Amortization rates are: Douglas-fir, $23.52 per M board ft.; ponderosa pine, $20.84 per M board ft.; sugar pine and western white pine, $16.89 per M board ft.; and white fir and other species, $11.26 per M board ft. Amortization of estimated main haul road costs is computed on 80 percent of the estimated timber volume. The purchaser may request that the contract provide for more rapid amortization of the estimated cost of roads which must be constructed before normal logging operations will be possible. In addition there is within the sale area an unestimated volume of Douglas-fir logs and peeler blocks, unmerchantable because of defect which the bidder may agree to remove at $0.50 per M board ft., gross scale. The prices bid for stumpage shall be considered as tentative rates subject to quarterly calendar adjustment upward or downward by 0.5 of the difference between the average of the monthly Douglas-fir Region Indices, as calculated by the Forest Service, or the Western Pine Association Lumber Price Index, for the three previous months, and the following base indices: Douglas-fir 103.02(C); ponderosa pine 82.73; sugar pine and western white pine 105.43; white fir and other species 91.68(A). Such adjustments in the price for stumpage shall be applicable to timber scaled during the three-months period following the quarter for which the adjustment is computed. In no event, however, shall the payment rates for each quarter be less than the base rates as stated above. When the adjusted rates by species are lower than the base rates, the difference between the total dollar value of the timber cut at adjusted rates and at base rates will be recorded for each species. The stumpage rates for any species will not be increased above the base rate until the subsequent adjusted rates above the base rates develop an accumulated total dollar value in excess of the recorded accumulated difference for all species. Sealed bids will be publicly opened and posted, at the office of the Forest Supervisor, at 2:00 P.M., P.D.T., on June 26, 1963. All those who submitted a satisfactory sealed bid will be permitted immediately to continue auction bidding. A money order, bank draft, cashier's or certified check in the sum of $6,100.00 must accompany each bid, to be applied to the purchase price, refunded, or retained for application to any claim for damages, according to the conditions of sale. If so requested by the purchaser, contract terms will permit felling of timber in advance of payment up to the value of the performance bond. If an oral bid is declared to be high at the closing of the auction, the bidder must immediately confirm the oral bid by submitting it in writing on a Forest Service bid form. The right to reject any and all bids is reserved. Forest Service bid forms for use in submitting sealed bids and full information concerning the timber, the conditions of sale and the submission of bids should be obtained from the District Ranger, Star Ranger Station, Jacksonville, Oregon, or the Forest Supervisor, Medford, Oregon, or the Regional Forester, Portland, Oregon, before bids are submitted.
