## Mrs. Tate Named Central Point Deputy Recorder

Central Point - Mrs. Dominic (Lorain) Tate was appointed deputy recorder by the Central Point city council Tuesday night.

Mrs. Tate has worked for the city as a clerk for the last four years. The new title carries no increase in salary, but allows Mrs. Tate to act in an official capacity in the absence of city recorder and administrator Freeman Anderson.

A request for a stop sign at the intersection of Fifth and Oak sts. was deferred until the police committee and planning commission could complete a traffic flow study for the entire city. Council members felt that the indiscriminate placing of stop signs would create more of a traffic problem than already exists.

In other action the council voted to:

- Set the date for a public hearing on the rezoning of the Koch property on south First st. from single family dwelling residential to commercial.
- Approve a resolution calling for a public hearing for vacating a public alley situated in block 1 of the Pattison addition.
- Set the date for a public hearing on the renaming of Constant st. to Ash st.
- Instruct the fire chief and building inspector to inspect and approve all building plans in the fire zone before building permits are issued.
- Set the date for a public hearing on the annexation of extension No. 3 of the Royal Heights subdivision.

The council decided that a complaint from plumbing contractors protesting builders doing their own plumbing without a city license was without foundation as a license is not necessary for builders doing plumbing of their own property.

Councilmen in a voice vote unanimously agreed that a stop work order should be issued by the building inspector to James Teets until the construction is brought up to city code.

Bjork, 860 Harmony lane, Ashland, recently received Veteran of Foreign Wars auxiliary's district and departmental writing contest first place awards during an Ashland high school assembly. Mrs. A. B.
