

Skelton's Daughter Hurt in Accident

Palm Springs, Calif. — (UPI) — Comedian Red Skelton's 17-year-old daughter, Valentina, was treated at Desert hospital Sunday for bruises suffered in a motor scooter accident.

Investigating officers said the Skelton girl's scooter spun out of control on East Palm Canyon Drive in this desert resort.

She and George Hicks II, also 17, were riding their scooters when Miss Skelton's vehicle struck some new paving and went end-over-end, and skidded some 80 feet. Miss Skelton was not hurt seriously.

A Problem for Smokey

Crises Listed That Might Occur If We Should All Stop Smoking

Washington — (UPI) — If my own circle of acquaintances is a reliable indicator, a lot of people these days are trying to give up smoking.

I have heard so much about this recently that it started me to thinking what might happen if all the people who now smoke were suddenly to stop. Here are some of the possibilities that crossed my mind:

1. All of the farmers who now grow tobacco would convert their acreage to wheat, corn and cotton. This would greatly aggravate the surplus problem and cause the Secretary of Agriculture to shoot himself.

2. A number of actors who have been appearing in cigarette commercials on television would be stuck with worthless tattoos.

3. The ceramics industry, whose main source of income is the production of ashtrays, would have to go back to keystone dolls and mustache cups.

4. Composers who make their living tuning out jingles for cigarette commercials would have to go back to writing symphonies.

5. Tobacco auctioneers would have to find jobs as hearing aid salesmen.

6. The paper match industry would go into bankruptcy.

7. Thousands of persons employed in the production of "no smoking" signs would be thrown out of work.

8. There would be a slump in the sale of dentifrices purported to remove tobacco stains from teeth.

9. Companies making cigarette lighter fluid would have to switch to the production of charcoal lighter fluid.

10. The demand for pipe cleaners would be restricted to women who use them for hair curlers.

11. Smokey, the Bear, would have to find someone else to blame for forest fires.

Members of Interim Committees Listed

Salem — (UPI) — Senate President Ben Musa named interim committees to legislative House Speaker Clarence Barton announced appointments of the committees earlier this month.

No interim committee meetings have yet been scheduled. A chairman for each committee will be elected at the group's first meeting. Named Friday by Musa were:

Tragedy Strikes For Third Time

Plattsville, Wis. — (UPI) — Marilyn Butson, 20, this week end became the third child of Mr. and Mrs. Purl Butson to die accidentally within 18 months.

She died of head injuries suffered Thursday when the horse she was riding bolted and crashed into a car. Her sister, Diane, 8, was killed June 11 in a fall from a hayloft and a brother, Melvin, died in a traffic accident in December, 1961.

Poultry Association Elects Eugene Man

Portland — (UPI) — George Lamont of Eugene was elected president of the Oregon Poultry and Hatchery association at its annual meeting during the week end.

The association went on record opposing any legislation which would provide high support prices for wheat unless it makes special provision for feed wheat prices in the Pacific Northwest at rates comparable to corn in the Midwest.

N. L. Bennion, Oregon State University poultry specialist, told the group that Oregon has the potential to pick up an extra \$248 million in annual income "if we have free wheat or feed wheat at a price comparable to corn in the Midwest."
