Coupon in Summer Pattern Catalog for one pattern free—anyone you choose from 300 design ideas. Send 50c now for Catalog.

Cub Scout News

Cub Pack 35
Cub Scout Pack 35 recently held their regular meeting in the First Presbyterian church in Jacksonville, when Edward A. Hinkle initiated several boys into the bobcat rating of Cub scouting. They were Larry Canty, Danny Fields, Dennis Canty, Mark Merriman and Clarence Snow. Larry Canty is returning to the pack and Terry Herisch transferred from California. Awards were given with Harlan Gible and Dan Taylor receiving the lion badge and Terry Herisch, Steve Dyer and Steve Cosler earning the bear badge. Silver arrows went to Kelly Peacock and Harlan Gible for their achievements. Den 4 displayed flowering trees, which they had made from painted manzanita branches and artificial flowers. Slides were shown by Dr. Dyer of the Hart mountain country of eastern Oregon in which he had photographed ancient petroglyphs still existing on rock formations in that area. Parents of members also attended.

Bids on 27 Road Projects Called by Commission June 4

Salem—Bids will be received by the State Highway Commission June 4 on 27 projects estimated to cost nearly \$11.5 million. Largest project on the list involves more than seven miles of grading for a new section of the Columbia River highway between Celilo and Biggs in Wasco and Sherman counties. Individual projects, by counties: **Baker**—Stone base and oiling on west unit of Rock creek—Haines section about three miles west of Haines. **Benton**—Improvement of Bowers slough section of Highway 20 between Albany and Corvallis. Plans call for 1.4 miles of grading, asphaltic concrete paving, and construction of a structure over Bowers slough. **Clackamas**—Three projects: New bridge over the Molalla river as part of an improvement on the Canby-Aurora hill section of Pacific Highway East; grading and paving 0.14 mile of N. W. Wade st. in Estacada; and a rock production project four miles west of Government Camp on the Mt. Hood highway to produce 14,100 cubic yards of crushed rock in stock pile. **Douglas**—Two projects: Grading, paving and signing 4.6 miles of Winchester-South Umpqua river section of Interstate 5. The project is located between Winchester interchange and South Umpqua river in Roseburg; improvement of 0.06 mile of Umpqua st. in Sutherlin. **Gilliam**—Project 8.3 miles east of Arlington involving sections of the Columbia River and Heppner highways which will be inundated by the John Day reservoir. **Harney**—Grading and oiling on the north unit of the Riley-Juniper Ridge section of the Lakeview-Burns highway. Included in the project are three bridges over Silver creek. **Klamath**—Traffic signal revision in Klamath Falls at 13 intersections in the city business district. **Lane**—Roadside improvements along 12.97 miles of the Goshen-Cottage Grove section of Pacific highway, starting about six miles south of Eugene. **Lincoln**—0.41 mile of grading and paving for slide correction about two miles east of Newport on the Corvallis-Newport highway. **Linn**—Channelization for the Clear Lake-Belknap Springs highway where it joins the South Santiam highway. **Multnomah**—Five projects: Construction of 412-foot reinforced concrete Union ave. Swift rd. interchange on Minnesota freeway; illumination of the North Shaver st.-Morrisson bridge interchange unit of the East Bank freeway; construction of a median barrier on the Highlands interchange-Jefferson st. section; grading and paving of S. E. Lawrence st., Gresham, from S. E. Spruce ave. to S. E. Hogan ave.; and asphaltic concrete overlay on the existing Beaverton-Hillsdale highway for a distance of 1.95 miles between the Washington county line and Hillsdale. **Polk**—Grading and paving on the Basket slough-Rickreall section of Pacific Highway West. **Umatilla**—Grading and paving West Jennie ave. for a distance of 0.21 mile in Hermiston. **Wasco and Sherman**—The Celilo-Biggs section of the Columbia River highway, about 12 miles east of The Dalles. Project involves 7.22 miles of grading and two structures. **Washington**—Two projects: Paving 2.93 miles of the Nehalem river-Sunset tunnel section of the Sunset highway, about 31 miles west of Portland; 2.25 miles of grading and paving on the Tualatin

Valley Highway - Farmington road section of a county road in the vicinity of Beaverton. **Wheeler**—Two projects: Construction of the Spray bridge over the John Day river on the Spray-Waterman highway; rock production on the Shan-

ko-Fossil highway about five miles southwest of Fossil, to provide 10,000 cubic yards of crushed maintenance materials in stock pile. **Yamhill**—0.30 mile of grading and paving on Illinois st. in Newberg.

TO BE CANDIDATE
Salem—Sen. Dwight H. Hopkins (D-Imbler) said today he will be a candidate for president of the Senate in 1965.

TO VISIT ALGERIA
Algiers—Cuban Premier Fidel Castro will visit Algeria at the end of this month or the beginning of June, the ministry of information announced Thursday.

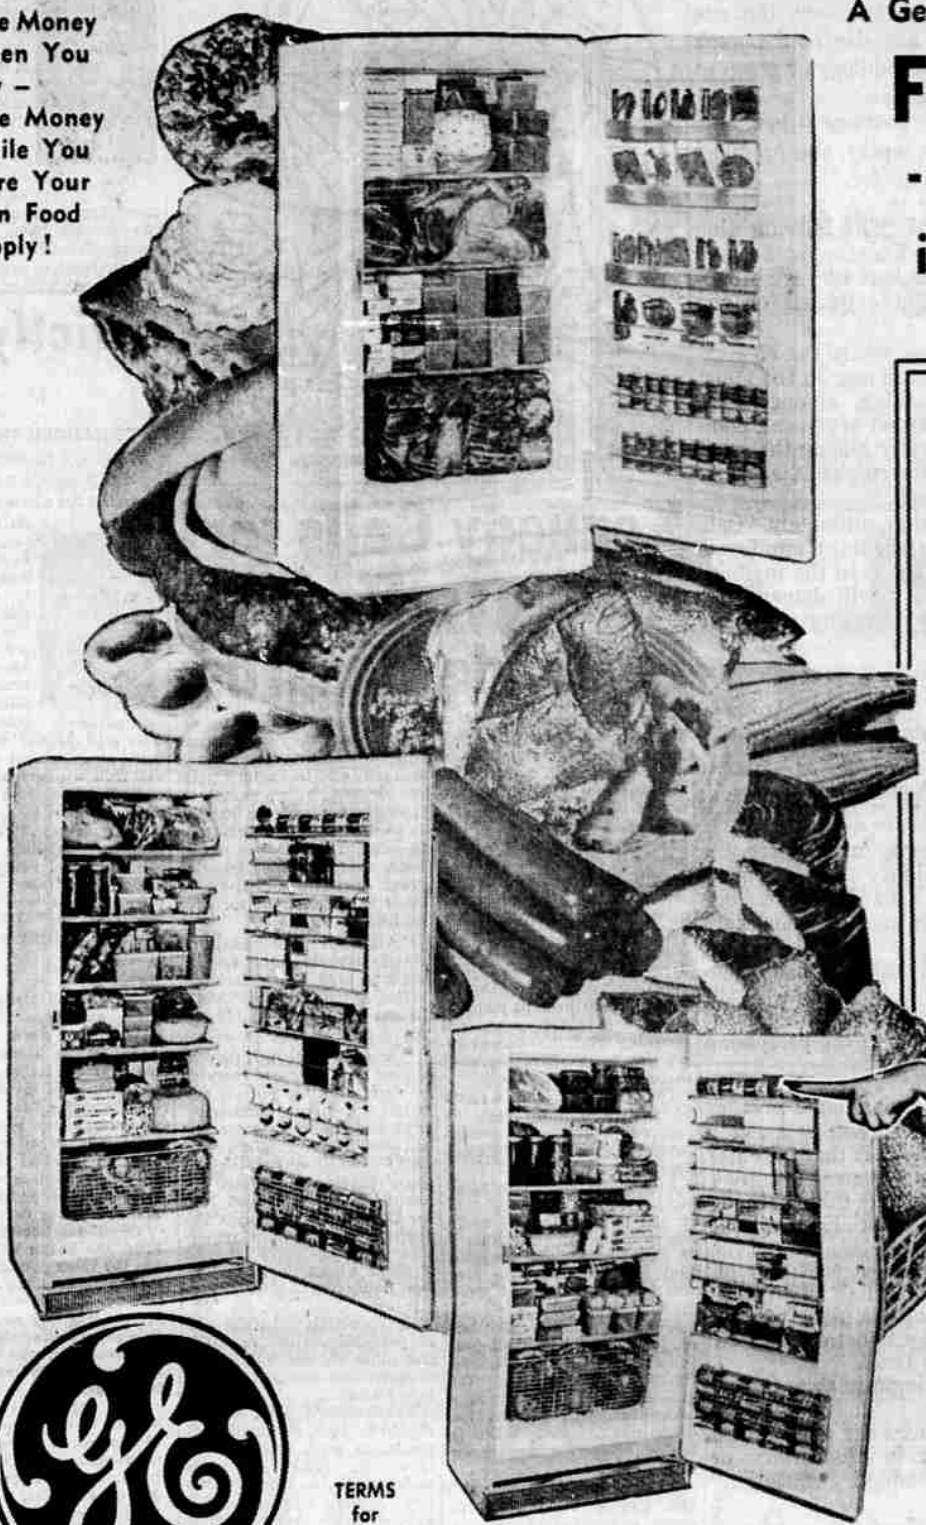

Councilman Is Named in GP

Grants Pass—Gordon Christiansen, Grants Pass businessman, was appointed to the Grants Pass city council last night to replace Bob Pruitt, who resigned because of the pressure of business. The council also called for bids to remove a building on the old Safeway property which the city recently purchased for a municipal parking lot. Bids will be opened June 5, with a minimum acceptable bid of \$28,000. Other stipulations of the bids must include an agreement not to sell it for any use which would generate automobile traffic between 9 a.m. and 6 p.m., and ownership can not be transferred to a third party within 15 years without approval of the city. The council also accepted the bid of Fred Stubbert, Springfield, which totaled \$35,750, to build about 25,000 feet of curbs and gutters involved in the 1963 street improvements program in the city. The Grants Pass branch of the U.S. National Bank submitted a low bid of 2.7297 per cent interest rate for \$77,307 worth of Bancroft bonds for improvements in the city.

Consumer Measure Returned Again

Salem—The Senate Thursday reversed its action of Wednesday in a 30-minute wrangle which included charges of lobby influence, and sent a consumer protection measure back to committee for the second time in 24 hours with orders to change it back to its amended form. The measure would prohibit quantity limits on advertised merchandise, and restrict "loss leader" sales. The Interim Committee on Small Business sponsored a bill patterned after the New Mexico consumer protection law, but the Senate financial affairs committee determined it was unconstitutional, and tabled it. Later, at the request of sponsors, the measure was brought back to life and amended to be similar to a California law.

Save Money When You Buy - Save Money While You Store Your Own Food Supply!

A General Electric FOOD FREEZER --- a Supermarket in your home

MODEL CA 222X

Net storage volume is 12.0 cubic feet. This bookshelf G-E food freezer features positive safety latch, straight line design, gleaming white baked-on enamel exterior, nine-position temperature selector, total contact freezing plus a net food storage weight of 420 lbs. Like all G-E freezers it also features soft seal gasket on the door, metal retaining strip under the gasket to allow for temperature variations and a flush hinge to allow in-corner installation.

Regular Price \$229.95

SALE PRICE . . . \$188⁸⁸

ALL G.E. FREEZERS NOW SALE PRICED!

The food is your investment ---the freezer is your protection!

Filling the freezer four times a year would amount to about \$1,000 worth of food. At that rate, over a 15-year period the food investment could amount to \$15,000. That's a lot of food . . . a valuable investment. And with a G-E freezer, it is like money in the bank. Whether you're interested in a 12 or 19 cu. ft. freezer, doesn't it therefore make sense to buy the best.
