Use of Senior Center Increases; Plan Films

Colored slides of a European tour will be shown to members of the Arm Chair Travelers Monday, March 11, at the Senior Activity center. Mrs. Ernest Mickelson, 199 Highland drive, will show the slides at 1 p.m.

The pictures were taken by Mrs. Mickelson during a tour of Europe with other members of Beta Sigma Phi sorority. Countries visited included England, Scotland, Belgium and France. Mrs. Mickelson's mother, Mrs. Grace Sutton, is a member of the Medford Fifty Plus club. Both are newcomers to Medford. During February attendance at the center classes and other activities totaled 445 persons, more than 100 above the same month last year. Many of the seniors are newcomers to Medford. One of them, Mrs. C. S. Swain, Gold Hill, has volunteered to bring the center's membership file up to date. She is also working with the Rogue Valley Council on Aging.

It was explained that once the file has been made current, all seniors who use the center will be located on a map which was started in 1961 by Mrs. Harry Fuller, former children's librarian in Medford, now living in Tacoma, Wash. Seniors who have filing experience, and wish to assist with the project, may contact Mrs. Fred Rankin, chairman of the center coordinating committee. Mrs. Rankin said that once the map is completed, it will be possible to determine the center of senior population now interested in the center's services. Family Birthrate Said To Be Lower

Chicago—(AP)—An estimated 4.9 million babies will be born in the U.S. in 1970, but there will be fewer babies per family, the Population Reference bureau estimated. The bureau said a rise in the number of potential mothers offsets a falling fertility rate. The latter dropped from 122.7 births per 1,000 women 15 to 44 years of age in 1957 to 117.3 in 1961.
