## Unique Procedure Proposed To Arbitrate Railroad Dispute

FOR GOLDWATER — Supporters of Sen. Barry Goldwater from Cook County, Ill., display their banners and posters in Washington prior to a Goldwater for Presi-

### Oregon Traffic Claims Three During Holiday

By United Press International  
Three persons have died in Oregon traffic accidents since the Fourth of July week end began Wednesday evening. In addition another person drowned and a man died in a car fire.  
Alexander Volk, 48, Eugene, was killed Wednesday night in a one-car accident about six miles west of Burns.  
Two other persons died in Thursday traffic accidents.  
Sharon Lee Christiansen, 18, Chiloquin, was killed in a one-car crash between Sprague River and Beatty.  
Mrs. Margaret Louise Bussey, 56, Millwaukie, died as a result of injuries suffered when the car she was in crashed on a curve on the Smith River road near Reedsport.  
**Boy Drowns**  
A 13-year-old Portland boy, Lawrence Robert Adams, drowned when he fell into the South Santiam river near Sweet Home Thursday evening.  
David K. Lund, 36, Oregon City, died early today when his car burned. The Clackamas county medical examiner's office said Lund apparently had gone to sleep in the back seat after driving home when the blaze broke out.  
A United Press International count at 10:30 a.m. (pdt) today showed 188 persons had died in traffic accidents on the nation's highways since 6 p.m. Wednesday. California ran up the worst total with 21.  
**BODY FOUND**  
The Dalles — The body of Cora Engels, 63, who had been missing from the Columbia Park State Home since June 6 was found Thursday about 300 yards from the institution.

### Large Crowds Are Reported at Events In Valley on Fourth

Bands played, flags waved and bells rang in celebration of the nation's 187th birthday yesterday.  
Thousands of spectators and participants flocked to Ashland and Eagle Point for events including parades and horse shows in both communities and evening fireworks at Emigrant lake.  
An estimated 1,500 watched the parade in Eagle Point. A larger crowd viewed Ashland's parade, but no crowd estimate was available. Neil Ledward, county parks and recreation director, estimated that 2,400 viewed the fireworks display.  
Four jets from Kingsley Field zoomed over Ashland to signal the start of the parade there.  
Grand Marshal Whitland Locke headed the line of march from the Siskiyou boulevard staging area to Lithia park.  
**Continuing Ways**  
Ashland Garden club continued its winning ways by taking the 1963 sweepstakes award of \$50 for the most beautiful float in the parade. The large yellow and lavender platform centered with a floral arch of hanging bells was a blending of garden flowers and a bevy of tiny children in lavender apparel. In keeping with the parade theme, "Ring the Bells for Freedom," it was entitled "Freedom Is Their Heritage." Mrs. William Davis was chairman of the float committee of the Garden club.  
Lithia park was the center of daytime activities highlighted by the city band's program of martial arts directed by Dr. Herbert Cecil, and an address by John vonKuhlmann, a talk in which he stressed the individual citizen's obligation to his country, as well as a deeper appreciation of the meaning of freedom.  
Amusements and food, plus pony rides and carnival games, attracted hundreds to the park during the afternoon, while many attended the Ashland Wranglers' show at the Bellview arena.  
**Main Attractions**  
For other hundreds of celebrators Emigrant lake was the main attraction from morning until dark, when Ashland Jaycees brought the festivities to a spectacular climax with a fireworks display over the water.  
What could have developed into a holocaust was prevented after a grass fire got started on a hillside on the north side of the lake. Parked cars hindered extinguishing the fire in dry, tall grass.  
Ashland police reported only one serious accident which came shortly after noon in the park when 4-year-old Cherie Cady, daughter of Mr. and Mrs. Milton Cady, Central Point, fell on the balloon she was carrying, causing the stick to penetrate her eye. She was taken to Ashland Community hospital where she was treated and later released.  
Eagle Point's celebration got under way Wednesday evening when Sandra Charters was crowned Miss Eagle Point at a coronation ball.  
The Eagle Point Jaycees sponsored a breakfast yesterday morning, which was followed by the parade shortly after noon. Good crowds were reported at the Desert Pegasus horse show and at various booths and concessions during the afternoon.

### NEWS BRIEFS

ITEMS FROM AROUND THE GLOBE

**ARGENTINA PLANS NATIONWIDE ELECTIONS**  
Buenos Aires — The provisional government of President Jose Maria Guido today made final preparations for nationwide elections Sunday despite an announced boycott by followers of exiled dictator Juan D. Peron.

**KENNEDY STARTS HOLIDAY WEEK END**  
Hyannis Port, Mass. — President Kennedy settled into the easy pace of a holiday week end today and planned on a cruise aboard his yacht for the first time in several months if the good weather which greeted his arrival here held up.

### Labor Secretary Assistant Would Attend Sessions

#### Sunday Deadline For Acceptance

Washington — UPI — Labor Secretary W. Willard Wirtz today urged the railroad management and union leaders to submit their strike-threatening dispute to a unique procedure of binding negotiation on two major issues.  
Wirtz asked both the railroads and the five railroad unions to notify him by 1 p.m. (pdt) Sunday whether they would accept his proposals for settling the snarl over makeup of rail crews.  
The labor secretary asked the parties to negotiate for 20 days on both issues with Assistant Labor Secretary G. J. Reynolds participating. Reynolds would have the power to assure a settlement.  
The railroads announced earlier that they would put new work rules into effect next Thursday — and the unions said if this were done, they would strike.  
**Question of Fireman**  
The main issues in the dispute are whether firemen are needed on modern diesel engines and on the makeup of track crews. These are called the firemen and crew consist issues.  
Both of the issues would be settled on the basis of recommendations made by an emergency board, which President Kennedy appointed earlier in the dispute. The settlement would be in effect for two years during which time there would be continuing negotiations on more permanent settlement of the issues.  
The labor secretary said he recommended the two proposed settlements and urged their acceptance because both sides had indicated acceptance of the inevitability of either a nationwide railroad shutdown or the possibility of legislation by Congress to end the dispute.  
**Would Damage Economy**  
Wirtz said he could not accept only these two alternatives. He said a shutdown would damage the national economy to an extent it could not afford and legislation would result inevitably in weakening free collective bargaining.  
Wirtz emphasized that the proposals did not constitute compulsory arbitration. But he said Reynolds would have the responsibility for suggesting a solution if the parties are not able to reach one by themselves and to see that a settlement is reached.

### Table Rock Speed Limit Is Sought

The Jackson county court this morning approved a petition for formation of a speed zone through the Table Rock community.  
A petition asking for a speed zone was signed by 60 Table Rock area residents.  
The request will be forwarded to the state speed control board. Residents are requesting that the Table Rock rd. from Sams Valley highway to the Table Rock speed be posted at 45 miles per hour.  
County Engineer Robert J. Carstensen said it is not necessary to post the area since the state's understood speed limit is 45 miles per hour.  
Carstensen said he has mapped an improvement of the curve which Table Rock area residents feel is dangerous. Straightening the curve will take about three acres off the Modoc orchard property, Carstensen said.  
The county court must approve the mapped improvement before work can be started.

### White City Post Office Moves Today

Today is moving day at the White City post office, now a branch of the Medford office. The branch is moving into the building on Crater Lake highway at White City formerly occupied by the Town and Country shop which has moved into the Cascade Village Shopping center.  
Norman Jahn, formerly clerk in the Medford post office, is branch superintendent at the new installation. Zip code number for which is 97542.

**WINS CONFIDENCE**  
Rome — UPI — Italian Premier Giovanni Leone tonight won a Senate confidence vote for his stop-gap cabinet that is designed to see this politically-divided nation through the summer.

DELEGATION GREETED — Mikhail Suslov, right, chief Soviet delegate for crucial ideological talks, is shown as he greeted members of the Red Chinese delegation at Moscow airport today. Suslov is shaking hands with Red China's

chief delegate Teng Hsiao-ping as the latter's chief deputy, Peng Chen, looks on. At right behind Suslov is Pan Tau Li, Red Chinese ambassador to Moscow. (UPI)

### French President, Adenauer Fail To End Differences

Bonn, Germany — UPI — Chancellor Konrad Adenauer and French President Charles de Gaulle apparently failed at a two-day summit meeting that ended here today to settle their differences over the future of Britain's relations with the Common Market.  
A joint communique issued at the close of the meeting this afternoon did not even mention the problem.  
**To Be Considered Again**  
Spokesmen for the French and German delegations, pressed by reporters, would say only that the Common Market question was discussed and would be considered again at a ministers meeting of the six-nation economic grouping in Brussels next week.  
The Germans had insisted the question be considered at today's meeting. But the French, who had torpedoed Britain's bid to enter the Common Market were unwilling to agree here on any organized method of maintaining liaison between the market and Britain.  
French Foreign Ministry press chief Claude Lebel told questioners only that "various ideas were discussed."

### Innocent Plea Is Entered by Bibeau

Harold James Bibeau, 20, U.S. Army, Ft. Gordon, Ga., pleaded innocent in Jackson county circuit court this morning to a charge of first degree murder. Trial was set for Sept. 3.  
Bibeau was indicted last week by the Jackson county grand jury due to a technicality in the original indictment. Previously, Bibeau's trial had been set for July 8; then July 22.  
He is specifically charged in connection with the death of Russell Wadon Osborn, 49, Ashland Varsity theater's manager.  
Osborn was found in the living room of his home at 725 Walker ave., Ashland, late Saturday afternoon, April 27. Osborn had been shot in the head and strangled, according to Jackson county sheriff's deputies, who with Ashland and state police investigated the crime.  
Bibeau was apprehended in a Portland motel later.

### Martin Selected as Grants Pass Mayor

Grants Pass — Robert C. Martin, Grants Pass auto dealer and a former mayor and councilman, has been elected mayor here, succeeding Charles B. Gill Jr., who was appointed to the State Industrial Accident commission June 24.  
Martin will be sworn in July 17. Until that date, Reese Jameson, council president, will serve as mayor.  
Martin was a city councilman from 1949 to 1952 and mayor from 1953 to 1958.  
Action naming Martin mayor came on a unanimous vote of the city council Wednesday night.

WEATHER	
FORECAST:	Variable cloudiness with mid temperatures tonight and Saturday. Low tonight 55. High Saturday near 80.

Altair, high in southeast	12:05 a.m.
VISIBLE PLANETS	
Mars, low in west	11:05 p.m.
Mercury, rises	11:15 p.m.
Jupiter, low in east	1:48 a.m.
Venus, rises	4:59 a.m.

### Public Hearing on Regulations for River Trail Slated

A public hearing to discuss proposed rules for use of the Rogue River recreation area northwest of Grants Pass will be held at 1 p.m. Thursday, July 18, in the Josephine county courthouse in Grants Pass.  
The Rogue River recreation area is a 26-mile strip of public land adjacent to both sides of the lower Rogue river between Alameda bridge at Grave creek and Marial. It extends from one half to one mile from each bank of the river, and is made up of O and C lands under bureau of land management administration.  
Russel E. Getty, state director of BLM, pointed out that it is the BLM's "desire that the Rogue River recreation area be developed in such a fashion that it will complement related local, state and other federal public recreation programs."  
**Land Is Withdrawn**  
The land was withdrawn from appropriation and disposition under the public land and mineral laws and permanently dedicated to public recreation use by the BLM in 1958.  
Construction of a hiking trail on the north side of the river from Grave creek to Whiskey creek, a distance of about four miles, is not yet completed, but is expected to be finished in the near future. Unforeseen difficulties in construction delayed opening the trail July 1, as previously planned.  
Getty said that with the trail opening and subsequent increased recreation usage, establishment of basic regulations governing use of the trail and recreation area are necessary.  
Recommendations made by the Medford district office of the BLM will be presented and discussed at the public hearing, Getty noted.  
**Among Recommendations**  
Among recommendations made was one limiting use of the trail to hikers only, thus prohibiting the use of two-wheeled motor vehicles and pack and trail horse riders. This recommendation was also consistent with the recommendations of interested groups and citizens have been invited to attend the public hearing.

### JFK Acknowledges Khrushchev's Note

Hyannis Port, Mass. — UPI — President Kennedy told Soviet Premier Nikita S. Khrushchev today that he shares the Russian leader's expressed desire to "move forward with understanding" toward solution of East-West problems.  
"The world has long passed that time when armed conflict can be the solution to international problems," Kennedy told the Soviet leader.  
His remarks were in a message cabled to Khrushchev Thursday, and made public by the vacation White House today. It was a reply to the premier's message to Kennedy congratulating the United States on its July 4 celebration of the 187th anniversary of independence.  
"The American people are grateful for your message of good will," the President told Khrushchev.

### Eagle Point House Destroyed by Fire

Eagle Point — A home on Alta Vista rd. occupied by the Elmer Edward Baker family was destroyed by fire early this morning, Jackson county sheriff's deputies reported.  
Cause of the fire is not known.  
The Eagle Point Rural Fire department responded to the alarm, as did a truck from the White City station of the Central Point Rural Fire Protection district and a Pacific Power and Light company crew.  
Clothing and household articles are being collected for the family by the Antelope Social club at the home of Mr. and Mrs. Ray Ragsdale on Crater Lake highway and Alta Vista rd.

**FORMER MAYOR DIES**  
Woodburn — UPI — Harold M. Austin, former Woodburn mayor, died here today at the age of 75. He served five terms as mayor of Woodburn.

### Three Arrested, Cache of Bogus Money Seized

Oakland, Calif. — UPI — A bearded college laboratory technician is the latest person arrested in the smashup of what officers call the largest counterfeiting operation in the history of the U.S. Secret Service.  
With the arrest Thursday of Eugene Allen, 36, of San Leandro, secret service agents and Oakland police vice squad officers reported they also seized another \$200,000 in "near perfect" \$20 and \$50 bills.  
That raised the total amount confiscated to more than \$1.4 million in bogus bills.  
Allen joined two alleged accomplices in Oakland city jail. The two are Guy W. Smith, 39-year-old tavern owner, and Joseph Memoli, 40, who runs an Italian restaurant.  
A task force of 10 Oakland officers and five Secret Service agents Wednesday night grabbed Smith as he stepped from his car outside of Memoli's restaurant.  
They then battered their way into the restaurant office to grab Memoli and hundreds of fake identity cards. They also confiscated \$1.2 million in counterfeit money.  
The officers said Allen led them to the counterfeiter's "m.i.t.," an inconspicuous house here.  
Allen is an electronics engineer by training and is employed by Alameda State College, he told police.  
A police spokesman said that two more men "who have long since departed" were also being sought in connection with the ring.  
Tom Hanson, head of the San Francisco Secret Service office, told his superiors in Washington that the money represented the largest cache ever seized in the United States.

### Sale of PP&L Bonds Approved

Salem — UPI — Sale of \$30 million in first mortgage bonds and 100,000 shares of serial preferred stock by Pacific Power and Light company has been approved by the public utility commissioner, it was announced today.  
Proceeds from the sale will be applied to the retirement of notes and to redeem 90,000 shares of 6.18 per cent serial preferred stock issued in 1957.  
PP&L plans to sell the bonds and stock at competitive bidding. Bids will be invited about July 18, and opened about July 30, the PUC said.

### Hearing on Medford Budget Set Tonight

A public hearing on the proposed Medford city budget is scheduled at a meeting of the city council at 7:30 o'clock tonight in the council chambers.  
The budget to be presented today totals \$3,006,012, of which the total tax levy is \$1,150,239. The figure represents about 29 mills, which constitutes a reduction of 4 1/2 mills over last year's tax levy.  
Other hearings scheduled today concern annexation of 5.4 acres of land east of Murphy rd. and 4.7 acres south of Garfield rd., and vacation of east-west alley from Hawthorne to Genesee sts.

**Seeping Gas Fumes Bring Scare in Massachusetts**  
Woburn, Mass. — UPI — Cooling gas fumes filled thousands of homes in this city today when a faulty regulator increased gas pressure. The mayor declared a state of emergency.  
Police said they received "several thousands" telephone calls from frightened householders. Fire apparatus and rescue squads with sirens screeching sped through the city checking out reports of gas-filled homes.  
One woman was overcome by gas and taken to a hospital for treatment.  
No explosions occurred. The faulty regulator sent high pressure gas into low pressure pipes with the result that gas seeped from pipe joints.  
Gas poured out of pilot lights in gas stoves with such force that it extinguished the pilot flame. Houses with no gas appliances were filled with gas seeping from neighbors' homes with gas stoves.  
More than 4,000 homes in the city are served by gas.

### Reception for Red Chinese Delegation Cool

#### Arrival Goes Unnoticed in Press

Moscow — UPI — Soviet and Chinese Communist leaders, locked in an all-out ideological battle for leadership of the Communist world, today held their first meeting in their showdown Moscow talks.  
The Chinese delegation got a chilly reception when it arrived in an atmosphere electrified with hostility by a last-minute exchange of bitter charges.  
**Behind Closed Doors**  
The Chinese Communists and a high-level Soviet delegation went behind closed doors several hours later and met for an hour and 45 minutes.  
The first meeting was held in the modernistic "House of Receptions" in the Lenin Hills section of Moscow, where it was understood the Peking delegation will be staying during the negotiations.  
Chief Soviet delegate Mikhail Suslov, the Kremlin's senior ideologist, had suggested to the Chinese on their arrival that the first meeting be held late this afternoon, but there was no announcement where it would be held.  
Newsmen, however, finally spotted the delegates arriving at the House of Receptions and clocked them out an hour and 45 minutes later.  
The Chinese negotiating team flew in by special plane from Peking and was met at the airport by Suslov.  
**Ignored by Press**  
But the Russian press ignored their arrival altogether. Neither the official radio, the Tass news agency or the government newspaper Izvestia, announced the arrival.  
Izvestia's edition rolled off the presses four hours after the Chinese Communists arrived so there would have been sufficient time to publish news of their landing.  
It was believed today's first Sino-Soviet meeting was devoted largely to procedural and protocol matters and the delegates would get down to business Saturday.

### Election Today in Sanitary District

White City — A budget election is being held today for voters within the White City Sanitary district. Polls will be open until 8 o'clock tonight at the Central Point Rural Fire Protection district station, at Avenue G and Agate rd.  
On the ballot is a proposed 1963-64 budget of \$7,425, the same figure as the previous year's budget. A public meeting will be held at 8:10 p.m. at the fire station at which time residents are invited to ask questions about the budget.  
District directors announced that a proposed lagoon disposal system cannot be built for at least six months, because of a delay in acquisition of the necessary land.  
The land acquisition involves a trade of properties with the state game commission, for which congressional authorization is required. A bill to approve the transaction is now in congress, the directors explained.  
Meanwhile, the board has invested about \$9,000 in bond interest payment funds so that it may earn interest until needed.

### Interior of Home Is Damaged by Blaze

Kerby — The interior of a residence occupied by Mr. and Mrs. Jack Nolan burned here Wednesday evening. Only a few furniture items were saved.  
Firemen from the Illinois Valley Volunteer fire department responded at 6:45 p.m. They said the fire started in a shed behind the house. The cause was undetermined.

### Interior of Home Is Damaged by Blaze

Kerby — The interior of a residence occupied by Mr. and Mrs. Jack Nolan burned here Wednesday evening. Only a few furniture items were saved.  
Firemen from the Illinois Valley Volunteer fire department responded at 6:45 p.m. They said the fire started in a shed behind the house. The cause was undetermined.
