AS NEAT AS HUMAN HANDS CAN MAKE IT Suburban Retirement Home

Flowers, Friendly Neighbors & Huge Garden Here is that pretty little place in the country that you have been looking for. It is as neat and clean as a new doll house, surrounded by a rose garden that you will be proud of.

It is located near Central Point on half an acre of rich free soil that produces bumper crops of berries and vegetables. The strawberries are red ripe now and will be followed by other berries later in the summer.

The house was built just five years ago and is as neat and clean as the day it was first built. It has just been completely repainted inside and out, and it can't be told from brand new.

The owners are moving to Eugene and would consider trading for property there. If you have property in Eugene or know of anyone with property there wanting to trade for C-L-E-A-N Medford property, phone us now while this charming place is still available.

DELIGHTFUL 3 BEDROOM 2 BATH HOME NEAR HEDRICK SCHOOL

ECONOMICAL PERIMETER HEAT. CORNER LOT Here is one of the special kind that will appeal to the discriminating young family with children of school age. If it is so close to the Roosevelt school that even the first graders can walk to school on the worst days. Hedrick Jr. High is only two blocks away, and there the school bus picks up the high school students and takes them to Medford Senior High. There just isn't a more convenient location for a family with school children.

It is an especially attractive home set well back from the street, and the neighbors, on a big corner lot. There is plenty of room for your children to play here. You can quit your worrying about the little ones having to play in the street.

The interior will please the most discriminating buyer. It is light and gay with lots of big windows and gleaming hardwood floors. The rooms are all large and the floor plan is one that you will like more the longer you live there.

There is a big flagstone fireplace in the living room and a barbecue in the family room-dining room combination.

The kitchen is large and light with a built-in oven and range that still sparkle like new.

There is a long covered patio for summertime parties, but it will serve equally as well for a place for the youngsters to play on rainy winter days.

The economical perimeter heating system will save you plenty of money and the colder the winter the more you save. There is also a refrigerated cooling system to keep it cool on summer afternoons.

If you are shopping for a home in the \$20,000 class you should see this perfectly located home today. Phone right now for an appointment to see it before some other discriminating buyer gets there first.

AN ACRE OF RICH IRRIGATED LAND CUTIE IN THE COUNTRY

REDUCED TO \$11,900 FOR QUICK SALE A DOLL HOUSE may be a better description of this especially attractive home in its lovely setting on a little hill just a short way outside the Medford city limits.

It was built just before the war when the very best of materials were available. A retired California couple bought it last year and spent a young fortune remodeling and redecorating it for their home. They had one of Medford's best contractors go completely through the place and spared no cost in renewing it.

They had to return to California for business reasons and you can now be the lucky owner of this darling place.

If you have been shopping for one of the nicer two bedroom homes and have been discouraged by either the price or the condition of the home, take time right now to see this little jewel. You will agree that it is the cutest, and certainly the cleanest, 2 bedroom home available today.

The owners have already gone back to California and you can move in right away. The big garden space is just begging somebody to come and plant a garden in it.

If you want to see the best in a two bedroom home available today, phone right now and let one of our courteous sales people show you this immaculate home.

BUSINESS PROPERTY ON HIWAY 99 POTENTIAL UNLIMITED.

2 ACRES PARKLIKE GROUNDS. GOOD INCOME This two acre tract near Phoenix on Hiway 99 can be your start toward independence if you have \$7,700 to pay down, or a good clean 2 bedroom home in Medford or Phoenix to trade in on.

You can move into one of the three good houses and the rentals collected from the other two houses, plus another business rental will more than pay the payments and the taxes too.

You can live in the parklike surroundings and enjoy all the benefits, including a good home, a really big garden, a small orchard, plus an acre of good irrigated pasture while your tenants pay the bill.

The retiring owners want to move down town into a smaller two bedroom home and will consider either Medford or Phoenix property in trade.

THIS CAN BE YOUR START TOWARD INDEPENDENCE if you have or can get \$7,700 to pay down. Great fortunes have been made on lesser starts. Phone right now while this bargain is still available.
