Nicklaus Golf Victor

Las Vegas, Nev. — (UPI) — Scowling Jack Nicklaus, with three of Arnold Palmer's 1962 titles already tucked away in his golf bag, goes after a fourth this week when the Colonial Invitational opens at Fort Worth, Tex.

Using power and putting for birdie ammunition, Nicklaus tow-roped the field by five strokes in winning the \$60,000 Tournament of Champions Sunday to strip Palmer of one of his most coveted titles.

Nicklaus, who loves nothing better than to beat his stablemate, had rounds of 64-68-72-69 for a 273 total to finish the five shots in front of Palmer and Tony Lama, who tied for second with 278.

Pan American Showing Brings Optimism for 1964 Olympics

By LEO H. PETERSEN UPI Sports Editor

Sao Paulo, Brazil—(UPI)—Kenneth L. (Tug) Wilson, president of the United States Olympic Committee, said today that only about 25 percent of the U.S. athletes who helped win a near-record 109 gold medals in the Pan-American Games will compete in the 1964 Olympics.

While not wishing to downgrade the athletes who performed here, Wilson said that in view of what was shown in the Pan-American Games he was willing to predict that Uncle Sam's team in the next

Olympic games "will be the strongest ever."

The Pan-American Games ended Sunday with the United States taking the final two gold medals for a fine harvest of 109—only 11 short short of the record 120 won at

the last Pan-American Games at Chicago four years ago.

Top Athletes Absent "Under the circumstances our showing here was better than it was four years ago," Wilson pointed out. "You have to remember that for the Chicago games we had all our top athletes available."

Many U.S. stars could not make it here for the San Paulo games because of studies and business commitments. When the competition was held in Chicago, the top college athletes were in their summer vacation period and the other top ones, through

college and in business, could arrange their vacations to coincide with the games.

"I am not downgrading this year's team," Wilson stressed. "But let's face it, a lot of our best athletes could not make it here. That's why I feel we did very well—better than I expected. Our performances here convinced me we will have our strongest Olympic team ever in Tokyo in 1964. Believe me, our team in Tokyo will be a lot stronger than the team we had in Rome."

Surprise In Gymnastics There were legitimate rea-

sons for Wilson's optimism, for the United States did surprise in men's and women's gymnastics, a sport in which the Russians have been far superior than their American counterparts.

DEAD HEAT RACE

Seattle — (UPI)—Crew titans Washington and California still don't know which is stronger this year. The two rowed to an unheard of dead heat Saturday over a choppy Lake Washington in the 56th renewal of their series. One judge saw it as a Bear victory; one as a Husky victory; and the third called it a tie.

Then, too, Pete McArdie's victory in the 10,000 meter run gave room to hope that perhaps the United States was capable of coming up with a top-grade long-distance runner, something the Yankees have not had in recent Olympic Games.

Winning of all eight gold medals at stake in wrestling was still another surprise as was the basketball victory scored by the women's team. The U.S. had high hopes of winning the women's basketball title but it wasn't sure it was good enough.
