CASCADE VILLAGE Is NOW A COMMUNITY COMPLETE ••

CASCADE VILLAGE SHOPPING CENTER — Architect F. Jerome Hunter and Batzer Construction, General Contractor, have combined the most modern building concepts and the finest of materials in the new 16 store **CASCADE VILLAGE SHOPPING CENTER**. This unique complex features complete shopping facilities—all under roof—landscaping—rest areas and only the latest in equipment. Each store has been planned for shopping ease. All stores are air-conditioned. Materials such as the Torginal seamless flooring are featured throughout. The buildings are light and roomy and blend in with the well-planned exterior design and landscaping.

CASCADE VILLAGE HOMES—just across the highway — are within walking distance of the 16-store center. The homes are all in the moderate price range, yet contain numerous features generally seen only in higher priced homes. Cascade Village Homes are available on GI and FHA loans with minimum down payments. All homes are 3 bedroom. **CASCADE VILLAGE** residents now have the conveniences of the new shopping center and a brand new **SWIMMING POOL**. The pool, for Village area residents only, is being maintained by the Cascade Village Recreation Area, Inc.—citizens of the new community. It features a large pool, diving board, concrete deck, bath house and wading pool for the youngsters. The pool, which will be open for residents seven days a week from 1 to 9 p.m., is under the managership of Mrs. Jackie McGee who will also be the lifeguard. Mrs. McGee has had 33 years lifeguard experience.
