92 — Hereford cattle — 92 Including
32 — Cows with calves
16 — Yearling heifers
8 — Yearling steers
4 — Springer cows
1 — Reg. Polled Hereford bull

This herd of good Hereford cattle belonged to the late R. W. (Bab) Lewis. They have been carefully culled over the years and only cows that produced calves that met Mr. Lewis' standards were kept in the herd. This year's calves are proof of the success of this program. They are sired by a very good Polled bull and the cows are horned, the calves are hornless.
If you have been looking for some real honest replacement cows, be sure to look these over!
