NATIONAL FOREST TIMBER FOR SALE—Oral auction bids will be received by the Regional Forester or his authorized representative in the office of the Forest Supervisor, U. S. Forest Service, Yreka, California, beginning at 2:00 P.M. April 9, 1963, for timber offered for sale in the Green Creek Unit, Klamath National Forest. Each bidder, to participate in the oral auction, must submit a sealed bid to the above address prior to the time set for the beginning of oral auction. A certified or cashier's check, bank draft or money order in the amount of $12,000.00 must accompany each bid to be applied on the purchase price, refunded or retained in whole or in part for actual or liquidated damages in accordance with the provisions of the bid. Sealed bids will be publicly opened and posted at 2:00 P.M. All those who submit a satisfactory sealed bid will be permitted immediately to continue auction bidding. The offering is for all of the live and recently dead (sound sapwood) timber, marked or designated for cutting and removal prior to December 1, 1965, estimated to be approximately 17,200 M feet b.m. of ponderosa and Jeffrey pine, sugar pine, white and red fir, Douglas fir, incense cedar and Port Orford cedar on an area embracing about 3,700 acres within Sections 1, 2, 3, 10, 11, 12, 13, 14, 23, 24 and 25, T. 18 N., R. 6 E. and Sections 35 and 36, T. 19 N., R. 6 E., H.M. In addition, there is an unestimated volume of older dead (unsound sapwood) timber on the area, the cutting and removal of which will be required. The minimum acceptable bid per M board feet for live and recently dead timber is: For ponderosa and Jeffrey pine $9.60. This includes, per M board feet $8.00 for stumpage (including deposit for sale area betterment) composed of a base rate of $3.00 for stumpage plus an additional $5.00 for stumpage and required deposit of $1.60 for slash disposal. For sugar pine $9.60. This includes per M board feet, $8.00 for stumpage (including deposit for sale area betterment) composed of a base rate of $3.00 for stumpage plus an additional $5.00 for stumpage and required deposit of $1.60 for slash disposal. For white and red fir $2.60. This includes, per M board feet, $1.00 for stumpage (including deposit for sale area betterment) composed of a base rate of $1.00 for stumpage and required deposit of $1.60 for slash disposal. For Douglas fir $8.95. This includes, per M board feet, $7.35 for stumpage (including deposit for sale area betterment) composed of a base rate of $3.00 for stumpage plus an additional $4.35 for stumpage and required deposit of $1.60 for slash disposal. For incense cedar $2.60. This includes, per M board feet, $1.00 for stumpage (including deposit for sale area betterment) composed of a base rate of $1.00 for stumpage and required deposit of $1.60 for slash disposal. For Port Orford cedar $8.95. This includes, per M board feet, $7.35 for stumpage (including deposit for sale area betterment) composed of a base rate of $3.00 for stumpage plus an additional $4.35 for stumpage and required deposit of $1.60 for slash disposal. The prices bid for stumpage for live and recently dead timber shall be considered as tentative rates subject to quarterly calendar adjustment upward or downward by 0.5 of the difference between the average of the Western Pine Association lumber price indices as calculated by the Forest Service at the end of each calendar quarter, and the base indices which are for ponderosa and Jeffrey pine 82.75, for sugar pine 105.43 for Douglas fir and Port Orford cedar 65.96 and for white and red fir and incense cedar 57.09. Such adjustments in the price for stumpage shall be applicable to timber scaled during the calendar quarter for which the adjustment is computed. In no event, however, shall the payment rates for each quarter be less than the base rates as stated above. When the adjusted rates by species are lower than the base rates the difference between the total dollar value of timber cut at adjusted rates and at base rates will be recorded for each species. The stumpage rate for any species will not be increased above the base rate until the subsequent adjusted rates above base rates for all species develop an accumulated total dollar value in excess of the total recorded accumulated difference for all species. The stumpage rates payable for each species will be increased by the amortization rate in effect for that species when the unamortized estimated cost of the main haul roads have been amortized by timber scaled. The unamortized estimated cost is $125,130.00. Amortization rates are: ponderosa and Jeffrey pine $12.04 per M board feet, sugar pine $12.04 per M board feet, white and red fir none, Douglas fir $10.62 per M board feet, incense cedar none, and Port Orford cedar $10.62 per M board feet. Amortization of main haul road costs is computed on 80 percent of the estimated timber volume. The merchantable volume of older dead (unsound sapwood) timber will be paid for at the following rates for stumpage which will not be subject to quarterly calendar adjustment or required deposits. For ponderosa, Jeffrey and sugar pine $3.00 per M feet b.m. for stumpage (including deposit for sale area betterment). For white and red fir and incense cedar $1.00 per M feet b.m. for stumpage (including deposit for sale area betterment). For Douglas fir and Port Orford cedar $3.00 per M feet b.m. for stumpage (including deposit for sale area betterment). The right to reject any and all bids is reserved. Before bids are submitted, full information concerning the timber, conditions of sale and the submission of bids should be obtained from the Forest Supervisor, Klamath National Forest, Yreka, California, or the Happy Camp District Ranger, Happy Camp, California.
