

## SHOPPING CENTER

The Cascade Shopping Center is a unique undertaking in shopping center development. The entire center has been constructed to remain compatible with native Oregon surroundings. It is designed for comfort, and certainly for ease of shopping. Realizing that the shopping center would receive a great deal of automotive traffic, the architect planned the entire development with the car and the pedestrian foremost in mind. With eight acres of parking, all stores can be reached with a MAXIMUM one half-block walk. It is also possible to shop in all Cascade Village Shopping Center stores under roof. The unusual use of arcades has made this possible.

## BATZER CONSTRUCTION

Exclusive Contractors for Cascade Shopping Center & Cascade Village Homes

### FOOD

Quality foods in all departments, customer service and assistance and a genuine interest in the customers needs has always been foremost with Mel Hall.

**Congratulations!**

### SHOPPING

Shopping at the Cascade Shopping Center can be accomplished in comfort. In addition to very short walks to all stores—all under roof—there are two pools located in the arcades, complete with chairs. These rest areas will be close to the snack bar located in the market. This snack bar will have an outside window for "take-out" orders, in addition to seating capacity inside the market.
