

SLIDE AREA—The arrow points to the spot where a slide blocked Indian Creek rd. about three miles north of Happy Camp recently. A Siskiyou County Road department work crew is still at the scene attempting to bring down all potential slide material before the road is repaired, widened and reopened. The road has been closed to traffic during the day, except for brief intervals as described on the sign pictured below, which is posted near the slide area. Nearly a third of the enrollment of Happy Camp Elementary school was stranded by the slide, with classes temporarily set up in homes. But this morning, the school buses got through and the children went back to regular classes. The buses will go through en masse during designated periods when the road is open, however, as workmen are still on the job and the road is still closed during the day, except for brief intervals.

REGIONAL NEWS

Regional Calendar

Eugene Krouse Leaves Applegate For Post With Alaskan Firm

Applegate - John Pernoll and Eugene Krouse left recently for Fairbanks, Alaska, where Pernoll makes his home.

Road conditions were so hazardous that they were forced to drive at 10 miles an hour, taking them several days longer to make the trip than they had first anticipated.

Krouse will be employed by Pernoll and his partner, who own the Fairbanks Excavating and Trucking corporation.

Shady Cove - Wednesday, 8 p.m., Lions will meet at Rogue River lodge.

Shady Cove - Wednesday, 7 p.m., Rotary club will meet at Riverview cafe, Feb. 23, 1963 marked the 58th anniversary of Rotary International, which now numbers more than half a million members in 11,400 clubs in 128 countries.

Shady Cove - Friday, 7:15 p.m., fun night at Shady Cove school. Mother-daughter volleyball game at 7:15 p.m., father-son basketball at 8 p.m.

Phoenix Council Offers Plan To Operate Community Club; Club's Directors Reject It

Phoenix - The Phoenix City Council early last week came up with its proposals on how the Phoenix Community club should be run.

Later in the week, the proposal was rejected by the club's board of directors.

The council's plan took the form of a counter proposal to one presented three weeks ago by the club's board.

Proposed conditions set forth by the council are as follows:

That the club board live up to the original lease dated September 6, 1949, between the town of Phoenix and the community club.

That the community club board provide at least one dance per month for teenagers, with at least six chaperons at each dance.

That the club be open each Saturday and Sunday between the hours of 1 and 4 p.m. during the school year, for youth activity which must be chaperoned.

That during the summer months, the club be open five days per week between the hours of 1 p.m. and 4 p.m. with full chaperonage.

That the club provide either by donation or purchase necessary items for youth activity, such as a pool table, ping pong table, television and shuffle board.

That any and all adult groups using the club pay rent for the club house.

That the club provided its share of the expenses to maintain and operate the club, the city to provide funds for its part of the building for repair, upkeep, electricity and gas.

That the club have the right to hire one person for maintenance and care of the club property.

That the club run as a non profit organization and present a financial statement to the council the first of each month.

That the city maintain an active up to date calendar at all times, and set the amount of fee for rental of scheduled activities.

That the club maintain adequate insurance.

That any violation of the aforementioned rules result in termination of the lease.

Club's Proposal

In contrast, the community club board of directors proposal, presented to the council Feb. 4, was as follows:

That all community organizations be allowed use of the hall for non-profit activities free of any rental charge.

That the board be retained as an advisory group to the city council.

That teen-age residents of Phoenix School District 4, including Talent, be allowed to use the building two nights a week from 7 to 10 p.m., with two adults present.

That a Saturday night dance be held every other month from 9 p.m. to midnight, with six chaperones present.

That the city provide the heat, light, water, garbage collection and repair and maintenance of the building.

Hire Policeman

In other matters at the Phoenix City Council meeting last week, Dick Peters of Medford was hired as a part time police officer, following the resignation of Wayne Romans. Peters has worked with the Jackson County Sheriff's department and was a part time

police officer at Central Point for three years. Romans will still be available in emergencies or during vacations.

Attending the council meeting were Omar A. Bacon, Jackson county librarian, accompanied by Mrs. Horace Thompson of the Jackson county library board, and Mrs. Curtis Stockstill of the Phoenix library.

Bacon suggested that the Phoenix library could be enlarged by removing a partition. Councilman Raymond Maddox was asked to study the matter.

Mrs. Stockstill reported that the rate of increase in circulation at the library during the past year amounts to 21.86 per cent. In January, 1962, 459 books were circulated, compared to 345 in January, 1963. Bacon said he was well pleased with the increase.

Regional Roundup

by Cleve Twitchell
Mail Tribune Regional Editor

"It was just getting daylight a few days ago," writes Bertha Hanscom, Phoenix correspondent, "when I looked out the window and saw what appeared to be a huge dark cloud coming from the south, and coming fast."

"I thought for a second that our friend from outer space was going to pay me a visit. Then the cloud hit the side of the house and it turned out to be robins - robins by the hundreds, at least too many to count. The orange berry bush growing by the house was nearly bent to the ground, as was the little holly tree. And in a few seconds there were no more orange or red berries left."

"The robins then flew to the lawn and for a while we had a beautiful feather carpet. There couldn't be any worms left in the lawn. They pulled them out by the hundreds. It seemed only a few moments before the robins began to fly away, all going back in the direction from which they came - south. The only thing left was three dead robins who hadn't survived the crash into the side of the house."

Anyone Want to Hear Fry Speak?

Speaking of spacemen, at the request of several friends we made arrangements for Daniel W. Fry, about whose encounters with an extra-terrestrial we wrote last month, to address a small group recently at the home of Mr. and Mrs. Joe Bartley in the Central Point area. Fry began speaking at 8 p.m. About a third of the audience left at 11:30 p.m. The rest finally went home at around 12:45 a.m.

A few other persons have inquired when they might get an opportunity to hear Fry in person. We would be willing to see about lining up an auditorium for a lecture (free admission, if possible) - if we could get an indication of whether or not there would be much public interest in such an event. So - if you would be interested in attending a talk by Dan Fry, we'd appreciate receiving a card or a phone call from you.

Klamath River Scene

One of the prettiest scenes in the State of Jefferson these days may be viewed at the point where Indian creek flows into the Klamath river at Happy Camp. The water in the Klamath is a muddy brown, while in contrast beautiful clear blue-green liquid is flowing down Indian creek. The sight of the clear blue-green being absorbed by the brown would make a nice color film shot.

SHOW AT CRATER—"What's the matter?" asks Pat Boye of Kevin Elbert in a scene from "Swinging High", a musical comedy to be presented Thursday and Friday in the multipurpose room at Crater High school, at 8 p.m., under the direction of Norman Carothers, head of the music department. The play is being presented by the Lavaliers of Crater.

Prospect Firemen Seek New Truck

Prospect-New officers were elected by the Prospect volunteer firemen at a meeting Feb. 17.

Elected were Joe Josephson, president; Bob Koklin, vice president; Don Stewart, secretary-treasurer; John Moore, fire chief, and Frank Artmire, assistant fire chief. Fred Schaffran will remain on the board of directors.

Following the election, ways of acquiring a new fire truck were discussed. The old truck is just about beyond repair and badly needs to be replaced. It was pointed out that Prospect has no fire district, and the fire department is entirely dependent upon volunteer effort. Anyone having ideas or suggestions was urged to contact the fire department officers.

"This is everybody's business and something has to be done," one resident commented.

Gold Stars, Candytuft Appear On R&R Flat

O'Brien - Gold stars and candytuft made their appearance on Rough and Ready Flat early last week. Al Hobart, reported grouse flowers blooming in the woods in January as is customary for this variety.

O'BRIEN MILL OPENS

O'Brien-Moore's Mill started to work again Monday, Feb. 18. The mill had been closed down since early December.
