

BOUCLE EFFECT — Hand-somely correct for a week end in the country, is this British worsted sport jacket with boucle effect in muted rust and gold tones.

Women's Spring Coats To Have Slimming Lines

Fashion loves a lean look in coats, and so will women who wear spring's slimmer — and slimming — silhouettes.

Body-conscious designers have moved coat lines closer to the body for a slim-but-eased feminine fit.

With fashion thinking thin, the coat most likely to succeed for spring is the pared-down skinny coat seam-shaped to longer, leaner lines.

Spring's skinnier look is evident not only in straight coats, but also in shaped coats that move in-at-front and out-at-back, Chanel-inspired cardigans, Chesterfields and gently flared A-liners. Newly narrowed coats are boy-tailored for a fresh "tomboy" look.

High Waisted

Many front-shaped coats have a high-waisted or "lifted" look. Others merely hint at a higher waistline.

Fashion backs the belted look in coats with sashed or drawstring waistlines, Norfolk belt styles and belted "bathrobes."

Sweaters are better than ever as coats. Spring's slim sweater coat is one of the great looks of open-air fashion.

Coat ensembles are a smart fashion investment for spring. The coat-dress costume pairs a slim coat with its very own shift or natural-shaped dress. Other coats come with skirt-bouise combinations.

Many Necklines

Spring's precisely styled slimmer coat silhouettes may be collarless or have a small notched-lapel or rolled collar. Many necklines have been lowered for a "nude" look. Front and back yoke treatments create new and interesting shoulder lines.

The skinnier, set-in sleeve shares the fashion spotlight with raglan and kimono sleeves. Fashion has rediscovered the shirt, and many coats will be sporting cuffed shirt sleeves.

Maternity Suits

Spring Newsmakers

Lifted waistlines, easy tunic tops, sweater-like pullover jackets and relaxed shift lines are spring newsmakers that can, and do, adapt themselves to maternity fashion thinking.

With increasing emphasis on the suit and the costume look, maternity suits are favored not only for their virtues of comfort and concealment, but for fashion importance, too.

Suit skirts expand in a number of ingenious ways, and many jackets have the added advantage of shape-retaining foam linings.

SPRING TOPCOAT — Ready for all weathers in this spring topcoat in lightweight all-wool worsted gabardine with durable water-repellency. By Alligator.
