

MHS Thinclads Bill GP Tonight; KF at Crater on Saturday

Week end track and field meets matching Southern Oregon conference schools are centered in this vicinity.

Medford high encounters Grants Pass at the Medford stadium this evening. On Saturday morning Klamath Falls goes against Crater at Central Point.

The Medford GP affair is a twilight event, aimed at giving those fans who can't attend daytime meets a chance to see the cindermen in action. Field events open at 6 p.m. First race, the high hurdles, is set for 6:30 p.m. A javyee or novice division will be contested along with the varsity engagement.

At Central Point the starting time is billed for 11 a.m. A freshman meet will be conducted at the same time.

Some of the top track and field men in Oregon will be seen in action at the two meets. Medford's relay team has recorded the fastest time in the state and Jim Hall of the Black Tornado has the best broad jump. Grants Pass's Bob Shepard leads Oregon pre-dominant high jumpers. Walt Smith, Klamath Falls, has the best javelin throw in Oregon by a high schooler to date.

Among Leaders Medford has a pair of the top sprinters in the state in Hill and Mike Deibe and Jim Cain is with teammate Hill among the broad jump leaders. Steve Toews of Medford is among the leading half-milers. The Tornado's Dennis Brumback is among the better milers and has been in Toews in the half. Lloyd Hammons and DeWayne Turpin of Medford are among the better pole vaulters.

Shepard, along with his high jump ability, has one of the leading low hurdle times in the state and is a good sprinter. His teammate Al Hutchins, is also among the high jump leaders. In Gary Van Koten and Tom Sparlin Grants Pass has 13-foot pole vaulters. Sparlin is due for action here but Van Koten is not because of an ailing back.

A top race of the evening here could be the half-mile. Medford Coach Dean Benson has indicated he'll turn loose his triumvirate of Toews, Brumback and Jim Snodgrass. They'll oppose Rod Waterman, Barry Woodley and Cliff Lyons. Brumback and Lyons are to double by running the mile.

O'Leary Returns The hurdles races will see the return of GP's Dennis O'Leary, who has been sidelined by Achilles tendon trouble.

TORNADO HURDLER—Roy Shaw, above, will run in the hurdles for the Medford high track team this evening when it entertains Grants Pass at the Medford stadium.

bles. He may team with Pat Howe and Shepard in the low and Randy Clark and Randy Howerton in the high against Medford's Don Driskell, Roy Shaw and Dave Durant. Rich Ireland is a top entry for GP in the 220 and 440-yarders.

One of the state's discuss leaders will appear for Klamath Falls at Central Point when Bill Mills matches his talents with those of Crater's John Harris.

Crater will pin its hopes on such performers as Gary Wald in the dashes, Paul Bransom in the low hurdles and broad jump, Vern Swanson in the high hurdles and Harris. KF has a hurdle threat in Graham and a high jump contender in Baker.

NL Umps Rely On Judgment On Balk Rule

New York — National league umpires, despite a new interpretation of the balk rule, still are relying on their own judgment in dealing with the controversial pitch.

Baseball's top brass agreed during a meeting here Tuesday that the confusing one-second stop requirement be eliminated from the balk rule. However, Commissioner Ford Frick and league presidents Warren Giles and Joe Cronin emphasized that the rule is an essential part of baseball and that the pitcher must come to a stop before delivering the ball to the batter with men on bases, although not for a full second.

The two league presidents and the commissioner are agreed that the single confusing element in the present rule is the phrase "at least one second." Frick said, "A proposal will be made to the rules committee to amend the rule to eliminate this particular phrase."

SPORTS FANS!

BET YOU DIDN'T KNOW

by Paul Lea

Did you know only two men in sports history have played in both a World Series and a Rose Bowl game? The two who reached the top game in each sport are Jackie Jensen and Chuck Essegian. Jensen played with California in the Rose Bowl and with the Yankees in the World Series. Essegian was in the Rose Bowl with Stanford, and made the World Series with the Dodgers.

How about this... The New York Yankees have not finished in the second division in the lifetime of most major league ball players! Last time the Yanks wound up in the second division was 1925. And that was 38 years ago!

What's the farthest any man has ever hit a golf ball? Most golf experts believe the record is held by golf pro George Bayer. Bayer is reported to have once driven a ball 500 yards.

I bet you didn't know Paul Lea Motors has more than quadrupled the new car Rambler business in the Medford area in the past eight years. Of course the big reason is the product, but Lea Motors service and economy keep the customers coming back year after year to friends who go all out to make them happy and satisfied.

RECEPTIVE!

Readers Welcome
Newspaper Advertising
...It's Not an Intrusion!

People really want newspaper advertising and have said so. Surveys usually show well over 80% in favor of newspaper advertising; less than 70% for magazines; and under 40% in favor of advertising on radio and TV.

Your advertising's first job is to win a friendly feeling for your product. It stands to reason you will win more friends by running your advertising where most people want it.

If you want to sell more people you have to reach them when they are receptive. Newspapers reach more of the most receptive people.
