

Summer Program Schedule at Local Schools Announced

The summer program to be offered by the Medford public schools has been announced by Dr. Leonard B. Mayfield, superintendent. Registration for the summer session is scheduled for 8 a.m. Monday, June 17, at Medford High school.

The elementary school classes will be held June 17 through July 19 from 8 a.m. to noon. Junior high school and senior high school students will attend classes from June 17 through July 26 for the same hours of the day.

Summer school will not be in session Thursday and Friday, July 4 and 5. All classes will be held in the Medford High school, 815 South Oakdale ave.

Tuition Noted

There will be no tuition fee charged students who are legal residents of School District 549C. Other students will pay a \$50 tuition fee.

Regular academic classroom will emphasize the skill subjects in the elementary school and required subjects for graduation in the secondary program. Instructors with broad teaching experience and training comprise the staff. Glenn L. Linn, principal at Hedrick Junior High

school during the regular school year, serves as summer school principal, and Bruce Metzger of the Jackson school as assistant principal.

In grades one through six, two groups of students will be enrolled. Those who have not quite made the passing minimum for the grade level because of illness, absences, or other reasons; and those who have made the promotional requirements but need strengthening in some areas.

Students in grades seven through 12 are recommended to summer school for making up lost academic credits. In the case of high school, many students take a new subject for credit in order to increase their program of elective subjects the next school year.

Recommended By Teacher

A recommendation from the student's teacher and principle is needed for summer school attendance at the elementary level. The student's own grade level determines his attendance from the secondary schools.

Classes in personal typing, note-taking, and general business will be offered to senior high school students and to those students who are in the junior high school.

Enrichment courses, which will be available to high school students, include creative writing, speed reading, public speaking, conversation

al French and Spanish and biological science. There will be a home-making workshop and a driver training "behind the wheel" class for high school students.

Beginning Courses Offered

Beginning and advanced courses will be offered in drafting, general metal shops and art crafts. The crafts will be offered at the elementary and secondary levels.

There will be a beginners meeting for students, who have never had the opportunity to study an instrument, on July 8 in the high school band room. Band and orchestra classes are scheduled for July 9 through Aug. 2. Classes will be open to fourth graders during the summer.

They are open to fifth and sixth graders only on the elementary level during the regular school year.

There will be a \$2 registration fee collected for a four weeks course in baton, \$4 for elementary and junior high band and orchestra classes, and \$2 for the high school band and orchestra classes. No student will be denied participation in the program, however, because of lack of the registration fees, Irving A. Mirick, instrumental music supervisor, stated. These exceptions will be cleared through the music supervisor.

Seniors and college students will be welcomed into the senior high band, according to Mirick. Registrations for the band and orchestra classes should be completed before school is dismissed for the summer.

Students who are beginners may register after the July 8 meeting in the band office at the high school.

Area Students to Receive Degrees

Three students from Medford will be among the 68 candidates to receive the degree of doctor of medicine at the University of Oregon medical school commencement ceremonies June 7 in the medical school auditorium in Portland.

They are Joseph Graham Antony, George Allan Goodman, and Curtis Ray Holzgang.

Holzgang, the son of Mr. and Mrs. George V. Holzgang, 626 Park st., Medford, also will be among 10 candidates receiving a master of science degree at the commencement ceremonies.

Antony is the son of Mrs. Florence Arden Antony, 420 Hillcrest rd., Medford, and the late Dr. Joseph T. Antony. Goodman's parents are Mr. and Mrs. George W. Good-

To Attend Institute

Corvallis-Vernon L. Arnold, 26 Almond st., Medford, has been selected to attend an eight-week mathematics institute this summer at Oregon State university. He teaches at Hedrick Junior High school.

The institute will be supported by a grant from the National Science Foundation. Fifty-six junior and senior high school teachers will attend.

566 Notices Sent To Land Owners in Sams Valley Region

A total of 566 registered notice of election forms have been mailed to all recorded property owners eligible to vote in the new Sams Valley Irrigation district election June 25, from 8 a.m. to 8 p.m. in the Sams Valley Grange hall, according to County Clerk E. M. Madden.

Those people who signed petitions for formation of the district were not sent a notice in compliance with Oregon law, Madden said.

Definition of voting rights is: According to the irrigation district act "owner of land"

means every person over 21 who is a bona fide owner of two or more acres within the district and whose deed has been recorded in the county deed records over six months. Or, a land owner must have a bona fide contract of sale of two or more acres which contract has been recorded in the deed records more than six months. In any irrigation district contracting with the United States for a water supply, voter qualifications shall be ownership of four or more acres of land.

More Than One Owner

If more than one owner has interest in a land, a voter must have half interest or more in the property and have written authorization of the other owners to vote providing their interest is one-half or more.

When two or more persons are entitled to vote while representing the same property, the first one who casts his vote shall be recognized. Any corporation is entitled to vote as a single landowner through any agent authorized in writing with the seal of the corporation, according to the law.

Purpose of forming the district is to contract for water with the U. S. government, according to Sams Valley Irrigation association secretary.

It is estimated there will be 18,000 acres of irrigated ground, but individuals who do not wish to use the water will not be assessed. Irrigation water will come from Elk creek dam and the proposed formation is located from Trall, west of Rogue River to Gold Hill, north of Rogue River.

Twenty Students Of Area Receive Degrees at OSU

Corvallis - Twenty students from the Medford area were scheduled to be graduated from Oregon State university today at the school's 94th annual commencement exercises.

A total of 1,837 degrees will be conferred by OSU President James H. Jensen. This is the second largest number in history, topped only by the veteran-packed class of 1950. The number of advanced degrees this year is a record total.

A breakdown shows 1,387 bachelor's degrees this year, 380 master's degrees, 60 doctor's degrees, and four professional engineering degrees. The commencement program will be at 2 o'clock this afternoon in the OSU Coliseum. The public is invited.

Medford area seniors who will receive degrees, by schools, include:

Science, Robert Lee Steele, Medford.

Business and technology, Curtis Jay Cook, Karen Jane Culbertson, Freddie Lee Funston, James Paul Funston, William Tom Hamlin, Stewart Fredrick Schroeder, Donald Allen Smith, all Medford; Mary Ann Hubbard, Prospect.

Education, Judith Mary Casciato, Nyla Cecilia Murry, Medford; Anzel Patrick Conley, Butte Falls; Herschel Lewis Mack, Gold Hill; Anita Carol vander Helien, Central Point.

Home economics, Janet Adelaide Kilbourn, Central Point.

Pharmacy, Floyd Donald Driskell, Jacksonville.

Engineering, Jared Lee Black, Medford.

Lynn Deryl Bernston, Medford, will receive a master of education degree; Sonya Ann Lea, Medford, a master of arts degree; Duane William Goodman, Central Point, a master of science degree.

Bohemian Club Door Broken Second Time

For the second night in succession, someone broke out a glass door at the Bohemian club, 10 South Fir st., Thursday night.

Proprietors of the tavern told officers that \$10.95 in change was missing from the cash register.

Nothing was apparently taken, however, when the glass door on the Fir st. entrance was smashed Wednesday night, officers said.
