

WELCOME ADDITION—Custom comfort is built into this smartly styled, adjustable-back chaise. Innerspring construction of seat and back cushions, gaily-patterned, fabric-supported vinyl zippered upholstery covers and sturdy construction make this handsome outdoor furniture unit a welcome addition to any garden or patio setting.—By The Bunting Co.

OIL PERMIT ASKED
Portland — (UPI) — A fourth major oil company, Richfield, has filed for a permit to explore off-shore territories of Oregon for oil.

FOOTWEAR—Casual and comfortable for the many activities afoot this summer are these easy-on, easy-off slippers. Hand-washable, they have sailcloth uppers with lastex gores, arch cushions and crepe type outsoles (perfect for the boating crew).

BOLD FLORALS—Patio-perfect chair has big, bold florals in colors to rival nature's own. In textured vinyl upholstery designed by Jack Denst, the chair was conceived for use in indoors or out—in any informal setting.—Chair by John Straus.

This Is...
NATIONAL SAFE BOATING WEEK!

PLEASE DON'T OVERLOAD
Too many passengers swamp the boat. If you overload you may suddenly find yourself and your passengers in the water.

Hints To Anglers Help Keep Tackle In Top Condition

- Rod ferrules should be cleaned, lubricated, and re-seated, if necessary.
- Tip tops should be checked for cracks or rough surfaces.
- Winding should be checked for wear and a light coat of varnish or clear finger nail polish applied where necessary.
- Spinning reels should be disassembled and the mechanism checked, cleaned, and lubricated.
- Replace line on reels and spools, or cut back old line 10 or 15 feet.
- Remove corkscrew set from monofilament by spooling out line to casting distance and pulling on it with increasing pressure. Then rewind.
- Lures should be checked for needle sharp points. Finish should be checked for wear and polished where necessary, then varnished.

Albany Dry Kiln Building Destroyed

Albany — (UPI) — A fire here Tuesday afternoon caused an estimated \$40,000 damage to a drying kiln of Edwards Brothers Construction Co., lumber which was being dried inside.

Martin B. Edwards, manager of the plant, said the blaze was believed to have started in an electric motor in the fan room of the kiln.

The blaze, which started about 2 p.m., destroyed a 50-by-100 foot kiln and 140,000 board feet of green hemlock.

Rules of Road Are Enumerated For Bicyclists

There will be more bicycles on the road this summer than at any time in history. Some 30,000,000 two-wheelers will be singing the song of the open road as tots, teenagers and senior citizens bike their way to fun and health.

This, then, is the ideal time to take the bike out of storage place in garage or attic, clean it, oil it, and have it checked by a competent bicycle service man to see that lights and horns are working, brakes are adjusted, pedals lightened, steering mechanism adjusted, and handlegrips firmly cemented.

A tip for parents: Youngsters are apt to have grown several inches since last season. To make sure Junior has a safe as well as a healthy biking season, have your bike repairman adjust the bike's saddle and handlebars to fit Junior's new dimensions.

List Given

It's important too, that the rider be conditioned for "the road" and accordingly, the Bicycle Institute of America reminds cyclists of these 12 bike rules of the road for a safe, healthy and happy riding season:

1. Observe all traffic regulations, signs and lights.
2. Keep to the right. Ride single file.
3. For night riding, have a headlight, tail light and reflector and wear light-colored clothing.
4. Have a workable horn or bell. Maintain safe speed.
5. Watch for cars pulling into traffic. Be careful of doors opening on parked cars.
6. Never hitch on other vehicles.
7. Carry no passenger or objects which interfere with vision or control.
8. Keep your bike in perfect operating condition. Make sure brakes are functioning properly.
9. Stop, look, and listen at all intersections.
10. Use proper hand signals when stopping or turning.
11. Ride a straight line. Do not swerve or weave.
12. Avoid sidewalk riding. Always give the pedestrian the right of way.

Buildings Planned At Lewis and Clark

Portland — (UPI) — Plans for two new buildings, part of a \$6 million expansion program at Lewis and Clark College, have been announced by Dr. John Howard, president of the school. The buildings, which will cost an estimated \$2.5 million, are to be completed by 1967.
