

A small music room is one interesting feature of the new home which Mr. and Mrs. E. H. Loveness built in Bel Air heights east of Medford. The room, located at the end of the living room, contains an organ, piano and the television set. The walls of these rooms, as well as of the entrance hall and dining room, are of putty coat smooth plaster or grass cloth. Furnishings are in neutral tones for the most part, and where

color is used it is in bronze, orange and melon tones and several shades of green. Alexander Diepenbrock, the architect, also assisted Mr. and Mrs. Loveness in planning the decor. The large fireplace, a corner of which can be seen at the left, is of pavement rock and marble inlaid and polished. Some of the wood used in the home was milled in the Loveness' plant at Canby, Ore.

One spot near the laundry area in the new home of Mr. and Mrs. E. H. Loveness, located on Harvard place in Bel Air heights, is useful for flower arranging or similar work. It has a small sink and cupboards for arrangement accessories and other useful equipment. This also is where the couple's pet cat, a Siamese named Chiu, has his favorite napping spot. Chiu also has a little door cut into the kitchen door in order that he may enter and leave as he pleases; Mrs. Loveness says that Chiu, who has now reached an age where hunting no longer interests him, has ceased to bring such trophies as mice and snakes into the kitchen for her approval.

Ya-Ya Dresses For Young Miss Of Yo-Yo-Set

United Press International Little girls who want to make a hit with the yo-yo-set will don spring clothes with a ya-ya silhouette. The authentic ya-ya dress most often has a dropped waistline that flares into a circle skirt, reports the maker.

No need to handle the handles of spring purses with too much care. They're rugged, made of wood, shell, bamboo, and metal. For more swing and strut, some purses have handles made of small segments of these materials joined by chain links.

Tulips for two lips for spring? Sure. Make your lips blossom forth in tulip shades of lipstick. The tulip colors include tulip pink and tulip peach.

John Alden, the man once told, "Speak for yourself, John," was the colonist's first trained cabinetmaker. He made many crude wooden three-legged stools, forerunner of today's comfortable upholstered footstool.
