

Champion Upset By Willie Pastrano In 15-Round Title Bout

Las Vegas, Nev. — (UPI) — Dancing Willie Pastrano, a second substitute and a 5-1 underdog, wrested the World Light Heavyweight champion-

ship from veteran Harold Johnson Saturday night on a split 15-round decision for one of the greatest upsets in ring history.

Pastrano's victory before a small crowd of about 2,500 snapped 34-year-old Johnson's winning string at 19 straight and ruined Philadelphia Harold's attempt to make a successful defense of the undisputed 175-pound crown.

The decision in the Las Vegas Convention Center was greeted with mingled cheers and boos because it was a very close and wellfought contest by both men.

Pastrano, 27, of Miami Beach, Fla., weighed 174 pounds. Johnson scaled 173½. There were no knockdowns in the bout.

Pastrano was his 5-1 underdog because his recent ring record could not compare with that of the muscular Johnson.

Moreover, Pastrano was a third choice as a contender because he got a title shot only after two other boxers suffered training injuries and had to withdraw.

They were Mauro Mina of Peru and Henry Hank of Detroit.

Pastrano was given the title chance because of his victory in this same Las Vegas ring May 4 over contender Wayne Thornton of Fresno, Calif.

Rehabilitation Funds For Paisley Range Land
Washington—(UPI)—A total of \$185,000 in accelerated public works funds has been allocated for range rehabilitation in the Paisley unit of Oregon's Lakeview Grazing District.

AMERICAN LEAGUE ROUNDUP

Hurler Turns Slugger to Lead Yankees to 5-2 Win

By United Press International
Jim Bouton turned slugger Saturday when he hit a three-run double and scattered seven hits to provide the New York Yankees with a 5-2 victory over the Cleveland Indians.

Bouton, with only one hit in 20 previous times at bat this season, cleared the bases in the seventh inning with a double to deep left field that upset the strategy of Cleveland manager Birdie Tebbets.

With men on first and second, Tebbets ordered Clete Boyer walked to get at the weak-hitting Bouton, figuring the Yankee hurler for an easy third out. But Bouton surprised everybody with the hit that clinched his seventh win of the season.

Roger Maris homered for New York and Fred Whitfield connected for Cleveland.

Rookie Jim Roland, who appeared destined for a trip back to the minors, pitched a five-hitter as Minnesota defeated Detroit, 7-1. A 10-hit Minnesota attack, led by Zoilo Versalles' four hits, backed the 20-year-old southpaw's third victory of the year.

Needed Margin
Doubles by Versalles, Harmon Killebrew and Jimmy Hall in the first inning gave Roland all the margin he needed.

The Chicago White Sox took advantage of five walks in the third and fourth innings to score their runs and beat the Boston Red Sox, 3-1. Joe Horlen went the first five innings and was credited with his fourth straight win. Jim Brosnan mopped up for the White Sox, allowing only three hits in four innings. Boston scored its only run on Lou Clinton's homer in the second inning.

Baltimore played at Los Angeles and Washington was at Kansas City in night games.

MEDFORD MAIL TRIBUNE SPORTS

FORCED OUT — Chicago Cub's Dick Ellsworth is forced out on second as Phillies Second Baseman Tony Taylor throws to First Baseman Roy Seivers to try to catch Chicago's Ken Hubbs, whose drive to Don Hoak started the play in the third inning at Connie Mack stadium Saturday. (UPI)

Local Man Named Area Distributor

Floyd R. Mode, 2414 Kings highway, Medford, has been appointed warehouse distributor for VX-6, a product of National Dynamics corporation, New York.
This is a liquid chemical formula that attacks sulphation, considered the leading cause of battery failure and short battery life.
Mode is an experienced pipe-fitter and welder. He is now introducing VX-6 through industrial users and car owners in this territory, according to company officials.

SOC Track Entries Fail Quals

Sioux Falls, S. D. — (UPI) — Half-miler Don Aaberg of Lewis and Clark was the only Oregon entry to pass qualifying tests in the NAIA track meet Friday.

Aaberg ran fourth in his heat in 1:55.4 and earned a spot in today's finals.

Oregon entries in five other events fell by the wayside. Bill White of Southern Oregon ran fourth in his heat of the high hurdles and then was eliminated in the low hurdles semifinals when he finished sixth. He had run third in the first heat in the lows.

Doug Manning of Pacific finished fifth in his 100-yard dash heat and later lost out in the 220 semifinals. Threemiler Chris Miller of Lewis and Clark also was eliminated.

Ava L. Lewis Jr., route 1, box 155, Glendale, and Iohnnie Sue Goodson, box 130, Glendale.

By Carl Sander

The great engineering step pioneered by the Big Three of auto-making industry when they came out with the "compact" cars for 1960 was a great day for car designers. Up until this time designers and engineers have spent nearly all of their creative effort on modifying models that were already designed. This time they got out their drawing board and sharpened their pencils with enthusiasm. This was the challenge they had been waiting for, and many new ideas long stored in the dusty bottoms of desk drawers, were incorporated in these new models which mark the greatest revolution in automotive history since the V-8 engine in the early thirties. Now, with the turbine in the making, there is another revolution in automotive production. This will mean careful maintenance and frequent safety checks.

TREES FOR YOUR FUTURE

PREVENT FOREST FIRES

A complete program of forest management provides trees for an unlimited future payroll in Southern Oregon. Through cooperation with Federal Agencies and private timber owners, a continuing supply of raw material for existing manufacturing plants is assured for years and years. Selective cutting, tree planting and advances in logging practices make possible a program whereby the Forest Industry will continue to provide a payroll unmatched by any other industry in the area.

College students working on a job in the Forest Industries while attending college . . . young men, just starting their families are offered job opportunities by the Forest Industries . . . high school boys who spend their summers working in the forests and saving to attend college . . . your county government . . . your schools . . . any business on the main street of any town in Southern Oregon . . . THEY ALL DEPEND ON THE FOREST INDUSTRY!

The progress in Forest Management and Wood Utilization Programs has been remarkable, yet the future holds even greater promise of new payrolls with new products, new methods and new ideas.

The problems are many in such a large and complex industry — as in any business. Most of these problems are solved immediately but some require an unusual amount of time, work and money. Some of these problems seem to defy the efforts of all men to reach a solution, but these efforts never cease.
