

Cheney Bids High In One of Several Timber Auctions

Cheney Forest Products Central Point, was high bidder recently for 2,140,000 board feet of timber in the Baldy Ridge area, Ashland Ranger district, Rogue River National forest.

Forest Supervisor C. E. Brown said the high bid totaled \$20,468.40. The forest service appraised price for the timber was \$20,421.15.

Other bidders were Kogap Manufacturing company and Steve O. Wilson.

The timber in the unit consisted of 285,000 board feet of Douglas-fir bid at \$11.50 per thousand, 105,000 board feet of pines bid at \$15 per thousand, and 1,750,000 board feet of Shasta red fir bid at \$8.45 per thousand.

McGrew Brothers, Medford, was high bidder for 3,070,000 board feet at a later sale of timber in the Needle Ridge Blowdown area, Prospect Ranger district, according to Brown.

The high bid totaled \$89,290. The forest service appraised price for the timber was \$66,599.

The next high bidder in the oral auction was S and W Logging of Prospect. Other bidders were Olson-Lawyer Lumber Inc., Fir-Ply Inc., and Steve O. Wilson.

The timber consisted of 2,340,000 board feet of Douglas-fir bid at \$26 per thousand, 370,000 board feet of pines bid at \$17 per thousand, and 360,000 board feet of white fir and other species bid at \$8 per thousand.

In another sale Olson-Lawyer Lumber Inc., Medford, was high bidder for 3,460,000 board feet in the Top Creek Blowdown area, Prospect Ranger district. The high bid totaled \$52,791.20, compared to the forest service appraised

price of \$47,141.20, an increase of 12 per cent.

Next high bidder was Fir-Ply Inc., Medford. Other bidders were G and R Logging and McGrew Brothers.

The timber consisted of 1,890,000 board feet of Douglas-fir bid at \$17.80 per thousand, 440,000 board feet of pines bid at \$10.25 per thousand, and 1,130,000 board feet of white fir and other species bid at \$10.25 per thousand.

In another sale, 3,560,000 board feet of timber in the Abbott - McCall Blowdown area, Prospect Ranger district, was sold.

Brown reported the high bid totaled \$111,510 which, compared with the forest service appraised price for the timber of \$67,107.50, represents an increase of 66 per cent.

Next high bidder was Kogap Manufacturing company of Medford. Other bidders were G and R Logging and Fir-Ply Inc.

The timber in the unit consisted of 1,700,000 board feet of Douglas-fir bid at \$38.70 per thousand, 510,000 board feet of pines bid at \$42 per thousand, and 1,350,000 board feet of white fir and other species bid at \$18 per thousand.

A Speech Impediment

Encyclopedia People Seek To Bridge U.S.-Great Britain Language Barrier

By DICK WEST

Washington—(UPI)—Among the missives that found their way into my pillar box this week was a communication from the publishers of the New Encyclopedia International.

It arrived on the day that Sir Winston Churchill became an honorary U.S. citizen, which was appropriate because it also concerns Anglo-American friendship and understanding.

The encyclopedia people are seeking to help the United States and Great Britain bridge the language barrier that separates the two countries.

They are doing this as a public service although I gather they wouldn't object to selling a few encyclopedias along the way.

For many years, as you know, our relations with our British cousins have been fairly amiable, give or take the Skybolt missile and former Chicago mayor "Big Bill" Thompson.

The one major impediment has been our speech. Our speech and their speech. It is very difficult for us not to become irritated by the way the British talk, and vice versa.

The "pillar box" mentioned above is one example. In Britain, a pillar box is the place where you put the mail. This is the sort of thing that shakes our confidence in the mother country.

We can only hope that they don't put pillars in the mail box.

Recognizing that complete rapport can never be established as long as such lingual friction exists, the new encyclopedia has included a section called "American English" which brings the conflict into the open where it can be examined by both sides.

There are, it tells us, at least 50,000 vocabulary differences between American English and English English. Clearly, certain concessions are in order.

As a starter, I proposed that we adopt the English word for the American "bouncer." Over there, they call him a "chucker-out," which is a more accurate job title.

It has been my observation that persons ousted from bars,

or "pubs," rarely bounce when they hit the sidewalk. In return, I think they
