Novelty Fabrics for Young Men

Fabrics tell the fashion story for boys' wear this spring. From the very young man in his Eton suit to the older boy in sports jacket and slacks or suit, the news is not in styles, which continue on the "borrowed from Dad" theme, but in the novelty of fabrics and fabric combinations.

MOO-O-OS and MUSINGS

Denim is top favorite, in faded solids and teamed with white. Faded blue or brown and white stripes show up not only in Eton suits and sports jackets but also in casual coats with matching caps. For an especially dashing look, calico prints are paired with denims.

Bleeding madras and batik make smart young suits, while cord, ticking and seersucker are seen in suits, sportswear. In a more traditional mood are classic flannels in jacket and shorts suits for younger boys, and mid-weight wools and blends in dress-up fashions for the growing-up set.

Knits, both dressy and casual, keep climbing in popularity.

Strange As It Seems By ELSIE HIX

WILLIAM J. SIDIS-- AT THE AGE OF 6 MONTHS KNEW THE ALPHABET, AT 2 YEARS HE COULD READ AND WRITE, AT 4 HE WAS VERSED IN 4 LANGUAGES! HE COMPLETED 8 GRADES OF SCHOOL IN 6 MONTHS AND HIGH SCHOOL IN ANOTHER 6 MONTHS... AT 11, HE ENTERED HARVARD AND IN 4 YEARS RECEIVED THE DEGREE OF BACHELOR OF ARTS, CUM LAUDE!

It's not too soon to start looking for the very first unmistakable sign of spring. For instance, a husband out desperately trying to dig a hole big enough to bury the lawn mower behind the garage.

Latest in Lamps From Bygone Eras. "New lamps for old" may have proved unlucky for Aladdin, but the exchange should be lucky for the look of many homes today. Well-designed lamps at all price levels and in all styles—table, desk, floor, boudoir, pole and chain—are waiting for the return indoors this winter, according to the Lamp and Shade Institute. Many of the season's new designs, now in the stores, take their cues from traditional and classic themes. Such nostalgia has inspired adaptations of classic Mediterranean lines, and of the American heritage in the best of Colonial styling. Bygone eras are echoed even in the latest lamp developments. There are pole lamps with glass bowls, reminiscent of a gaslight age but teamed with modern walnut trim. Chain lamps, rapidly growing in popularity, have taken designs from the past, too, including the traditional chandelier. Shades are mostly simple in shape and unadorned, with off-white as the almost universal color. Colonial styles are decorated with attractive, appropriately authentic motifs.
