

Dessert pancakes have true international appeal, but no matter when or where they are made and eaten, the key to success is a perfection basic batter. This is what makes the difference between the heartier breakfast pancake and the dessert type. The basic dessert batter requires a more delicate mixture, as shown by the Bordon Kitchen recipe below.

BASIC DESSERT PANCAKES

One-half cup packaged pancake mix; one-fourth teaspoon salt; three-fourth cup evaporated milk; one-half teaspoon finely grated lemon rind; two eggs, well beaten; butter. Combine pancake mix and salt in a large bowl, add evaporated milk, lemon rind and eggs. Beat with rotary beater until well blended. Melt about a teaspoon butter to cover bottom of six-inch skillet.

Four two tablespoons of the pancake batter into skillet, tipping skillet so that the batter is evenly distributed. Cook over medium heat until pancake begins to brown around the edges. Turn and brown lightly on other side. Remove from pan.

Additional butter must be melted for each pancake. Place pancakes on aluminum foil, keep warm in oven until ready to serve. Makes 12 pancakes.

PANCAKES MINCEMEAT JUBILEE

One and one-half pints vanilla ice cream; three fourth cup brandy; one and three-fourth pound mince meat, heated. Prepare pancakes as directed above in Basic Dessert Pancake recipe. Place about one-fourth cup vanilla ice cream in center of each pancake. Fold over. Pour half the brandy into mincemeat. Set remaining brandy ablaze. Pour on mincemeat. Top each pancake with about one-fourth cup of the sauce. Serve.

Reform in Pakistan Due To Educational Changes

Educational reform is one of the greatest changes to come to Pakistan since that country gained its independence from Great Britain in 1947. Mrs. Bilqis Moin told the Medford Branch of the American Association of University Women at their annual fellowship luncheon held last Saturday at the Rogue Valley Country club. About 100 women attended.

Mrs. Moin, who is the recipient of the Bertha Haskins International Fellowship grant given by the Medford AAUW branch last year, is presently doing research and graduate work in applied and pure mathematics at the University of California, Berkeley. Last July she attended the International Federation of University Women's conference in Mexico City as a delegate from Pakistan. When she returns to Pakistan in June, she will rejoin the faculty of the Central Government College for Women in Karachi.

Teachers Important

Mrs. Moin explained how important it is to Pakistan to have trained teachers. At present only 19 per cent of the population can read and write. But the new independent government has made education free and compulsory for five years. In addition evening classes are provided for adults and new colleges charging minimum fees are being established for higher education.

Although native customs are changing, there is still reluctance among conservative women to attend colleges with men, according to Mrs. Moin.

To help with the problem, the Pakistan Federation of University Women recently established a small college for women which has won government support.

In conclusion Mrs. Moin thanked the AAUW members for their contribution to her education and reemphasized how important her training would be to her country.

Special guests at the luncheon to meet Mrs. Moin were members of the organizations in which the late Mrs. Bertha Haskins, for whom Mrs. Moin's fellowship grant was named, had been active.

AAUW president Mrs. Calvin Smith introduced members of Altrusa, the Business and Professional Women's Club, and the College Women's Club, and Delta Kappa Gamma.

Mrs. Jack Love was chairman.

Guests included Mrs. Carl Fichtner, Mrs. Arthur Gilmore and daughter, Carol; and Mrs. VanderSteen's granddaughters, Kathy and Carolyn.

Next swamp meeting will be in Grants Pass, the date to be announced. Mrs. Breitemeyer will make her official visit to the swamp at that time.

Delicious apples, averaging only 80 calories to a medium-sized apple, make a delectable low-calorie snack, particularly when combined with a cheese, such as Edam, which has 25 per cent fewer calories than American or Cheddar cheese.

Mrs. Moin, graduate student in mathematics at the University of California, Berkeley, was awarded an AAUW grant given by the Medford branch in the name of the late Mrs. Bertha Haskins, who was a teacher and AAUW member.

Yreka Teacher Receives Award From Foundation

Yreka—Mrs. Clyde Hebard received the Valley Forge classroom teachers medal and certificate at a meeting of the American Legion auxiliary held Thursday, February 21 at the Veterans hall in Yreka. Relatively a few have achieved the honor of being awarded this patriotic award centered on the teaching of American freedom in the school.

Dr. Kenneth Young was the first to interest Siskiyou county in this project and later it was continued by the staff in the Siskiyou county superintendent of schools office. Mrs. Hebard's name was chosen from among other nominations, her work was reviewed, letters of recommendation read and her name submitted to the committee at Valley Forge in Pennsylvania. This committee is composed of national heads of patriotic, veteran and service organizations and state supreme court justices. President Dwight Eisenhower served on the 1961-62 committee.

In 1962 there were only 254 awards issued in the United States, 28 in California and only 2 north of San Francisco.

Mrs. Clyde June, Auxiliary president, introduced Mrs. Jess DeAvilla, president of Gamma Nu chapter of Delta Kappa Gamma, honor society for women educators. She introduced Hartsel Gray, supervisor of administration and instruction of the Siskiyou county schools, who made the presentation.

Mr. Gray said, "This award is a symbol of recognition of Mrs. Hebard's devotion to the teaching of the American way of life to students in her classes throughout her years of service. This award is presented by the Freedoms Foundation at Valley Forge, a national organization for the recognition of this kind of teaching. The medal is made in the likeness of the flower of Valley Forge, a dogwood blossom, and a certificate, a formal statement of the intent of the award."

Mr. Gray told of Mrs. Hebard's work as a teacher in the years he was her supervisor, of visits to her classrooms and of "her wonderful way of teaching the children to bring out the best in them."

The certificate awarded with the medal read in part: "A noble task chosen by free men and women is the self-effacing strenuous work of teaching with humility and enthusiasm the tenets of individual responsibility, personal liberty and love of country.
