Mrs. John R. Dellenback, second from left, goes over the legislative calendar with Students Ronda Reynolds, Medford High (on left), Katie Leavitt and Dixie Taylor, Medford High. The program is designed to give students an insight into how the state government is conducted and to develop an interest in governmental operations.

During the present session of the Oregon state legislature, Representative and Mrs. John R. Dellenback, Medford, have invited area high school students to Salem to observe the state government in action.

The students have been selected from area high schools by teachers and principals. They have been students interested in political science.

The Dellenbacks have had them as their house guests, have introduced them to various state officials, and the students have served as honorary pages on the floor of the House.
