NATIONAL FOREST TIMBER FOR SALE UPPER BYBEE

Oral auction bids will be received by the Forest Supervisor, or his authorized representative at the office of the Forest Supervisor, Post Office Building, Medford, Oregon, beginning at 10:30 A.M. P.D.T., June 24, 1963, for all merchantable timber marked or designated for cutting on an area embracing 1,080 acres, more or less, within Sections 14, 15, 16, 22 and 23, T. 30 S., R. 4 E., W.M., surveyed, in the Rogue River National Forest, Jackson County, Oregon. The estimated volumes are: 1,840 M board feet of Douglas-fir; 630 M board feet of western white pine, sugar pine and ponderosa pine; 1,790 M board feet of white fir and other species. The minimum acceptable bid per M board feet is as follows: Douglas-fir $30.05; western white pine, sugar pine and ponderosa pine $26.20; white fir and other species $11.55. This includes the following rates, per M board feet for stumpage, including deposit for sale area betterment: $19.95 base rate plus an additional $7.70 for Douglas-fir; $14.30 base rate plus an additional $9.50 for western white pine, sugar pine and ponderosa pine; $3.45 base rate plus an additional $5.70 for white fir and other species; and $2.40 for slash disposal for all species. The stumpage rates payable for each species will be increased by the amortization rate in effect for that species when the unamortized estimated cost of the main haul roads has been amortized by timber scaled. The unamortized estimated cost is $2,670.00. Amortization rates are: Douglas-fir, $0.92 per M board feet; western white pine, sugar pine and ponderosa pine, $0.78 per M board feet; and white fir and other species, $0.27 per M board feet. Amortization of estimated main haul road costs is computed on 100 per cent of the estimated timber volume. In addition there is within the sale area an unestimated volume of Douglas-fir, logs and peeler blocks, unmerchantable because of defect which the bidder may agree to remove at $0.50 per M board feet, gross scale. The prices bid for stumpage shall be considered as tentative rates subject to quarterly calendar adjustment upward or downward by 0.5 of the difference between the average of the monthly Douglas-fir Region Indices, as calculated by the Forest Service, or the Western Pine Association Lumber Price Index, for the three previous months, and the following base indices: Douglas-fir 103.02(C); western white pine, sugar pine and ponderosa pine 104.28; white fir and other species 91.68(A). Such adjustments in the price for stumpage shall be applicable to timber scaled during the three-months period following the quarter for which the adjustment is computed. In no event, however, shall the payment rates for each quarter be less than the base rates as stated above. When the adjusted rates by species are lower than the base rates, the difference between the total dollar value of the timber cut at adjusted rates and at base rates will be recorded for each species. The stumpage rate for any species will not be increased above the base rate until the subsequent adjusted rates above the base rate for all species develop an accumulated total dollar value in excess of the total recorded accumulated difference for all species. Sealed bids will be publicly opened and posted, at the office of the Forest Supervisor, Medford, Oregon, at 10:30 A.M., P.D.T., on June 24, 1963. All those who submitted a satisfactory sealed bid will be permitted immediately to continue auction bidding. A money order, bank draft, cashier's or certified check in the sum of $7,100.00 must accompany each bid, to be applied to the purchase price, refunded, or retained for application to any claim for damages, according to the conditions of sale. If requested by the purchaser, contract terms will permit felling of timber in advance of payment up to the value of the performance bond. If an oral bid is declared to be high at the closing of the auction, the bidder must immediately confirm the oral bid by submitting it in writing on a Forest Service bid form. The right to reject any and all bids is reserved. Forest Service bid forms for use in submitting sealed bids and full information concerning the timber, the conditions of sale and the submission of bids should be obtained from the District Ranger, Union Creek Ranger Station, Prospect, Oregon, or the Forest Supervisor, Medford, Oregon, before bids are submitted.

Said section 4 also provides that any use of the surface of any such mining claim by the United States, its permittees or licensees, shall be such as not to endanger or materially interfere with the prospecting, mining, processing or reasonably incident uses by the mining claimant.
