

Meet Brum's King Louis

My friends call me Louie and I live with Mrs. Stuart Good, 1970 Sunset drive. Wonder if there's going to be any excitement around this place today . . .

I'll just cruise around the yard a bit and see if MacDuff has any plans . . .

Lay off, MacDuff, you know perfectly well she meant this for me . . .

Well, I've matured a lot since this was taken . . .

Okay, you can have it after I'm through but not before . . .

No one else in this house has to go through silly tricks to get food . . .

Oh, hum. To get any sleep around here you have to hide.
