

Students From Area In Honors Program

Corvallis — Six students from the Medford area are enrolled in the school of science honors program this year at Oregon State university.

They are James A. Albright, Nona J. Donahue, Nicholas F. Gier Jr., Alfred Mercer, freshman, and Joseph H. Beatty, sophomore, all of Medford; and Alice A. Thompson, junior, Central Point.

The science honors program was started three years ago to "enrich educational opportunities for the more able students and to recognize scholarly achievement."

A total of 67 freshmen, 50 sophomores, 23 juniors, and 15 seniors are participating in the special program this year.

Under the program, students are enrolled in honors sections in several departments, do extra work such as readings, research and seminars, and take some special classes. At graduation, they receive diplomas that indicate honors in their specific fields.

SELECTED FOR SIGMA XI

Corvallis—Norman E. Pawlowski, route 1, box 8, Jacksonville, has been selected for membership at Oregon State university in Sigma Xi, national research honor society. Membership is based on research accomplishments.

Kennedy To Attend Birthday Dinner

Washington — President Kennedy was to fly to New York today for a day of sentimentality and politics capped by a birthday dinner which is costing some 650 well-wishers \$1,000 a plate to attend.

Kennedy's only other announced purpose for a 24-hour stay in Manhattan was to participate in the dedication of a memorial to 4,596 servicemen killed in the western Atlantic during World War II.

The President's schedule called for him to motor to Battery Park for the ceremony from Idlewild Airport after a jet flight from Andrews Air Force Base, Md.

After speaking at the memorial, Kennedy planned to go to the Carlyle Hotel in mid-Manhattan to spend a quiet afternoon in his penthouse suite.

Tonight, there was no question about politics being in the limelight, with the party's treasury being enriched more than a half-million dollars by the birthday tribute to Kennedy. He will be 46 years old on May 29.

LICENSE SUGGESTED

Concord, N.H. — UPI — The state Fish and Game department said an unidentified man who takes his retriever, Chico, fishing has reported that the dog frequently stands at full point when it spots a trout lazing in a brook. He wanted to know if this was legal. The department said it wasn't illegal but suggested the dog should have a fishing license.

Moose Juniors To Play at Festival

The Moose Juniors of the Medford Moose lodge under the direction of Blas Heine, will participate in the Azalea Festival Saturday at Brookings.

The group will meet in uniform Saturday at 9 a.m. across the street from the Brookings Chamber of Commerce. Those leaving Medford Saturday morning will meet at the Moose hall, 11 Newtown st., at 4:30 a.m.

The group includes some 50 youths, and several engagements have been booked for them in addition to the Azalea Festival.

A LONG WAY UP—Little Christine Cochrane, 3, takes a good look at "Miss California Tip Topper of 1963", Phyllis Kappen, 20, of Torrance, Calif. The statuesque, blue-eyed blonde, who stands more than six feet tall, won the title in a Los Angeles beauty contest. Miss Kappen, considered tall in most circles, barely qualified for the contest, which requires a minimum height of six feet. (UPI).

School News

Prospect Schools

Two Prospect High groups, the lettermen and the pepsters, chose new officers at recent meetings. The lettermen elected Dwayne Chapman, president; Jerry Wilson, vice president; and Irvin Hall, secretary-treasurer. The pepsters elected Beth Biden, president; Barbara Beck, vice president; Fran Artimire, secretary; and La Quita Barnes, treasurer.

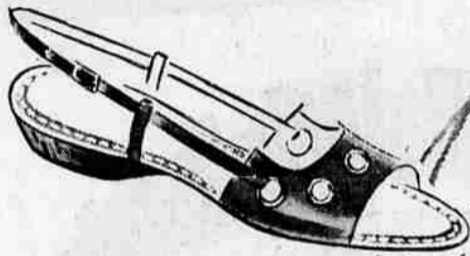

The final national school assembly program of the year was offered recently. Bill Jacobs provided a program

of music novelties. He began by playing the marimba, next obtained music from bicycle horns, little aluminum pans and bottles filled with liquids, and wound up by using dogs and a clown as musical puppets.

Students in the fourth grade have seen two science films recently, "Beaver Valley" and "Seal Island." The class has been learning to add unlike fractions and has been studying perimeters and areas. On the eighth grade's dress-up day, the fourth graders were invited to attend and read their original poems.
