Miss Bell Is Speaker For Group

Describing her experiences in Yugoslavia when she traveled in that country, Miss Mary Ellen Bell, nurse with the Jackson County Public Health department, spoke for the last meeting of Medford Business and Professional Women's club. It was held at Girls Community club.

Miss Bell outlined the history of the country and illustrated her talk with slides taken during a boat trip down the Dalmatian coast and on a bus trip from the coast across the country to Sarajevo. She emphasized "the great beauty of the country, the arid nature of the land, and the immense vitality of the people."

She pointed out that the Balkans are the cross roads of three continents and historically have been the pawns of the more powerful nations surrounding them. Miss Bell three religious, two alphabets state came into being in 1921, shortly after having overthrown 500 years of Turkish rule, but that until Tito's rule has been a completely unified country. She described it now as consisting

of "Six federated republics, five nations, four languages, three religions, two alphabets and one burning desire for independence and freedom and linking strongly with the West".

Although the current government of the country is Communist, a very small portion of the population belongs to the party. The people are "warm, friendly and poor." Miss Bell expressed confidence that the same qualities which sustained them during 500 years of Turkish occupation will eventually result in the triumph of democracy over communism in Yugoslavia.

Mrs. C. H. Redmond, president, presided at the meeting. Reports were given by Mrs. George L. Watson, Mrs. C. H. Loveness, and Miss Veda Brower on their recent visits to meetings of the Grants Pass and Ashland chapters of the Business and Professional Women's club.

The program was arranged by the world affairs committee, headed by Mrs. A. J. Beaton. The public relations committee members, headed by
