Grants Pass Hosts Two Conventions

Grants Pass - The 43rd annual convention of the Oregon Federation of Postal Clerks opened here today. Meanwhile, the annual conference of vocational agriculture teachers in the state was in its final day. Approximately 150 delegates were expected to register for the postal clerks convention. The gathering will hear talks by William Harrigan of the regional post office at Seattle; Emmett Andrews of San Francisco, vice president of the national postal clerks organization, and Vern Roney, Olympia, Wash., a national organization representative.

About 100 persons, including 100 per cent representation of all vocational agriculture teachers in the state, have attended the agricultural meeting. The organization elected new officers. They are Carl Devlin, Nysa, president; Max Smith, Harrisburg, vice president; Earl McCullom, Dallas, secretary; Kembell Tellefson, Hermiston, treasurer, and Marvin Robertson, Moro, newsletter editor.

A number of speakers from Oregon State university, including Wilbur Cooney, assistant dean of the school of agriculture, were heard by the group. An award was presented to Oscar Paulson, who is retiring as state director of vocational education.

Champaign, Ill. - (UPI) - In 1962, 122 U.S. delegates were exchanged for 126 foreign exchanges from 41 countries under the International Farm Youth Exchange. Since 1948 nearly 3,000 two-way exchanges have taken place, says the University of Illinois.

Lawyer Claims Report Submitted To Scotland Yard

London - (UPI) - A British lawyer said today that playgirl Christine Keeler had told him her Russian Embassy lover wanted her to obtain information on nuclear warheads from resigned War Minister John Profumo. Michael Eddowes said in an interview with the Evening Standard he was making this information public because of his concern that Prime Minister Harold Macmillan might not have been fully informed of this aspect of the case by the special branch of Scotland Yard. Eddowes claimed he submitted a full report of his knowledge of the relations between Miss Keeler and Capt. Eugene Ivanov, a former assistant naval attaché in the Soviet Embassy and suspected intelligence agent, last March 29.

The lawyer told the Evening Standard he had been a patient of society osteopath Dr. Stephen Ward who is in jail awaiting trial on charges of living wholly or partly on the earnings of prostitutes, and met Miss Keeler in Ward's apartment last November.

Asks for Advice
About a month later, he said Miss Keeler asked him to advise her because of an attempt by West Indian John Edgecombe, who claims to have been a lover of hers, to shoot his way into her apartment. Edgecombe was sentenced to seven years for the offense.

Eddowes said he went to see the 21-year-old playgirl. "After we had discussed the shooting," he said, according to the Evening Standard, "she told me in reply to my question that she had had an affair with both Capt. Ivanov and Mr. Profumo."

"Realizing the possible implications of this I asked: 'Did Ivanov ever ask you to get information from Mr. Profumo?'"

"She replied: 'Yes'.
Deliver Date Asked
"Anything in particular?" I asked."

"She replied: 'He asked me to obtain the date of delivery of nuclear warheads to West Germany.'"

"I asked her if she had obtained this information and she said she had not."

Asked why he had decided to make this known only three days before the House of Commons debate on a possible security risk in the Profumo scandal, Eddowes said he was doing so as a "public duty."

Recalls Home Secretary
Macmillan, whose position as prime minister depends on the outcome of the Commons debate, as does perhaps the fate of his government, summoned Home Secretary Henry Brooke back from the Channel Islands with an early morning telephone call today.

Brooke was rushed home in a naval frigate and immediately conferred with Macmillan and the lord chancellor, Lord Dilhorne, whose investigation of the Profumo case has satisfied the regime that security was not breached. Brooke is responsible for internal security.

Travel Agency's Promotional Efforts Result in \$1.6 Million Cut in Budget

Washington - (UPI) - Gift cuff links and bracelets passed out by the U.S. travel service at a cost of \$2,141 to taxpayers today cost the agency a shattering \$1.6 million.

That was the sum that the House Appropriations committee, peeved and perturbed at the agency's promotional efforts to woo foreign visitors to this country, dropped out of the travel service's proposed new \$4.2 million budget.

The congressmen said it was a heck of a way to spend the taxpayer's money and swung the economy ax to show their indignation.

The lawmakers took the action while cutting \$308 million from a \$2.1 billion appropriation the administration requested to run the State, Justice and Commerce departments and several independent agencies during the fiscal year starting July 1.

14 Per Cent Less
The committee wound up approving a \$1.8 billion bill, or 14 per cent less than President Kennedy asked.

The House group also did not think much of the way the travel service set up six overseas offices. The cost of operating the offices was \$222,382. But the congressmen noted acidly that the agency spent \$192,690 for "planning and supervision" and decorating them.

The committee took a dim view, too, of the State Department's request to add 370 employees to its payroll. All of the new jobs were denied.

The Federal Bureau of Investigation, however, battled 100 per cent, getting every penny of the \$147 million it

wanted, including an additional 550 employees.

"Director J. Edgar Hoover personally justifies the request for funds for the FBI and answers the questions concerning the details of the budget estimate," the House report said.

Note FBI Convictions
"He is accompanied before the committee by two assistants. This is in contrast with some of the other agencies which are represented by a retinue of 20 or more witnesses together with a corridor

full of backstoppers."

The lawmakers noted that convictions were obtained against 96.9 per cent of the persons brought to trial by the FBI.

The Civil Rights commission also got all of the money it requested, \$985,000. But funds for the U.S. Arms Control and Disarmament agency were reduced for this year because the House has not yet authorized its continuance.

The committee gave the U.S. Information agency all the money it requested to step up broadcasts to Latin America and Africa by the Voice of America. The agen-

cy's over-all budget was cut \$44 million, but this was still \$6.7 million more than at present.
