

**GOLFER'S JACKET**—For protection from sudden showers on the links, this golfer's jacket in "Antron" trilobal nylon is treated with "Zelan" water repellent.

**Hosiery Fashion In Keeping With Softer Hemlines**

Complementing the soft, feminine feeling of the season are pale, cloudy, soft hosiery styles that meet smartly with the shorter hemlines and the airy look of new shoes.

To wear with whitened fabrics in dresses, coats and suits, as well as with the "naturals" in leather, such colors as taupe, creamy bone, pale buttery tints and palest gold are new hosiery hues for spring. Also on the pale side are soft tints in coral, pink and gold.

For the legs with good tans, hosiery will also show off lovely sun-kissed gold tones, especially for into-summer wear.

**Slender Seams**  
Full-fashioned hosiery with slender seams and shaded silhouettes are sure to flatter milady's legs. Heels too are getting special treatment with tapered reinforcements.

For the "less shoe" look especially those with slender slings or completely open backs—demi-toe or sandalfoot stockings are noteworthy with serviceable but bare-looking at the heel or toe, or both.

The thong shoe continues to be a perennial favorite for the warmer season—and with them, the thong stocking.

**Soft Touch**  
Whether full-fashioned or circular knit seamless, spring hosiery will have flattering, matte finish and a soft crepe feel.

New, non-run hosiery—looking as sheer on the leg as most 15-deniers—come in elegant flat-knits and finest meshes to give milady extra-long wear and freedom from distressing ladder-type runs.

Fashion expert agree that legs should never look conspicuous. Hosiery should be used as a cosmetic—to flatter; colors should tone-down ruddy skins, or play-up smart sun tans or blend with pale complexion tones. Legs of course, should be satin smooth; feet, properly pedicured and well-groomed to assure good hosiery fit, good looks and longer wear.

**Bandanna**  
Sportswear and casual wear points up an extension of the Americana theme with emphasis on the frontier cowboy. Bandanna printed squares, both all-over or spaced on ticking stripes are highlighted. Boosters and sunflowers also decorate ticking grounds in border designs. Calico prints, folk are motifs, and hearts and flowers with a country flavor are all popular in both children's and grown-ups' fashions.

**Lingerie Notes Girlish Theme**

To help every woman enjoy being a girl is the aim of spring's feminine lingerie, inspired by the new soft mood of fashion.

Sleepy-time gals will look beguilingly innocent in lace-trimmed baby dresses, and sleep-shifts with smocked, embroidered yokes, in soft fabrics and pretty pastels.

Spring sleepwear features country girl dirndl skirts, peasant tops and kerchiefs in old-fashioned fabrics such as gingham, dotted Swiss, pique and chambray.

Night-time's the right time for spring's fanciful "fun" fashions, sleek and sophisticated togas, and sweater-inspired shifts and pajamas.

Smartly-shaped slips, half-slips and petti-pants are perfect partners for spring's slimmer silhouettes. The abbreviated chemise offers a short-cut to lingerie fashion.

Undercover color is pale, pretty and floral printed.

**SAILING IN**  
Millinery this spring reflects the nautical influence in fashion with a variety of sailor shapes, among them a "gob" hat meant to be perched toward the back of the head.
