

YANKS ADD 11 PAN AM MEDALS

By LEO H. PETERSEN
UPI Sports Editor

Sao Paulo, Brazil—United States athletes, who are making a shambles of the Pan-American Games with an avalanche of gold medals, had a chance to add to the pile today in track and field, basketball and boxing.

The Yanks picked up 11 gold medals Thursday in sweeping the modern pentathlon. The men's and women's gymnastics and the team title in epee fencing. That boosted their gold medal collection to 87 and with anticipated victories in today's events, the United States should be within striking distance of the record 120 gold medals won at the last Pan-American Games four years ago in Chicago.

There were six track and field finals on today's program, in which the United States was expected to win at least four gold medals. Add to that the boxing finals in each weight division plus title games in both men's and women's basketball—both against Brazil—and it clearly shapes up as a runaway for Yank stars.

Expects Triple Victory

Thus far Americans have won eight of the 11 track and field events—three less than originally anticipated. Today, Yank men stars compete in the high hurdles, broad jump and the hammer throw. Coach Leo Montgomery expects victory in all three events.

Ralph Boston of Laurel, Miss., the 1960 Olympic champ, and Darrell Horn of San Antonio, Tex., carry the U.S. colors in the broad jump, Willie May of Chicago, the silver medalist in the 1960 Olympics, and Blaine Lindner of Salt Lake City, Utah, compete in the 10 meter high hurdles, and Al Hall of Greenfield, Mass., the defending games champion, and James Pryde of San Gabriel, Calif., are in the hammer throw.

The fourth men's final is the 20,000 meter walk in which Ron Zinn of Orland Park, Ill., and Ron Laird of Chicago are the American entries.

Two Women's Events

The two women's events are the high jump, in which Eleanor Montgomery of Cleveland and Estelle Baskerville of Columbus, Ohio, are entered, and the discus, with Cynthia Wyatt, the reigning U.S. indoor champion from Honolulu, and Sharon Shepherd of North Bend, Ore., the American entries. The U.S. expects to win both events.

In basketball, the United States is favored in both the men's and women's final, but it won't be easy. The Brazilians clearly have shown they are capable of pulling off upsets and American officials are not taking them lightly.

Boxing is a different story. Two of three Americans shooting for final berths were eliminated on Tuesday and two others Thursday night, and the feeling is that the Yanks will be fortunate to win the two fights today in which they placed finalists.

Also on tap today are finals in saber team fencing, water polo and volleyball. The U.S. plays Canada in the water polo final and meets Brazil in the volleyball final. Both of these matches are rated toss-ups.

Robert Beck of San Diego, Calif., led a 1-2-3 sweep in the pentathlon Thursday, while Doris Fuchs of Rochester, N.Y., Avis Tieber of Austin, Tex., and Dale McClements of Seattle, Wash., won all four gold medals at stake in the women's gymnastics.

Canada Prevents U.S. Sweep

Then, Donald Tonry of Brooklyn, N.Y., Abraham Grossfield of New London, Conn., Garland O'Quinn of Carbondale, Ill., and Jamie Ashmore of New Haven, Conn., walked off with four of the six gold medals awarded in the men's gymnastics. Canada's brilliant Frederick Weiler prevented a United States sweep when he won the other two gold medals, plus three silver and one bronze in one of the finest individual performances in the entire games.

Miss Fuchs, though, won two of the women's gymnastics events to become the first athlete in the games to win three gold medals. Doris won the women's all-around competition on Wednesday.

Beck, a 26-year-old Harvard graduate student, led America to the team championship in addition to winning the individual gold medal by overtaking Lt. Richard Stoll of Ft. Sam Houston, Tex., when he placed second in the 4,000 meter cross country run, final

SOC Faces Mounties

Ashland—Southern Oregon college baseball nine is in La Grande this week end for a three-game Oregon Collegiate conference series with Eastern Oregon's Mountaineers.

A 10 a.m. doubleheader is billed for tomorrow after this afternoon's single tussle.

Dave Hughes was the slated starter for SOC on the hill today with Don Johnson and Bob King ticketed for Saturday pitching service.

The Raiders took on EOC after a narrow 15 to 14 squeak over Oregon Tech last Tuesday.

The two clubs went into the series tied for the OCC leadership with 4-2 records.

event in the gruelling five-day competition. In addition to Beck and Stoll the winning American team also included Capt. James Moore of San Antonio, Tex. Beck's winning total was 4,934.52 points while the winning team total was 14,655.76.

Win In Basketball

The U.S. men's basketball team swept to its fifth straight victory without defeat in handing Mexico a 96-54 beating. The Brazilians also are unbeaten in five games, setting up tonight's final. Jerry Shipp of Bartlesville, Okla., paced the United States attack with 20 points and Lucius Jackson of Pan-American (Tex.) College had 18.

The team of Lawrence Anastasi of Drexel Hill, Pa., Frank Anger of Dayton, Ohio; Michael Dasaro of Brooklyn, N.Y.; Gilbert Eisner of Flushing, N.Y.; James Margolis of New York City, and Paul Pesthy of New Brunswick, N. J.; won thepeece fencing gold medal.

However, it wasn't completely a United States day. Yank boxers Arthur Jones of Augusta, Ga., and Wade Smith of Muncie, Ind., were eliminated from the boxing competition, both losing decisions to Argentinians, and the U.S. water polo team bowed to Argentina, 1-0.

The two gold medals Weiler picked up in the men's gymnastics moved Canada into second place ahead of Brazil and Argentina in the team standings with 8 golds, 22 silver and 24 bronze medals.

MAKE TRADE—The Minnesota Twins yesterday traded Jack Kralick, (shown, bottom photo) a no-hit pitcher for Jim Perry (top photo) of the Cleveland Indians. Kralick, according to this release from St. Paul, has proved to be an erratic lefthander for the Twins. The acquisition of Perry, a righthander, seemed to end manager Sam Mele's search for another right-handed thrower to balance off a pitching staff heavily loaded with left-handers. (UPI photo)

Two of three Americans shooting for final berths were eliminated on Tuesday and two others Thursday night, and the feeling is that the Yanks will be fortunate to win the two fights today in which they placed finalists.

SF Seals Put Cards On Table

San Francisco—(UPI)—Just when the Seattle Totems seemed to have the Western Hockey league playoff title wrapped up, the San Francisco Seals called a red-necked meeting that didn't end until they were contenders once more for the crown.

"After Seattle beat us, 3-1, on Wednesday nobody left this dressing room for two hours," Coach Bud Poile of the Seals said while discussing last night's 8-0 smashing of the Totems. "We put our cards on the table and decided that we should continue to be the highest scoring team in the league."

Battering

Held to a pair of goals by Seattle net-minder Al Millar in the last two games, the Seals gave him a terrific battering last night while cutting Seattle's advantage to 3-2 in the best-of-seven games series.

The clubs resume what has turned into a grudge battle on Sunday at the Cow Palace.

A total of 23 penalties went into the books last night as Len Haley stunned Millar with the hat trick to go with a pair of goals apiece off the sticks of Mo Mantha and Larry McNabb.

Two of Haley's markers came 20 seconds apart as the Totems defenses collapsed during the last period. Len's first goal had been registered in the middle stanza as the Seals beat Millar three times in less than four and one-half minutes.

Nicklaus Holds Lead

Las Vegas, Nev.—(UPI)—The 27-man race for the \$13,000 first place jackpot in golf's Tournament of Champions shaped up today as a two-man battle between Jack Nicklaus and Arnold Palmer after only one round of play.

Nicklaus, the 23-year-old National Open and Masters champion, fashioned a great, eight-under-par 64 Thursday to take a two-stroke lead over Palmer.

Only Bill Collins of Grossinger, N. Y., appeared in a position to give the two golfing greats a run for the money. Collins had a fine 67, one shot behind Palmer.

The rest of the field was at least six shots behind Nicklaus with little chance of shooting for anything except second or third place in this \$60,000 tournament.

"That 64 equalled the finest round I've ever shot as a pro," said Nicklaus. "That seems to be about as good as I can do."
