

Women Set Pace In Economy Run

Salt Lake City—(UPI)—More than 30 cars left here at sun-up today heading for Cheyenne in the Los Angeles-to-Detroit Mobil economy run.

The drivers left as the threat of an inland storm promised more strong winds in the third day of the 2,654-mile trip.

Veteran Les Viland coaxed 28.59 miles per gallon out of his six-cylinder Rambler Sunday to hold the lead, followed by Detroit's Mary Hauser and her Chevy II. She made a fractional gain on Viland by averaging 28.15 miles per gallon for the 565 miles from Los Angeles to Cedar City, Utah.

The cars, all with automatic transmission, moved into Utah from Las Vegas under warm spring skies but buffeted by gusty desert winds.

The eight women and 29 men drivers have averaged 21.61 miles per gallon for the run, with the women drivers making better than two miles per gallon more than the men.

Whooping Crane Shatters Eggs

New Orleans—(UPI)—Josephine the whooping crane has cracked three of her eggs and shattered immediate hopes for an increase in the number of the almost extinct birds, according to Audubon park officials.

George Douglas, director of the park where Josephine and her mate, Crip, are kept, said he hopes she will lay one or two more eggs this spring.

Josephine and Crip are the only two whooping cranes ever to have mated in captivity. They have produced four offspring.

The flock of wild whooping cranes has dwindled to an estimated 42 birds. The cranes, which reach a wingspan of seven feet, spend their winters in the Arkansas national wildlife refuge on the Texas gulf coast and their summers at a lake in northern Canada.

National Debt Ceiling Declines \$305 Billion

Washington—(UPI)—The legal ceiling on the national debt dropped to \$305 billion today from the \$308 limit permitted since July 1. But it will not stay at the lower level very long.

Congress will have to vote an increase within the next two or three months to enable the Treasury to borrow money required to meet red ink spending commitments already made.

Treasury Secretary Douglas Dillon has told Congress that for the fiscal year starting July 1 the debt limit will have to be raised to about \$320 billion.
