

In the Day's News

By FRANK JENKINS

More about Astronaut Glenn. Addressing the annual luncheon of the Associated Press in New York, he proposed a national clearing house for space data, and added:

"A good many of us today are content to be fat, dumb and happy with a polyunsaturated diet of the coming 35-hour week, a fly-now, pay-later vacation and fringe benefits.

"We need to apply our creativeness, inventiveness and resourcefulness not just to LOCATING information but also to MAKING USE OF IT."

How to LIVE WITH and PROFIT BY automation, for example.

We tend now to shiver and turn blue with fear and dread every time the word AUTOMATION is heard. The fact is that automation holds out the promise of solving many if not most of the problems that now trouble us.

Automation, if accepted as a new tool—as was the steam engine—is capable of LOWERING PRICES and thus resulting in great increases in consumption, which is just a big word term for getting more for our money—FOR HAVING MORE.

It has long been conceded that man's power to consume is limited only by his power to PURCHASE. If prices can be lowered enough (by automation, for example) it can be possible for mankind to consume so MUCH more that fantastic numbers of new jobs can be created—thus finding work for those who are presently unemployed.

MAYBE—Away off out there in the areas of black space, with nothing to do but THINK, a

What's a footprint? Webster defines it thus: "A walker. A footprint whose duties are to attend the door, the table, etc." A footprint, you see, has quite a range of occupations.

LET'S go on from there. What's a footprint? Webster says a footprint is a "HIGHWAYMAN on foot." And what's a highwayman? A highwayman is a highway robber.

And THAT brings up something else—the walkers we used to pick up on the highway, but no longer dare to. The papers these days are full of what happens to kind-hearted motorists who pick up walkers on the highway.

A H, me! What's happening to this old world of ours when we no longer dare to perform the simple, human, thoughtful little courtesy involved in offering a ride to the poor devil who for one reason or another has to walk to wherever he happens to be going?

man tends to think straighter. Anyway, Colonel Glenn seems to have been doing some pretty straight thinking.

FROM London: Prime Minister Harold Macmillan's ex-footman called at Macmillan's London home to PICK UP HIS SHIRT.

Well, it appears that the other morning he was asked to wash up the breakfast dishes. That did it. He up and LEFT. "Normally," he explains, "a footman looks after the gold, silver and brass. But DISHWASHING—why, that's a kitchenmaid's work in a well-ordered household. If I had stayed on and washed the dishes, I wouldn't have been able to look another footman in the face."

In his hurry to get away from the awful place, he forgot his shirt.

Just what is a footman? Webster defines it thus: "A walker. A footprint whose duties are to attend the door, the table, etc." A footprint, you see, has quite a range of occupations.

What's a footprint? Webster says a footprint is a "HIGHWAYMAN on foot." And what's a highwayman? A highwayman is a highway robber.

And THAT brings up something else—the walkers we used to pick up on the highway, but no longer dare to. The papers these days are full of what happens to kind-hearted motorists who pick up walkers on the highway.

A H, me! What's happening to this old world of ours when we no longer dare to perform the simple, human, thoughtful little courtesy involved in offering a ride to the poor devil who for one reason or another has to walk to wherever he happens to be going?

THRILLED BY VICTORY—Marlon D. Green, former Air Force pilot, said he was "very thrilled" by his U.S. Supreme Court victory. The 33-year-old Lansing, Mich., flier won an anti-discrimination suit against Continental Air Lines, which refused to hire him as a pilot in 1957. Green is shown with two of his six children, Phillip, 4, and Paula, 5. (UPD)

Local and Personal

Show Extended - The art show, presented by the art and crafts classes at Crater High school, has been extended by one day, due to public interest, school officials announced. The show will continue until 9 o'clock tonight in the multipurpose gymnasium.

At Home—Mrs. Alta Poley, who has been a patient at Hawthorne Convalescent center, has returned to her home at 64 Gresham st., Ashland.

Permit Issued—The Medford building department has issued a permit to W. A. Berry to make an addition to a residence at 1215 Saling ave., at an estimated cost of \$1,000.

Youth Apprehended—A 15-year-old runaway boy from Downey, Calif., was taken into custody about 7:40 p.m. Wednesday at Highways 99 and 62. The youth was placed in Jackson county juvenile detention home.

Square Dance Friday—The Josephine County Democratic Central committee is sponsoring a square dance at the Veterans of Foreign Wars hall in Grants Pass Friday, April 26. A potluck dinner

will be served at 7 p.m. and dancing will follow from 8:30 to 11:30 p.m. Buzz Dibble will be caller. The public is invited and refreshments will be served.

Alarm Sounds - City firemen were summoned to the United States National bank, Main st. and Central ave., about 4:05 p.m. yesterday when the sprinkler alarm system sounded. They found that the water cutoff to the furnace had failed to function, allowing the furnace to overheat and activate the sprinkler head above. A smoke ejector was used to dispel the heat.

Burning—Firemen, who investigated a complaint of a trash fire in the 1200 block of Withington st., at 4:50 p.m. yesterday, said they found the property owner burning a small pile of trash in a safe manner.

Smoke Investigated - A report of smoke in the Montgomery Ward store, 117 South Central ave., yesterday morning was investigated by firemen. A fluorescent light had burned out. Firemen were called about 7:10 p.m. Wednesday when a stove overheated at the home of Ralph Etzel, 724 West Second st.

OBITUARIES

FORREST CHAPMAN

Funeral service for Forrest E. Chapman, 58, of 518 South Oakdale ave., who died Tuesday, will be held at 2 p.m. Friday at Memory Gardens Funeral home.

CHARLES F. CASEY

Funeral service for Charles Franklin Casey, 73, of Talent, who died Tuesday, will be held at 11:30 a.m. Saturday in Conger-Morris downtown chapel. Committal will be in Stearns cemetery, Talent.

GEORGE S. GREEN

George S. Green, 60, of 3509 South Pacific highway, died this morning. Funeral arrangements will be announced by Conger-Morris funeral directors.

Births

KESTERSON - To Mr. and Mrs. Gerald W. route 2, box 211, Medford, April 16, 1963, a girl, 8 pounds at Rogue Valley hospital.

HALL - To Mr. and Mrs. Richard J., 910 Winchester ave., Medford, April 16, 1963, a girl, 7 pounds at Rogue Valley hospital.

BOHM - To Mr. and Mrs. Peter, 2573 Delta Waters rd., Medford, April 24, 1963, a boy, 8 1/4 pounds, at Rogue Valley hospital.

BARTH - To Mr. and Mrs. Herbert E., Union Creek Ranger station, Prospect, April 24, 1963, a girl, 7 1/2 pounds, at Rogue Valley hospital.

KLENNER - To Mr. and Mrs. Ernest H., 1003 Jasper st., Medford, April 24, 1963, a girl, 7 1/4 pounds, at Rogue Valley hospital.

BOGART - To Mr. and Mrs. Orville Roy, 1808 Spring st., Medford, April 25, 1963, a boy, 8 pounds, at Rogue Valley hospital.

Capitol Memo

Spotlight Focused On Key Committees In Budget Planning

By ZAN STARK

Salem - (UPI) - The spotlight of legislative attention is focusing now on the powerful Ways and Means committee, and its subcommittee on education. For while the Senate is going over the major revenue measures approved Friday by the House, and adjustments are certain - it appears legislators have agreed that the general fund biennial budget will be in the neighborhood of \$400 million.

The state department of education and the system of higher education will gobble up about 60 percent of the general fund budget. The price tag will be about \$240 million.

The months of study and analysis of every phase of the state's educational program soon will be crystallized into budgets.

The three senators and three representatives who make up the education subcommittee will prepare these budgets.

The subcommittee's recommendations are virtually assured of full Ways and Means approval because every member of Ways and Means realizes how much work the subcommittee has done, and how thorough they have been.

Gov. Mark Hatfield has hurled insults at the Ways and Means committee, and the education subcommittee in particular. He has accused members of "wielding a meat cleaver," and charged the subcommittee was threatening to emasculate the state's educational program.

Ways and Means members were hurt by this attack. They know - and they feel Hatfield knows - they are not irresponsible. They are faced with having to keep the spending within income.

The attack welded together the Republicans and Democrats on the committee. Most of the members now wear special meat cleaver tie clasps.

Sen. Daniel Thiel (D-Astoria) is chairman of the Ways and Means education subcommittee. Thiel was first appointed to the Senate in 1957, to fill the vacancy created when Robert Holmes was elected governor, and is now serving a term which expires in 1967.

Thiel, 48, was a key force in the battle which led to the construction of the Columbia river bridge at Astoria.

Other members of the subcommittee: -Rep. Stafford Hansell (R-Hermiston) has been termed by Democratic House Speaker Clarence Barton as "one of the most outstanding men in the House." He has gained

a reputation as one of the hardest working, best informed, most thorough men in the legislature. He also was appointed in 1957. Hansell, 49, has been termed "courageous" because he is unafraid to take a firm stand when he believes he is right.

-Sen. Alfred Corbett (D-Portland) is 47, and was appointed to the House in 1953. He won election to the House in 1954, then to the Senate in 1956. The Corbett name is a fixture in Oregon politics. His father, Henry, was twice Republican President of the State Senate, and his great grandfather, Henry W. Corbett, was U.S. Senator from 1887 to 1873. Soft-spoken attorney Corbett served as co-chairman of the Ways and Means committee in the 1957 and 1959 sessions.

-Rep. Don McKinnis (D-Summersville) is serving his third term in the House. He is 54, and was a member of the interim committee on agriculture and chairman of the subcommittee on duplication of public funds spent on agriculture. He served for more than seven years on the Oregon Wheat commission before his election to the House.

-Sen. E. D. "Debbis" Potts (D-Grants Pass) was elected to the Senate in 1961. He is a former director of the West Coast Lumber Inspection bureau, and championed the "Winnemucca-to-the-Sun" highway project while serving as a director of the Redwood Empire association. He was a member of the Ways and Means committee last session, and during the interim served on the Small Business committee.

-Rep. John Mosser (D-Portland) 40, was first elected to the House in 1957. He served one term, then did not seek reelection. He ran again last year and became one of Washington county's three Republican legislators. He cited the need for increases in funds for local schools and higher education during last year's election campaign.

All six are studious and dedicated. None has flinched under the attacks hurled at them by the Governor, the public, or friends of education.

All have taken great pains to make a thorough study of education so they would not damage the state's education program while moulding it to fit within the state's available money.

Their judgement will carry a lot of weight in the legislature because of the exhaustive studies they have made during the past three months.

The decisions made by these six men in the next few days could set the pattern for Oregon's educational program for the next few years.
