

Hospital Orientation Classes Are Announced

Anyone interested in Rogue Valley Memorial hospital auxiliary is invited to attend the orientation class scheduled for 9:30 a.m., Wednesday in the board and staff room of the hospital, according to auxiliary officers. The class is required for all auxiliary members, both the senior and junior groups, and interested friends may attend.

Mrs. Charles Barnes, second vice president of the organization, is in charge of orientation this year. She states that the program is designed to acquaint new and prospective members with the hospital governing board, administrative policies of the hospital and auxiliary, and the various duties carried out by each group working in the auxiliary.

Volunteers are usually better able to select which particular service best suits their interests and available time after attending the class, Mrs. Barnes adds, and they gain a more thorough understanding of the hospital procedures involved. Older auxiliary members are particularly invited to take the orientation class as a "refresher" course.

Participating in the class with Mrs. Barnes are Mrs. Leonard Mayfield, auxiliary president, and Mrs. Paul J. Selby, first vice president, Charles I. Gustafson, hospital administrator, and Mrs. Frieda Fontaine, director of nurses.

Mrs. Mayfield, Mrs. Selby, and Mrs. Claude E. McIntyre were in Corvallis last week for the quarterly meeting of the Oregon state council of hospital auxiliaries board. Mrs. Selby is vice president of the state council, and Mrs. McIntyre is coordinator of the snack bar, gift shop, and cart services for Rogue Valley Memorial hospital.

In addition to regular board members, unit presidents and representatives were invited to attend the April 4 meeting at Good Samaritan hospital.

and Mrs. Selby reports that 26 were present. Plans were made for the annual convention to be held in Portland next October, and the board accepted Mrs. Selby's invitation to meet in August at Rogue Valley Memorial hospital.

WORK SMARTER — NOT HARDER

By BERNICE STRAWN Oregon State University

Are you bone-tired when day is done? Experts agree it isn't always the physical work that beats you. Some women in foreign countries lay brick, drive trucks — and do housework, too.

The thought of a million jobs to be done — and none of them finished — can pay your energy. Worry about falling short of your mark drains off pep.

Sift out must-be-done jobs in any way that suits you. Don't start too many things at one time. Are you trying to run a three-ring circus with only one ring master? Your day is likely to end in frustration with nothing finished but you.

Children and chores! Is this a problem at your house? Well, you're not alone. There's no doubt about it, family cooperation can save you a lot of time and help children develop good habits, too. But, how do you get children to do their chores?

Mrs. Roberta Frasier, OSU Extension family life specialist, has practical pointers for you.

Children will "go" for this pudding. To one recipe or one package of chocolate pudding, add 10 marshmallows, cut in pieces, to the cooked pudding after it has cooled for 10 minutes. This will give interesting flavor and texture to the pudding.

Smart homemakers tell us: To prevent blistering the counter top next to your range, glue four decorative tiles to a square of thin plywood. Keep this beside the range for skillet and casserole hot off the "fire."
