

ROCK FROM CORREGIDOR—General of the Army Douglas MacArthur receives a 30-pound rock from the Island of Corregidor, where he earned fame during World War II, at his hotel suite in New York. The souvenir, a gift of the Philippines, is presented by Commerce and Industry Secretary of the island nation, Rufino G. Hechanova. (UPI)

DAV Adopts New System of Paying Dues to National

A new system has been adopted by the Disabled American Veterans by which the collection of annual dues will be handled in the future. The custom has been for the local, or chapter adjutants, to collect the dues, then after retaining the amount belonging to the chapter, send the per capita tax to national headquarters. The new system works just the opposite, local DAV officials said.

An IBM system of automation in handling of records has been set up whereby dues notices are sent from the records at national headquarters to each annual member. The member is not to pay the chapter adjutant as has been the system, but should mail the dues money, and the IBM card he has received as dues notice to national headquarters. Headquarters, after holding out per capita tax for both national and state department,

will mail the chapter's share of the dues money to the member involved. The membership card is to be brought to the chapter adjutant for his signature. Members of Jackson county chapter are asked to act soon in mailing dues to national headquarters. The local adjutant has in his possession special decals for continuous membership in DAV to issue to 39 members with over 25 years, 55 with over 10 years, but less than 25, and 24 with 5 or more, but less than 10 years membership. The decals are to be attached to the membership card, and will be issued upon presentation of the card for signature.

Try and Stop Me

By BENNETT CERF

A VENERABLE bishop got tired of receiving pleas for aid from the pastor of one of his most impoverished parishes, and wrote to the pastor, "These pleas must stop. I can do nothing more for you." For a full two months, not another word was heard from the chagrined pastor. Then, one day, the bishop got another letter from him. It read, "This is not an appeal. It is a report. I have no panis."

"Sorry, madam," said a courteous ticket taker at a movie palace, "but you may not take that dog inside." "Don't be ridiculous," snapped the lady. "What possible harm can a nudist movie do a little dog like this?" Mr. Sneedle, wont to imbibe at least four martinis with every lunch, was not too spry when he wobbled back to his office. His secretary found a way of protecting him, however. She told callers sweetly, "Can Mr. Sneedle call you back later? He's still out from lunch."

FLOODS HIT ASSAM
Calcutta, India — (UPI) — Heavy rains continued today in the Kamrup district of Assam state, where the Brahmaputra river already has covered seven villages, leaving three persons dead and 15,000 homeless.

Bombay, India — (UPI) — A strike by tugboat crews paralyzed this port today as 16 ships, mostly bringing grain from the United States and military equipment from Britain, were scheduled to dock.
