Another Group Plans To Refer Revenue Measure

Albany Editor Leads Movement
Salem - (UPI) - A petition to refer the 1963 legislature's \$60 million revenue increase measure was filed at 10:15 a.m. today by J. Frankly Howard, editor of weekly newspapers in Albany and Corvallis.

It was indicated another group might also file to refer the revenue measure later today.

Wants To Keep Name
Howard said he filed the notice this morning "because I did not want any other group to use the name of our organization."

Howard is president of the Citizens Committee for Economy and Equitable Taxation. On June 17 he announced he would lead a referral movement. He filed a referral petition at that time. But the filing could not become legal until the tax measure was in possession of the secretary of state.

The way for referral was paved at 8:45 a.m. today when the tax bill and 19 other measures were delivered to the secretary of state.

Bills' Become Law
The final group of 20 bills became law at 12:01 a.m. today without the signature of Gov. Mark Hatfield.

Meanwhile, Jack Thompson, elections supervisor for the secretary of state, notified another group had notified him of intention to refer the revenue measure.

"I'm not at liberty at this time to say who it is," Thompson said.

Howard told UPI he also had heard another group planned to file a referral petition.

"That's fine with me," he said. "We'll merge with them or do whatever is necessary to get this bill referred. I don't care who does it, as long as it is done."

Thompson said as soon as a petition is filed with him, he will send the measure to Atty. Gen. Robert Y. Thornton.

10 Days To Act
Thornton has 10 days in which to assign a ballot title to the bill. Then there is a 20-day period during which the title may be questioned.

Circulation of referral petitions can begin as soon as the 20-day period ends.

The legislature set aside \$300,000 to finance a referendum election, and set Oct. 15 as the date for a possible special election.

A total of 23,185 signatures is needed to get the measure on the ballot.

Wirtz Asks Tools To Combat Job Discrimination

Negro's Economic Plight Discussed

Washington - (UPI) - Labor Secretary W. Willard Wirtz appealed to Congress today for new tools to fight job discrimination by employers and labor unions.

Wirtz said a nationwide shortage of jobs, lower qualifications of many Negro job-seekers, and racial bias were the main causes of the Negro's economic plight.

He told the House Judiciary committee that two provisions of the administration's seven-point civil rights package would attack discrimination in hiring and promotions.

The labor secretary followed Atty. Gen. Robert F. Kennedy in the witness chair to open the campaign for the President's proposals to lower racial barriers.

Says Progress Made

Wirtz said the President's Committee on Equal Employment Opportunity has made amazing strides in halting discrimination by the federal government and U. S. contractors who employ 20 million workers.

About one-fourth of newly hired workers in 105 companies which have signed anti-discrimination pledges have been from minority groups, he said. A total of 118 unions have signed similar pledges.

"Yet much remains to be done," Wirtz said. He endorsed legislation to make the presidential committee permanent and to give the President authority to block use of federal funds in any project or program that results in discrimination.

The labor secretary said a special effort was being made to get more Negroes working on federal construction sites in craftsmen's jobs.

Civil Defense Racked With Jitters as Deadline Nears

Federal Matching Fund Decision Due by Sunday

Salem - (UPI) - Federal officials today rejected Oregon's request for civil defense matching funds.

By ZAN STARK

Salem - (UPI) - A case of jitters racked Oregon's civil defense agency today as the deadline neared for a decision on whether federal matching funds would be provided.

Only seven of the agency's 18-member staff were still on the job. The others have either quit or have been laid off because of the cutback ordered by the 1963 legislature.

The legislature cut the agency to a three-member coordinating staff attached to the governor's office.

Federal officials said they would not provide matching funds so three additional staffers could be hired. Then they indicated they might change their mind.

Sunday marks the end of the current biennium. The new coordinating council takes over on Monday.

Nunn, Pittman Meet
Warne Nunn, executive assistant to Gov. Mark Hatfield, met with national civil defense director S. L. Pittman last Friday in Portland. Nunn said no decisions were reached.

Nunn said he expected the final decision earlier this week.

Agency Director Robert Sandstrom said he planned to keep himself, radio technician Joseph Vogt, and Bookkeeper Donna Casey on the staff.

He said if federal funds were approved, he also would keep radiological defense and shelter officer W. F. Coleman, information director Gerald Clausen, and property records clerk Fay Millie.

The future of 37 field hospitals, the marking of fallout shelters, and stocking shelters with emergency supplies is in doubt. Federal matching funds could keep these programs alive, he said.

Without the funds, he was not sure what would happen to these services.

Accident Scene Is Believed Hazard By Area Residents

Lawrence Delos Hull, 46, a native of Jackson county and long time orchardist in the Table Rock district, was killed at 11:55 a.m. Wednesday when struck by a loaded logging trailer in front of his home near the intersection of the Table Rock and Modoc roads.

Hull had gone to his mail box for the morning mail when the accident occurred.

Robert Fred West, 29, of 221 South B st., Eagle Point, was the driver of the truck, which was registered to Harold H. Campbell, 934 Park st., Medford, according to state police.

He had entered the curve going southwest on Table Rock rd., applied his brakes, and the brake threw broke, according to police, throwing the truck and trailer out of control. The trailer, loaded with 11 logs, struck the orchardist, killing him almost instantly.

The curve at which the accident occurred is one which has been considered a traffic hazard for several years by residents of the district. County Commissioner Edwin Taylor, who lives in the area, has recommended straightening of the curve, and two petitions, asking that speed limits be set for the area, have been presented to the county court by the Table Rock Ladies club.

Petitions Approved
Both petitions were approved by the county court, according to Commissioner Taylor, and referred to the state highway commission. Both were rejected, however, he said.

Mr. Hull, who had lived his entire life in the Table Rock district, was the son of Mrs. Lelah Hull and the late Elmer Hull. He was born July 12, 1916. He is survived by his mother; his wife, Mrs. Ann Hull, three daughters, Mrs. Regina Shay, St. Louis, Mo.; Deanna Hull, now traveling in Europe, and Marilyn Hull, at home.
