Dean of Faculty Named for OSU

Corvallis – Dr. Edmund H. Volkart, who was appointed dean of the school of humanities and social sciences at Oregon State university last August, has been named first dean of faculty at OSU.

The appointment, subject to approval by the State Board of Higher Education, was announced by President James H. Jensen.

Volkart, a sociologist who earlier was on the staff of Stanford university, will begin his new duties July 1.

Dr. Gordon Gilkey, head of the art department, will be acting dean of the school of humanities and social sciences until a permanent appointment is made, President Jensen said. Gilkey will continue to head the art department in the interim.

Medical evidence is mounting that the greatest plague of our times may well be inactivity.
It's one reason why millions of Americans are overweight. And inactivity is also a factor in the onset of diseases of the heart and blood vessels.
Our children are not as active as they should be. They sit more than they move; they watch more than they participate.
As a result, their physical fitness has declined. Almost one-third of them can't pass minimum physical achievement tests.
What to do about it? Get them into action again! Preferably in physical education programs that include vigorous activity—for at least 15 minutes of every school day.
Investigate the program in your child's school. Discuss it with your school officials. Make sure the program is what it should be. If you would like more information, write to The President's Council on Physical Fitness, Washington 25, D.C.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.
