

This Week's Plan for Home Builders

By HIAWATHA ESTES

Here is a home that has everything that is necessary for gracious and luxurious living.

For a home of this size, there is a minimum amount of hall, and yet there is no traffic problem as each room in the house is accessible from this center hall.

Only a partial wall separates the entry from the living room. As guests enter the home, they cannot help but be impressed by the handsome fireplace in the living room with the corner windows on one side and the sliding glass doors on the opposite side.

Master Bedroom Suite

The distinctive master bedroom suite is assured privacy by being completely separated from the bedrooms. This has an unusual amount of wall space which allows innumerable furniture arrangements. The dressing room has Mr. and Mrs. wardrobes plus a wide dressing table. The bath, as well as the family bath, has a pullman lavatory with storage below and a linen closet.

The rear bedroom is of exceptional size for a house of this size. Besides the wardrobe which has storage drawers below, there is a built-in storage closet with many drawers and shelves.

Furnace, linen and guest closets open to the hall and entry. If more storage space is desired, the furnace could be located in the attic or garage.

Outstanding Feature

The most outstanding and distinctive feature of this home is the huge family and dining room combination. This area is given an even greater sense of spaciousness by the sliding glass doors opening to the patio and because it is only partially separated from the kitchen by an eating bar and cabinets. The kitchen boasts a work center that is very practical and accommodating. Notice the pantry next to the built-in oven.

The rear exit from the service opens to a covered breezeway which leads to both the front and rear yards and to the oversized garage.

A low hanging spherical light fixture between sculptured wood panels immediately brings one's attention to the interesting stone planter in front of the bedroom wing. Stone veneer panels and planter plus three large windows form an attractive wall at the front of the garage.

Complete working drawings for this plan can be purchased at a cost of $7.50 for the first set and $5 for each additional set when ordered at the same time. This plan will be available at these prices until July 3. Please allow two to three weeks for delivery. The following home plan books are also available: Hallmark Homes $1; Award Homes, $1; Town and Country Homes, $1; Homes for Living, $1; Homes of Distinction, $1; Ranch and Modern Homes, $2. All books, a $7 value, only $5. Send all orders for either plans or books to Hiawatha Estes, Post Office Box 404-T, Northridge, Calif.

(1) The date of location;

(2) The book and page of recordation of the notice or certificate of location;

(3) The section or sections of the public land surveys which embrace such mining claim; or if such lands are unsurveyed either the section or sections which would probably embrace such mining claim when the public land surveys are extended to such lands or a tie by courses and distances to an approved United States mineral monument;

(5) The name and address of such claimant and names and addresses so far as known to the claimant of any other person or persons claiming any interest or interests in or under such unpatented mining claim; such failure shall be conclusively deemed (i) to constitute a waiver and relinquishment by such mining claimant of any right, title, or interest under such mining claim contrary to or in conflict with the limitations or restrictions specified in section 4 of the act of July 23, 1955 (69 Stat. 367), as to unpatented claims located after that date, and (ii) to constitute a consent by such mining claimant that such unpatented mining claim shall be subject to said limitations and restrictions, and (iii) to preclude thereafter, prior to issuance of patent, any assertion by such mining claimant of any right or title to or interest in or under such mining claim contrary to or in conflict with said limitations or restrictions. Section 4 provides, generally, that unpatented mining claims located after July 23, 1955 shall not be used for purposes other than prospecting, mining, or processing operations, or uses reasonably incident thereto; that such claims will be subject to the right of the United States to manage and dispose of the vegetative surface resources thereof and to manage other surface resources thereof; and that, except to the extent required for mining operations and uses reasonably incident thereto or to provide clearance for such operations or uses, claimants of such claims shall not use or dispose of vegetative or other surface resources thereof; and that, except for clearance for such purposes, any permitted severance or removal of timber must be in accordance with sound principles of forest management. Said section 4 also provides that any use of the surface of any such mining claim by the United States, its permittees or licensees, shall be such as not to endanger or materially interfere with the prospecting, mining, processing or reasonably incident uses by the mining claimant. The date of first publication of this Notice shall be March 20, 1963. Dated: March 7, 1963. M. M.
