NATIONAL FOREST TIMBER FOR SALE WIZARD CREEK BLOWDOWN

Oral auction bids will be received by the Forest Supervisor, or his authorized representative at the office of the Forest Supervisor Post Office Building, Medford, Oregon, beginning at 2:00 P.M., P.D.T., May 27, 1963, for all merchantable timber marked or designated for cutting on an area embracing 1,175 acres, more or less, within Sections 23, 26, 27, 28, 32, 33 and 34, T. 29 S., R. 4 E., and Sections 30 and 31, T. 29 S., R. 5 E., W.M., surveyed, in the Rogue River National Forest, Douglas and Klamath Counties, Oregon. The estimated volumes are: 1,500 M board feet of Douglas-fir; 400 M board feet of western white pine, ponderosa pine and sugar pine; 3,900 M board feet of shasta red fir; 1,300 M board feet of white fir and other species. The minimum acceptable bid per M board feet is as follows: Douglas-fir $23.40; western white pine, ponderosa pine and sugar pine $21.00; Shasta red fir $7.50; white fir and other species $7.65. This includes the following rates, per M board feet for stumpage, including deposit for sale area betterment: $15.20 base rate plus an additional $7.00 for Douglas-fir; $10.75 base rate plus an additional $9.35 for western white pine, ponderosa pine, and sugar pine; $2.00 base rate plus an additional $3.00 for Shasta red fir; $2.00 base rate plus an additional $4.75 for white fir and other species; and $0.90 for slash disposal for all species. The stumpage rates payable for each species will be increased by the amortization rate in effect for that species when the unamortized estimated cost of the main haul roads has been amortized by timber scaled. The unamortized estimated cost is $13,152.00. Amortization rates are: Douglas-fir, $4.02 per M board feet; western white pine, ponderosa pine and sugar pine, $3.53 per M board feet; Shasta red fir, $0.83 per M board feet; and white fir and other species, $0.98 per M board feet. Amortization of estimated main haul road costs is computed on 100 percent of the estimated timber volume. In addition there is within the sale area an unestimated volume of Douglas-fir, logs and peeler blocks, unmerchantable because of defect which the bidder may agree to remove at $0.50 per M board feet, gross scale. The prices bid for stumpage shall be considered as tentative rates subject to quarterly calendar adjustment upward or downward by 0.5 of the difference between the average of the monthly Douglas-fir Region Indices, as calculated by the Forest Service, or the Western Pine Association Lumber Price Index, for the three previous months, and the following base indices: Douglas-fir 103.02(C); western white pine, ponderosa pine and sugar pine 104.28; Shasta red fir 97.35(B); white fir and other species 91.68(A). Such adjustments in the price for stumpage shall be applicable to timber scaled during the three-month period following the quarter for which the adjustment is computed. In no event, however, shall the payment rates for each quarter be less than the base rates as stated above. When the adjusted rates by species are lower than the base rates, the difference between the total dollar value of the timber cut at adjusted rates and at base rates will be recorded for each species. The stumpage rate for any species will not be increased above the base rate until the subsequent adjusted rates above the base rate for all species develop an accumulated total dollar value in excess of the total recorded accumulated difference for all species. Sealed bids will be publicly opened and posted, at the office of the Forest Supervisor, at 2:00 P.M., P.D.T., on May 27, 1963. All those who submitted a satisfactory sealed bid will be permitted immediately to continue auction bidding. A money order, bank draft, cashier's or certified check in the sum of $11,400.00 must accompany each bid, to be applied to the purchase price, refunded, or retained for application to any claim for damages, according to the conditions of sale. If requested by the purchaser, contract terms will permit felling of timber in advance of payment up to the value of the performance bond. If an oral bid is declared to be high at the closing of the auction, the bidder must immediately confirm the oral bid by submitting it in writing on a Forest Service bid form. The right to reject any and all bids is reserved. Forest Service bid forms for use in submitting sealed bids and full information concerning the timber, the conditions of sale and the submission of bids should be obtained from the District Ranger, Union Creek Ranger Station, Prospect, Oregon, or the Forest Supervisor, Medford, Oregon before bids are submitted.

Roseburg Men Get USDA Citations

Roseburg – Two men from Roseburg were honored last week by the U.S. department of agriculture, according to Congressman Robert B. Duncan (D-Ore.) who was notified by the department of the forthcoming awards.

Ray B. Hampton, and Jack B. Hogan, both of Roseburg, received length of service citations following more than 40 years service with the department.

CP Youth Decorated As Outstanding Cadet

Byron Hunter Dixon of Central Point was decorated twice during the annual President's review held recently at Willamette university. Young Dixon, a sophomore, received the General Dynamics corporation award for outstanding achievement in the ROTC program of the United States Air Force at the university, and also received the "outstanding basic cadet" award.

He is the son of Mr. and Mrs. W. H. Dixon, 109 Windsor way, Central Point, and is a graduate of Medford High school. He will return home at the close of school the last week in May.

Wood Merchants To Tour GP Plant

Forty-four top retail lumber merchants and cabinet manufacturers from the Greater Bay area of San Francisco are scheduled to arrive in Medford in a chartered plane at 11:20 a.m. Tuesday, May 21.

The delegations will continue from Medford to Grants Pass to visit Southern Oregon Plywood Mill and the new Sierra Wood Products refinishing plant.

The Californians will remain overnight at the Riverside Motel in Grants Pass and on Wednesday will board a plane here for San Francisco.

Heading the group will be a former Grants Pass resident, James Oakley, who is now general manager of Doors, Inc., which is sponsoring the trip.

In the delegation will be representatives of organizations and multiple retail outlets which are prime merchandisers of Oregon plywood, much of which comes from Southern Oregon Plywood, Inc.

Leading the tours through the mills will be Robert Kellso, Southern Oregon plant superintendent, and Jack Seymour, production supervisor of Sierra Wood Products.

House Is Damaged By Fire in Talent

Talent – The inside of a small house owned by Vane Lutz, located behind the Richfield service station here, was extensively damaged Wednesday night when a fire which apparently had been smouldering all day in a davenport built up enough heat to blow out the windows, according to a report.

Lutz, who was near by at the time, heard the explosion and called the Talent City fire department. The fire was extinguished, but it was discovered upon entering the house that so much heat had been built up that the paint had melted off the walls and a clock on a shelf had melted.

The people occupying the house had left early in the morning. The fire was discovered about 9 p.m.
