Accident Commission Chairman Quits

Logan Refuses to Resign; Coos Bay Man to Fill Post

Lewis Gives In To MOH Demands
Salem—UPI—Industrial Accident Commission Chairman Sidney B. Lewis bowed to the governor's demands today and resigned from his \$11,700 a year position.

Commissioner Emily P. Logan insisted again today that she would not resign. Gov. Mark Hatfield last week charged both with "inefficiency in office" and demanded their resignations.

Both Lewis and Mrs. Logan initially announced they would not quit, and demanded a public hearing. **Serve Term**
William Jordan, 49, of Coos Bay was named to the commission today to serve out the unexpired term of Lewis.

Jordan is personnel manager of the Weyerhaeuser Timber Co. operation in Coos Bay.

Gov. Mark Hatfield was notified of Lewis' resignation when he arrived at La Grande today to attend the Indian Summer Festival.

Lewis told newsmen today he was quitting because the governor refused to outline reasons for the charges.

"My relationship with the governor has been destroyed by this. I can't appear at a hearing if I don't know what the charges will be. It's like running up a blind alley when there are no specific charges to fight."

Rim Drive at Lake Opens Saturday

The rim drive at Crater Lake National park will open at 9 a.m. Saturday, June 22, one week earlier than usual.

W. Ward Yeager, superintendent of the park, said today. Snow removal operations on the 35-mile drive were to be completed this afternoon. The lighter snowfall of the past winter has made possible the earlier opening of the road at this high elevation.

The lake trail from the rim parking area at Cleetwood Cove to the lake also will open Saturday to mark the beginning of the launch trips on Crater Lake. The trips are conducted by the park concessioner, Crater Lake Lodge, Inc., twice daily.

A national park service ranger-naturalist a c o n panies each launch trip explaining the natural phenomenon of the lake. Opening of the trail at Cleetwood Cove also will permit access to fishermen interested in angling for rainbow trout and kokanee salmon found in Crater lake, Yeager noted.

DOCTOR NAMED

Atlantic City—UPI—Dr. Raymond M. McKeown of Coos Bay, Ore., was named to the board of trustees of the American Medical Association Thursday. Dr. Norman Welch, Boston, was named president-elect.

FRANCE TO PULL OUT NAVAL UNITS

Paris—UPI—France has notified the North Atlantic Treaty Organization (NATO) it is pulling some naval units out of the unified NATO command, an American NATO source said today.

MACMILLAN ANNOUNCES INQUIRY

London—UPI—Prime Minister Harold Macmillan today announced a judicial inquiry into the Profumo scandal. Labor leader Harold Wilson called the plan "totally inadequate."

TERRORISTS DYNAMITE SCHOOL

Georgetown, British Guiana—UPI—Terrorists dynamited an elementary school early Thursday, setting a fire that destroyed one wing of the wooden structure but causing no injuries.

KENNEDY CONGRATULATES POPE

Washington—UPI—President Kennedy today sent his heartfelt congratulations to the new head of the Roman Catholic Church, Pope Paul VI and wished him "long years of leadership in the cause of peace."

House Committee Approves Record Defense Budget

Washington—UPI—The House Appropriations Committee approved President Kennedy's record defense spending plans today almost intact. The committee said that if war could be deterred by strength, the

Exile Commandos Join Anti-Castro Forces in Cuba

Miami—UPI—Exile commandos joined today with anti-Castro forces in Cuba where a multi-point landing successfully penetrated the island's Communist defenses.

Miami's huge Cuban refugee colony, still throbbing with excitement over Thursday's surprise announcement by the Cuban Revolutionary Council, were eagerly waiting radio reports from the commandos.

Heavily Armed
A radio broadcast from Cuba late Thursday night reported that militiamen fought with a group of eight heavily armed anti-Castroites in the vicinity of "El Camino." The broadcast did not say if the rebels were of the invading commandos or guerrillas operating in the mountains of Oriente, Las Villas and Pinar Del Rio provinces.

The broadcast said the anti-Castroites opened fire with automatic weapons late Thursday afternoon and were repelled with submachine gun fire. There was no report on casualties.

Government radio messages picked up by the UPI monitoring center here announced that three air force jets—presumably Soviet-built—had been ordered into the air and told Cuban military and naval installations to maintain "permanent vigilance."

Hawaii Newspapers Closed by Strike

Honolulu—UPI—The first daily newspaper strike in the history of Hawaii today shut down the Honolulu Advertiser and Star-Bulletin.

Some 850 members of seven newspaper craft and labor unions walked out at 6:28 a.m. (12:28 p.m. edt) following collapse of all-night negotiations. Another 150 employees also were affected.

A newspaper spokesman said no attempt would be made to publish. The Advertiser is a morning paper with 62,239 circulation; the Star-Bulletin an afternoon paper with 100,853 circulation, according to Editor & Publisher year book. The two papers jointly publish a Sunday edition with 146,540 circulation.

Plans for Civic Center Approved

Plans to establish a Civic Center in Medford including a city hall were approved last night by the Medford city council.

In a resolution calling for the establishing of the center, the council directed Mayor James Dunlevy to appoint a committee to study the entire plan of capital improvement and to determine a recommended priority list.

The plans will be a coordinated effort for review of the city's administrative staff, and the planning and park and recreation commissions. In its resolution the council stated that a grouping of public buildings in a central location in the city will be of great benefit and within the public interest.

It called for necessary steps to be taken so necessary real property may be acquired to avoid additional rising land values.

Water Carnival Events Scheduled All Day Sunday

Ashland—The Rogue valley's first water carnival is scheduled Sunday at Emigrant lake, southeast of Ashland, and the Ashland Chamber of Commerce hopes it will become an annual event.

Cheryle Meggers, who was chosen queen at last Saturday night's coronation banquet in the Mark Antony hotel ballroom, will lead the boat parade at 1 p.m.

Accompanying her will be the two runners-up, princesses Karen Wood and Loretta Whipple. The three contestants were chosen from nine finalists, after having demonstrated their water skiing skill, and having appeared in swim suit and formal gown at the banquet.

The Naval Reserve unit will compose the color guard, and the boats of all participants and contestants will form the line-up. Activities at the lake will start at 9 a.m. with slalom eliminations.

Queen's Entrance

Following the queen's entrance, the kids' ski race will begin at 1:15 p.m. The Pyramid show will be at 1:30, the slalom finals at 1:45, the exhibition at 2:15, and the women's ski race at 2:30.

At 2:45 p.m. Lon Skinner's special kite act will begin, in which Skinner will attach himself to a kite, take off from water skis, and "fly" over the lake pulled by "Bill" Wall in "Crazy Lady."

The hot boat race will be at 3, the barefoot skiing at 3:15, the men's ski race at 3:30, the exhibition skiing at 3:45, and the second heat of the hot boat race from 4 to 4:15 p.m.

No admission will be charged for spectators, and concession stands will be operated by the Rogue Aqua Ski club.

Three trophies will be awarded for each competitive event.

Summer Officially Arrives This Evening

Summer will be here at 7:04 o'clock this evening, all weather indications to the contrary.

There were suggestions that the weather man and the almanac makers had failed to get together but the season will change, according to the latter's schedule.

Irrigation District Names New Head

Grants Pass—Grants Pass Irrigation District officials have announced the appointment of Charles J. Dillon, 32, recently of Cave Junction, as district manager effective Monday.

Dillon, who has been employed as a safety engineer on construction of the Randolph Collier tunnel, replaces Neal Shaffer, who resigned June 4.

Dillon has worked for the past seven years in connection with construction projects in Arizona, Ohio, Montana and Pennsylvania.

WILL REPORT—Speaker Giovanni Leone has been named by Italian President Antonio Segni to try to form an emergency government to end a 36-day-old crisis threatening to get out of hand. Leone, a good-humored 54-year-old man, promised to report back "as soon as possible" on whether he could accept the premiership. (UPI)

Industry Heads, Union Polish New Steel Contract

Pittsburgh—UPI—America's basic steel industry and the huge United Steelworkers Union today put finishing touches on a revolutionary new contract which insures nearly two more years of labor peace.

Climaxing six months of informal negotiations, the parties announced agreement Thursday on a 21-month contract which features a unique extended vacation plan the union says will create up to 25,000 new jobs in the industry.

And for the second consecutive year the steelworkers passed up a straight wage increase for job security. **Becomes Effective**
The contract becomes effective Aug. 1 of this year. It can be reopened upon 120 days' notice anytime after Jan. 1, 1965, thus assuring labor peace in the industry during the presidential year of 1964.

The union said contracts should be signed by next week. In Washington, White House Press Secretary Pierre Salinger said President Kennedy was "gratified by the early agreement in steel." He deferred further comment.

The vacation plan will become effective Jan. 1, 1964, for half the industry's 423,000 workers. Under the setup, workers at each of the respective "big 11" steel companies ranked on the upper 50 per cent of the seniority list will receive 13 weeks vacation every five years. This is in addition to their regular vacations.

Hearings on Civil Rights Announced

Washington—UPI—Senate hearings on the controversial public accommodations section of President Kennedy's civil rights program were announced today as Sen. Barry Goldwater (R-Ariz.) was reported to have shifted his position on the issue.

Sen. Jacob K. Javits (R-N.Y.), a backer of Kennedy's program, told a news conference it now appears that Goldwater, a leading GOP presidential possibility, has "apparently abandoned his oft-stated position against new civil rights legislation."

Javits said this could be a "major breakthrough" if it means Goldwater will vote to kill an expected Southern filibuster against the program.

Everest Climbers Said Recuperating

Washington—UPI—The National Geographic Society said today two Mt. Everest climbers are recovering from frostbite and are not expected to suffer the loss of any fingers or toes.

Two of the climbers who reached the summit May 22 suffered severe frostbite and were later hospitalized at Kathmandu, Nepal. They are Dr. William Unsold of Corvallis, Ore., and Barry Bishop of Bethesda, Md.

A third member of the summit teams, Luther Jerstad of Eugene, Ore., suffered frostbite but was not hospitalized. The National Geographic Society helped sponsor the Mt. Everest expedition.

RETURN ORDERED

McMinnville—UPI—The Yamhill Plywood Co., which was struck June 6 by Local 3-213 of the International Woodworkers of America, has written union members to return to work next Monday or they will be considered fired, union sources said today.

ELECTED POPE—Giovanni Battista Cardinal Montini, 65-year-old Archbishop of Milan, Italy, was elected pope of the Roman Catholic Church today. The Sacred College of Cardinals elected Montini on

New Pontiff Was Favorite Before Balloting Began

Vatican City—UPI—Giovanni Battista Cardinal Montini today was elected pope of the Roman Catholic Church. He chose the name Paul VI.

Montini was a favored candidate before the election began. He has been the Archbishop of Milan.

The Sacred College of Cardinals elected Montini on the second day of balloting in their secret conclave inside the 16th-century Vatican Palace.

The new pontiff, a 65-year-old "liberal" intellectual and close friend of the late Pope John, is the 262nd successor to the throne of St. Peter. **Continue Support**
Montini is considered forward-looking and Vatican observers believed he would continue supporting the movements started by Pope John toward church reforms, Christian unity and improved relations with the Communist governments.

The big bronze bells of St. Peter's Basilica tolled out the joyous news as a vast crowd of more than 60,000 persons raised a cheer of "viva il papa" — long live the pope — in sunlit St. Peter's Square.

As Pope Paul VI, Montini appeared on the central balcony of the basilica for the first time in the white robes of pontiff at 12:22 p.m. (4:22 a.m. pdt).

Third Round
Eighty of the 82 living cardinals had entered the conclave. One emerged a pope in the third round of voting. Montini's election was announced from the main balcony of the basilica by Alfredo Cardinal Ottaviani, senior cardinal deacon.

For the first time in his reign, the new leader of the world's half billion Catholics says a mission "to the city and to the world."

A great roar of applause rose from the throngs after the benediction. Spotless in his white gowns draped with a richly embroidered stole, Pope Paul VI raised both his hands, palms faced towards his gravely etched face, in acknowledgement of the cheers before the benediction.

Copeland Resigns As Superintendent

Butte Falls—In effort to restore harmony to the controversial Butte Falls School District, Superintendent Charles Copeland has resigned, the Mail Tribune learned today.

The resignation was the latest development in a disagreement touched off when the Butte Falls school board voted last March not to rehire C. L. Stratton, principal of the local elementary school.

A group of residents has been trying for several months to get Stratton reinstated and to secure Copeland's resignation. The superintendent's decision to step down came after a meeting of that group and school officials Tuesday night.

At the meeting, it was learned, the representatives indicated that they would not drop their effort to get Stratton reinstated if Copeland stayed on as superintendent, but that they would drop it and use their influence to restore harmony if he did resign.

Copeland's resignation was accepted by the school board Wednesday night.

Security Measures Extended Around Hatfield Due To Threats on Life

Salem—UPI—The Governor's office denied today that Gov. Mark Hatfield had declined to participate in Rose festival activities because of threats on his life.

It was admitted however there has been some extension of security measures for the Governor. On Dec. 5, 1962, UPI learned of a threat on the Governor's life, but at the request of the Salem office of the Federal Bureau of Investigation, did not publicize the incident.

It was believed that the threat was related to the then-pending execution of the child slayer Jeannette June Freeman.

Salem—UPI—The Governor's office denied today that Gov. Mark Hatfield had declined to participate in Rose festival activities because of threats on his life.

It was admitted however there has been some extension of security measures for the Governor. On Dec. 5, 1962, UPI learned of a threat on the Governor's life, but at the request of the Salem office of the Federal Bureau of Investigation, did not publicize the incident.

It was believed that the threat was related to the then-pending execution of the child slayer Jeannette June Freeman.

At that time, the Governor had not been informed of the threat, UPI learned.

When Hatfield flew to Washington, D.C., this week to visit with President Kennedy, he was accompanied by State Police Sgt. W. F. Newall.

Rumors have circulated in Portland recently that Hatfield passed up the Rose festival parade because of threats on his life.

It is true that two mental patients who had exhibited unusual interest in the Governor were at large the week end prior to the Rose festival. Travis Cross, the Governor's press secretary, said, "One had escaped, and one
