

# Oregon Supreme Court Decisions

Salem - (AP) - The Oregon Supreme Court Wednesday ruled that a child not legally adopted after being abandoned remains a legal heir of his natural mother.

The ruling came when the high court reversed a decision of the Washington County Circuit Court of Judge J. S. Bohannon, and remanded the case back to the lower court for further proceedings.

The lower court had ruled that Harold J. Hughes had been legally adopted, but Hughes appealed the order on grounds his natural mother had never signed the adoption papers.

The Supreme Court ruled that although the child had been abandoned by his natural mother, Mona Lawanda Nelson, he was still her legal heir.

**Tax Judge Upheld**

The Supreme Court upheld a decision by Oregon Tax Court Judge Peter M. Gunnar which held that a gift in trust for charities was non-deductible.

Also affirmed by the high court was an action by the Multnomah County Circuit Court of Judge Alan M. Da-

viding in setting aside the jury's verdict and granting a new trial in the case of an injured longshoreman.

Lloyd Strandholm was injured as the result of a large marine boom where he was working, and he was awarded damages by the jury.

The trial court set aside the jury's verdict and set a new trial because improper evidence had been introduced during the first proceedings.

The high court affirmed a Crook County Circuit Court ruling of Judge Robert H. Foley which granted quite title to a ranch to Vivien Parrish.

**Ruling Contended**

Charles E. Parrish claimed he acquired title to the property by adverse possession, and contended the trial court ruling. The high court found that Parrish had a life estate to the ranch, but had failed to establish adverse possession.

Also affirmed by the high court was a decision by Douglas County Circuit Judge Charles S. Woodrich in a case involving a collision between a garbage truck

## SAFETY NOTES

Chicago - (AP) - For safety's sake, motorists should remember the three basic rules for parking on hills, says the Chicago Motor club. To park on a downgrade, cramp the front wheels sharply toward the curb; on an upgrade, turn the front wheels sharply away from the curb; with no curb, always turn the front wheels toward the edge of the road.

making a left turn and a following logging truck.

Joe Heidrick appealed the trial court award to Leon Teller. The Supreme Court held that the trial court correctly instructed the jury on the law, and upheld the lower court.

# School News

Reported by Wynne Perryman, Becky Moore, Vicki Bannister, and Nicky Tooley.

We are very proud of the many students who have become eligible to be on the honor roll. Seven students have earned all A's or B's all five grade periods. They are Vicki Bannister, Stephen Lee, Mary Jo Minear, Becky Moore, Wynne Perryman, Kay Smith, and Terri Cook.

Six students have been on the honor roll four out of five grade periods. They are Linda Lehman, Susan Mitchell, Pamela Moore, Valerie Bagby, Mario Cuozzo, and Terry Cook.

The following boys and girls have been on the honor roll three times: Hazel Dennis, Gary Wade, Debbie Gee, Paula Keith, Dianna Ragsdill, Marcia Priebe, Barbara Finch, Donna Leon, Kathy Garrett, and Yvonne Walker. On the honor roll twice this year are Bill Langdon, Christie Greer, Mark Savage, Margaret McKee, and Sharon Bewley.

An award assembly was held on May 27 at 9 a.m. in the school gymnasium. Sev-

eral parents were present. The school band played and certificates of award were given to band, orchestra, librarians, school patrol, yell leaders, chorus, student body officers. Ribbons were presented to winners of the track meet.

Griffin Creek school placed second in the competition of the all city track meet with 13 other schools. We are very proud of these athletes and the coaches, Roland Griffith and Maurice Nelson.

Not long ago Griffin Creek purchased the orchard behind the school because they are going to make it into a football field. Very soon a bulldozer went in and tore out the trees. Then a grader came along and leveled it out.

We had a Kick-off Carnival to raise money for a turf. Everyone hopes we will have a beautiful field by next fall on which to play our games.

During National Library week, April 22 to 28, the school had a Doll show in the library. Mrs. Harriett Eitel Miller was in charge. Many dolls were entered. First, second, and third places were given in each event.

Winners were: Largest factory-made doll, Lorna Snopl; Barbara Finch, Joy Beaman; sweetest baby doll, Mary Jo Minear, Joy Beaman, Donna Leon; prettiest bride doll, Debbie Easley, Sylvia Teague, Julia Baum; smallest dressed doll, Vicki Bannister, Donna Overturf, Karen Killingsworth; Karen Killingsworth; best dressed doll (clothing made by student), Sharon Bewley, Carol Ellison, Wynne Perryman; oldest doll, Donna Overturf, Joy Beaman; foreign dolls, Margaret McKee, Jeff Plankenhorn; story-book dolls, Donna Overturf and Billy Overturf; prettiest set of twins, Kay Smith and Donna Leon.

The students in the fifth and sixth grades participated in a fitness test. There were nine events: standing broad jump, sit ups, shuttle run, pull ups, softball throw, 50 yard dash, and the 600 yard run. First place winners Rodney Petersen and Becky Moore received a gold trophy. Second place winners, Kevin Chambers and Christie St. Martin, received a silver trophy.

During the annual school patrol banquet of District 549C, awards were given. Many parents were present. On behalf of the Medford Safety Council, each patrol member was given a pen and pencil set and a pin. Griffin Creek is very proud of our patrol this year. They have all accepted their responsibilities and have been on the "job" every day. Our captain, Becky Moore, has been very efficient. She has performed her duties in an outstanding way. Her assistant, Mary Jo Minear, patrol sergeant, has ably assisted. We thank our patrol for a wonderful year.

Other patrol members are Mike Rhodes, Mike Youmans, Beverly Outhouse, Stanley Peters, Duane Graham, Kathy Garrett, Gloria Fairchild, Stanley Garris Daine Fairchild, Barbara Hutchinson, Julie Eils, Sandra Johnson, Alan Peters, Larry Briggs, Debbie Johnson, and Gary Perkins.

Nine dolls were recently given to our school by Frank Graham. One doll has six wigs of different Japanese hair styles. There are three Seminole Indian dolls whose bodies and some clothing were made from coconut fibers. Three Korean dolls called "Papa San," "Mama San," and "Boy San" were among the nine. The length of "Papa San's" pipe shows his position in society.

One Japanese doll is fairly large and another sits crying. These dolls are on display in the hall now, but next year a new cabinet will be made and they will be shown in the library.

The baseball team had a real good season this year. There were 17 boys who earned their letter. Each boy had to play two innings to earn his letter. We won six games and lost one. There was a play-off with Jacksonville. Griffin Creek won it 17 to 0. Steve Wirth and Rodney Peterson combined to pitch a no-hitter in a game with Jacksonville, score 7 to 0. We had a real close game with Howard, 4 to 3.

This spring the fourth grade room of Mrs. Mary Overturf won the Parent Teacher association room count. With the \$5 that we were given and some Student Body money, we bought a hot house. We started some flower seeds and some vegetable

seeds. When the plants get big enough and the weather gets warm enough, we are going to transplant them outside.

The fourth grade girls made cookies for the Fourth Grade tea. They were something like oatmeal cookies. They had cocoa, nuts, oatmeal, butter, sugar, and vanilla. We made them in our room on two electric frypans. They were very fun to make. Even the mothers said they were good.

The two fourth grades had the tea for their mothers. The girls in Mrs. Overturf's room made cookies and the children in Maurice Nelson's room made Kool-Aid.

Some of the boys from Mrs. Overturf's room dressed up like girls and the girls danced. Mr. Nelson's room sang and danced.

Mr. Nelson's fourth grade had a skating party. We had lots of fun, so we decided to go again with the other fourth grade class later.

Joe Poston is the third grade's "Nature Boy" for he keeps us supplied with specimens. He has brought three different kinds of lizards, a turtle, and some pillbugs.

For science, Mrs. Wilma Peabody brought some plants to school. They were seedlings, or shrubs that had lapsed, or cuttings that had rooted. We got to take them home and plant them. We hope they will grow.

June 4th, the two third grades made their annual visit to the Jacksonville museum. This trip is made as a part of our study about pioneer life in Oregon.

The two third grade classes visited the Public Library of Medford and Jackson county. Mrs. Crocker gave us a talk on care of books and showed us how to mend and repair them. Mrs. Getchell read us a story called "The Remarkable Harry." It was funny.

Mrs. Peabody's class had a program of choral reading for mothers in May. We learned 17 poems. Announcers were: Robert Porter, Karen Chambers, Craig Prewitt, Jimmy Kendle, and Nell Savage. Solo parts were given by Susan Richardson, George Wickham, Curtis Bradley, Wanda Cummons, and Peggy Keener. Sound effects were by Stephen Rogers, Joe Poston, and David Dussault.

Members of the second grade rooms gave a party for the parents. We were happy that so many came and thank everyone for helping us make it a success. We had so much fun doing it.

The second graders studied insects this year. We learned many interesting things about them. We were surprised how some insects live in colonies or cities. Insects that live in colonies are bees, ants, and termites. They are very much like people in many ways. Also, we learned that all insects have a place on earth. Although they may be pests, other creatures use them for food.

We are looking forward to summer fun. We will make it a fun time by obeying safety rules. Will you? 1. Don't swim without an adult. 2. Never eat wild berries; they may be poisonous. 3. Be careful of poison ivy and poison oak. 4. Don't play in dangerous places like streets used by cars. 5. Be careful when riding in a car. Sit down! Be quiet! Don't put your hand out of the window. Don't do tricks. 6. When riding your bike, know and obey traffic rules.

The first graders have been writing stories in Mrs. Ruth Gilbertson's room. Here are some of them.

The Ice Cream Store

We made an ice cream store. The prices are 3 cents, 6 cents, 8 cents and 9 cents. Do you have an ice cream store? We do. By Laura Anders.

We had an ice cream store. It had some ice cream cones, malted milks, and ice cream sundaes. By Brian Langdon.

We had an ice cream store to help us learn to subtract. We did learn and so did you when you were a little boy or girl. By Brenda Herman.

We have an ice cream store. I like to play in it. We like it. By Dan Kornstad.

Next Year's First Grade

Next year's first graders came to visit Friday. They came to see what school is like. We wrote invitations to the people who are coming next year. By Scott Fisher.

Kindergarten Visit

A kindergarten came to visit our room. We made hats for them. They did papers. They did a band for us and we read for them. By David Richardson.

We made a circus in the back of our room. We have all kinds of animals in cages in the back of our room. We learned circus songs in school. Some of them are funny. By Judy Keener.
