32 Die in Arab Airliner Explosion

Zahweiin, U.A.R. –(UPI)– Investigators today began the grim task of sifting through mangled debris in hopes of determining what caused a United Arab Airlines plane to explode "like fireworks" in the air, killing all 32 persons aboard.

The twin-engine Dakota, en route from Cairo to Alexandria, blew up during a dust storm Sunday night shortly after takeoff. Burning debris and pieces of shattered bodies were scattered through a lemon grove surrounding this village 20 miles north of Cairo.

United Arab Airlines identified two of the victims as American Albert Lion and his wife, Gloria. The UAA office in New York said they believed the Lions were from Baltimore, Md.

The plane was carrying 28 passengers and 4 crewmen.

An incomplete passenger list indicated many of the passengers were Lebanese and Iraqis, but a number of non-Arabs also were aboard. Two United Nations passports were found in the debris.

Everest Climbers Making Progress

Katmandu, Nepal – (UPI) – Two teams of American mountaineers were reported making steady progress today in their attempt to climb Mt. Everest from two different directions and meet on the summit.

Radio reports from the base camp of the U. S. Everest expedition said Dr. William Unsoeld, 36, Corvallis, Ore., and Dr. Thomas F. Hornbein, 32, San Diego, had reached Camp Three on the unexplored west ridge of the 29,028-foot peak, tallest in the world.

Barry C. Bishop, 30, Washington, D. C., and Luther G. Gerstad, 26, Eugene, Ore., were reported to have reached Camp One on the traditional route through the South Col (pass).

The two teams hoped to rendezvous at the top May 21, according to the radioed reports.

If both teams meet at the summit, they plan to return together down the south col route. If they fail to make contact, however, each will return the way it came.

One expedition member, James W. Whittaker, 32, Redmond, Wash., became the first American to scale Mt. Everest May 1, when he reached the top with Nepalese Sherpa Guide Nowang Gombu.
