in carrying out divine law.

A nursery will be provided for the children.

### Miller-Robinson Rites Held in Cave Junction

Cave Junction — Mr. and Mrs. Richard M. Miller, whose marriage was a recent event in the Cave Junction Community church, are living at Kerby, Ore., where the bridegroom is employed.

The bride, the former Miss Bonita Faye Robinson, is a daughter of Mr. and Mrs. Roy L. Robinson, and the bridegroom's parents are Mr. and Mrs. George Miller, Grants Pass.

Both the bride and bridegroom attended Kerby Elementary and Illinois Valley High schools.

The double ring ceremony was read by the Rev. Gene Denning at 8 o'clock in the evening, February 9. About 100 guests attended the ceremony and the reception given by the bride's parents following the ceremony.

The bride, given in marriage by her father, wore a white ballerina length nylon lace gown over taffeta trimmed with daisies and designed with scoop neckline and full length sleeves. Her veil was fingertip length and she carried a bouquet of white carnations.

Miss Jeanna Sue Robinson was honor attendant for her cousin and junior bridesmaids were Debbie Robinson, a sister, and Valerie Squire, another cousin. The honor attendant wore a green nylon lace gown over taffeta and the junior bridesmaids' dresses, identical in design, were of pink nylon. All carried pink carnation bouquets. The flower girl, Becky Squire, a cousin of the bride, carried a basket of pink rose petals.

Candles were lighted by Miss Beverly Frost who wore a beige nylon street length dress over taffeta and Miss Connie Barbour, whose street length dress was of blue taffeta. Both had matching accessories.

Marvin Miller, a brother of the bridegroom, was best man and seating the guests were Andrew Scott, Marion Nichols and James Weaver.

Bouquets of white stock and pink carnations decorated the church and pew ends were marked with white net bows with pink roses. Arranging the decorations were Mrs. Ernie Neal and Mrs. Scott.

Mrs. Steven Pritchett was organist and Mrs. Wayne Saffer sang the wedding songs. For her daughter's wedding the bride's mother wore a winter white sheath dress with red accessories and the bridegroom's mother chose a blue and black print jersey frock with black accessories. Both wore white carnation corsages.

For the reception, also at the church Mrs. E. G. Squire, Mrs. Marvin Miller, Mrs. Gene Robinson and Mrs. Troy Lansdown, served the cake with Mrs. Loyd Smith and Mrs. Clyde Knight at the punch bowl. Mrs. Larry Preston was in charge of the guest book and Miss Donna Parmelee presided at the gift table.

The couple made their wedding trip to Canyonville, the bride attired in a white suit which she wore with black accessories.

### Urban Survey Reviewed for League

Medford League of Women has held two meetings in recent days.

Monday evening a large group attended an orientation meeting at the Dunbar Carpenter home for newcomers and others interested in becoming league members, and February 16 a general meeting was held at the Colony restaurant.

The Bear creek urban region survey was the topic for the general meeting, and speaker was George Brenner. The region, in which 64,000 of Jackson counties 80,346 people reside, is the object of an eighteen-month study underway by the University of Oregon Bureau of Municipal Research, Mr. Brenner told the group.

The study will point up present economy and project the potentialities of this economy into the future for a well planned rural as well as urban growth and development plan for the Rogue River Valley.

"The region being discussed includes the area extending

### Mistletoe Club Luncheon Slated

A dessert luncheon will be served at 12:30 p.m. Wednesday, February 27 for members of the Mistletoe club of the Royal Neighbors of America lodge. The event will be held in the Girls Community club.

A business meeting will convene after luncheon. A report is to be given on a kaffeeklatsch project of the club.

Mrs. Delbert Ross and Mrs. Thomas Mee will be hostesses for the March 5 kaffeeklatsch gathering.

generally from Emigrant reservoir north to the Rogue River," the speaker said. "The project will emphasize the relationship between the several cities and the county and the developments therein, and will supplement and coordinate the planning work which has already been accomplished. The program includes mapping, existing land use, subdivision and zoning ordinance patterns, an economic base study, population estimates and projections, industrial land needs and a preliminary land use plan."

The economic base study, including some 215 square miles, will show what the economy is at the present time and also will show the potential economy. It is the key factor to all the studies, anticipating the growth of population as well as industry for the future.

The second phase of the overall plan will be a transportation plan which will be worked out jointly with the Federal Bureau of Roads and the State Highway department, the speaker added. This project is financed by the county, the cities of Medford and Ashland and a federal grant.

Mr. Brenner stated he is anxious to meet with civic groups to learn their thoughts and opinions. He said there is no simple answer but many alternatives. Positive approaches should be used by extending utilities such as water and sewer lines in a logical manner in order to encourage subdivisions in proper places, he believes.

Mr. Brenner feels that Jackson county is unique in its early planning for rural and urban development and that there is sufficient time to save "this beautiful valley" from the mistakes of "helter-skelter" growth by careful planning for the future.
